Complete 20th Century History for Cambridge IGCSE® & O Level

Volume III of the Cambridge History of Law in America covers the period from 1920 to the present, 'the American Century'. It charts a century of legal transformations - in the state, in legal thought and education, in professional organization and life, in American federalism and governance, in domestic affairs and international relations. It shows how, politically, socially and culturally, the twentieth century was when law became ubiquitous in American life. Among the themes discussed are innovation in the disciplinary and regulatory use of law, changes wrought by the intersection of law with explosive struggles around race, gender, class and sexuality, the emergence and development of the particularly American legal discourse of 'rights', and the expansion of this discourse to the international arena. The main focus of this last volume of the Cambridge History of Law in America is the accelerating pace of change, change which we can be confident will continue.

The Cambridge History of Law in America has been made possible by the generous support of the American Bar Foundation.

The Cambridge History of Twentieth-Century Political Thought

Written to support the 20th Century History for Cambridge GCSE student book, this comprehensive revision guide reinforces students' understanding of key topics. Up-to-date for the latest Cambridge IGCSE syllabus, it supports exam confidence and achievement with revision and exam advice from an experienced examiner. The clear approach will help learners focus on the key historical concepts, and to solidify their subject knowledge. Covering all the core topics, plus a selection of in-depth studies including the First World War, Germany, the USA and Israelis and Palestinians, the Revision Guide provides full syllabus coverage of Option B: The Twentieth Century.

Cambridge IGCSE(R) and O Level History Option B: the 20th Century Coursebook Digital Edition

This book presents a history of the international financial system in terms of the globalization debate.

Complete 20th Century History for Cambridge IGCSE

Supporting the 20th Century History for Cambridge IGCSE student book, this comprehensive revision guide breaks down complex concepts and reinforces students' understanding. It supports assessment confidence and achievement for the latest syllabus, with revision and exam advice from an experienced examiner.

History of International Relations and Russian Foreign Policy in the 20th Century (Volume II)

Explores the paradoxical image of African women as exceptionally oppressed, but also as strong, resourceful and rebellious.

The Cambridge Companion to Twentieth-Century Opera

A major new history of twentieth-century Russia by leading scholars in the field.

Conjugal Misconduct

A Twentieth-Century Crusade

This book offers a new view of the twentieth century, placing international ideas and institutions at its heart.

The Cambridge History of Russia: Volume 3, The Twentieth Century

Volume Two begins in 1660 with the restoration of King Charles II to the throne and the reestablishment of the professional theater. It follows the far-reaching development of the form over more than two centuries to 1895.

Human Rights in the Twentieth Century

This comprehensive work surveys the historical events and developments in Japan's polity, economy, society and culture.

Twentieth-Century Spain

Challenges long-held assumptions regarding the German declaration of war on the United States in December 1941.

The Cambridge History of Law in America

Cambridge IGCSE Twentieth Century History covers the Cambridge IGCSE History syllabus and relates to the Twentieth Century core content. The theme of the book is International Relations from 1919 to the end of the 20th century. Lively and accessible text is based around lead questions matching those in the Cambridge IGCSE syllabus. Essential knowledge is provided through background briefings, analysis of issues through investigations and review sections to provide opportunities for revision.

Clare Through the Twentieth Century

This Companion celebrates the extraordinary riches of the twentieth-century operatic repertoire in a collection of specially commissioned essays written by a distinguished team of academics, critics and practitioners. Beginning with a discussion of the century's vital inheritance from late-romantic operatic traditions in Germany and Italy, the text embraces fresh investigations into various aspects of the genre in the modern age, with a comprehensive coverage of the work of individual composers from Debussy and Schoenberg to John Adams and Harrison Birtwistle. Traditional stylistic categorizations (including symbolism, expressionism, neo-classicism and minimalism) are reassessed from new critical perspectives, and the distinctive operatic traditions of Continental and Eastern Europe, Russia and the Soviet Union, the United Kingdom and United States are subjected to fresh scrutiny. The volume includes essays devoted to avant-garde music theatre, operettas and musicals, filmed opera, and ends with a discussion of the position of the genre in today's cultural marketplace.

The Cambridge History of British Theatre

The twentieth century has seen great and rapid changes in society and in art. Artists have challenged all the traditional ways of seeing and depicting the world. They have grouped together in a bewildering series of movements, or followed individual and sometimes baffling preoccupations. In Rosemary Lambert's *The Twentieth Century*, the art lover is helped through the maze. Key works from Cubism and Fauvism to Pop Art and Photo Realism, from Picasso and Braque to the

Bauhaus and beyond, are explored in non-technical language. The reader is conveyed by the author's own enthusiasm towards the discovery of many fascinating parallels in the painting, sculpture and architecture of this century.

International Financial History in the Twentieth Century

"Music" referred only to the artistic, classical tradition of Western Europe and North America at the beginning of the twentieth century. However, several different traditions emerged by the end of the century. Written by experts in the field, this book surveys how the Western tradition was affected by the development of jazz, popular music, and world music and links the history of music with that of its social contexts.

Complete 20th Century History for Cambridge IGCSE® Revision Guide

An indispensable reference work for anyone interested in Latin America's economic development.

The Cambridge History of Literary Criticism: Volume 9, Twentieth-Century Historical, Philosophical and Psychological Perspectives

Table of contents

Cambridge IGCSE Modern World History

This is a much-needed new overview of Spanish social and political history which sets developments in twentieth-century Spain within a broader European context. Julián Casanova, one of Spain's leading historians, and Carlos Gil Andrés chart the country's experience of democracy, dictatorship and civil war and its dramatic transformation from an agricultural and rural society to an industrial and urban society fully integrated into Europe. They address key questions and issues that continue to be discussed and debated in contemporary historiography, such as why the Republic was defeated, why Franco's dictatorship lasted so long and what mark it has left on contemporary Spain. This is an essential book for students as well as for anyone interested in Spain's turbulent twentieth century.

Complete 20th Century History for Cambridge Igcse Print & Online Student Book

Complete support for Option B and all of the depth studies in the latest Cambridge IGCSE, IGCSE (9-1) & O Level syllabuses (0470/0977/2147). Help students develop and apply crucial historical skills with extensive source material and stimulating discussion topics.

Women in Twentieth-Century Africa

This three volume work offers a comprehensive survey of the history of economic activity and economic change in the United States, and in those regions whose economies have at certain times been closely allied to that of the US.

The Cambridge History of Japan

Has there always been an inalienable 'right to have rights' as part of the human condition, as Hannah Arendt famously argued? The contributions to this volume examine how human rights came to define the bounds of universal morality in the course of the political crises and conflicts of the twentieth century. Although human rights are often viewed as a self-evident outcome of this history, the essays collected here make clear that human rights are a relatively recent invention that emerged in contingent and contradictory ways. Focusing on specific instances of their assertion or violation during the past century, this volume analyzes the place of human rights in various arenas of global politics, providing an alternative framework for understanding the political and legal dilemmas that these conflicts presented. In doing so, this volume captures the state of the art in a field that historians have only recently begun to explore.

The Twentieth Century

This book gives readers a thorough introduction to the movements and schools of American poets in the twentieth century.

The Cambridge Economic History of the United States

Written by experienced examiners to completely cover the 20th century aspects of the Cambridge IGCSE in History, this comprehensive text covers all the relevant material and provides focused skills development to ensure students achieve their best.

20th Century History for Cambridge Igcse(r)

Giuliana Chamedes offers the first comprehensive history of the Vatican's efforts to defeat the forces of secular liberalism and communism through international law, cultural diplomacy, and a marriage of convenience with authoritarian and right-wing rulers.

The Cambridge Introduction to Twentieth-Century American Poetry

In retrospect, historical change often appears to be both logical and inevitable. Yet, as a process, as a series of moments, it is by nature open-ended. The protagonists are unaware of the potential consequences of their choices, as well as the meaning of their actions in the greater scheme of things. An individual, in real time and in the middle of events, has little scope for understanding the whole. The dynamic of a regime change involves a journey away from a particular past towards a chosen future, while the practices of the old regime are called into question. The competing visions for a better future often include a reactionary option, looking

back towards an older period, perceived as a golden age waiting to be restored. In the aftermath of a regime change the new cadres, seeking to consolidate their power, form the new conservative bloc of the society. When revolutionary forces again begin to gather, the regime disintegrates, and the cycle begins again. So far, regime changes have been analysed as unique, one-off events. This book traces what such processes, regardless of their ideological colour, have in common. How does political power change hands? What are the mental and material tools of change? From the last stages of World War I to the present Crimean crisis, the case studies in this book offer timeless insights for understanding ideological and military conflicts, including the undercurrents of the present Russo-Western relations.

Hitler's Fatal Miscalculation

Middle Eastern Societies in the 20th Century

Complete support for the 20th Century section of the IGCSE History syllabus with best-selling books and digital resources from an author you can really trust. This new edition of Ben Walsh's best-selling GCSE Modern World History provides a comprehensive textbook for Cambridge IGCSE History covering the 20th Century core content and developing the necessary skills. It provides a winning combination of features that will meet the needs of all students: - Clear, engaging and provocative author text brings the 20th Century period to life and summarises complicated history clearly without being simplistic - Focus Tasks (exactly targeting each focus point of the 20th Century part of the syllabus) steadily deepen students' understanding of the content while progressively building their history skills - Original and relevant source material - written and visual - is used for historical investigation not just for illustration - Exam Focus and Revision Tips help students acquire both the necessary content knowledge and the essential conceptual understanding In its previous editions this book has provided students with what they need to achieve their best possible results, and provided teachers with what they need to teach a rewarding and worthwhile course. It's a winning combination. It is endorsed by Cambridge International Examinations. Contents How this book will help you to succeed in Cambridge IGCSE History Section 1: Core Content Option B - International Relations since 1919 Part 1 The Inter-War Years 1919-1939 1 Were the peace treaties of 1919-23 fair? 2 To what extent was the League of Nations a success? 3 Why had international peace collapsed by 1939? Part 2 The Cold War and the Gulf, 1945-2000 4 Who was to blame for the Cold War? 5 How effectively did the USA contain the spread of Communism? 6 How secure was the USSR's control over Eastern Europe, 1948-c.1989? 7 Why did events in the Gulf matter c.1970-2000? Exam Focus: core content option B Section 2: Depth Studies 9 Germany, 1918-45 8 Russia, 1905-41 10 The USA, 1919-41 Exam Focus: depth studies This book is supported by online Teaching and Learning resources powered by Dynamic Learning. These provide extensive ICT-based activities for all key topics which will help refine students' historical thinking and focus their revision.

History for the IB Diploma Paper 2 Authoritarian States (20th

Century)

This text offers an examination of the economic history of the principal Arab countries, Turkey and Israel since 1918. Using the state as its major economic analysis, it charts the growth of national income and issues of welfare and distribution over two periods, 1918-1945 and 1945-1990. Important trends are explored, including the patterns of colonial economic management, import substitution, the impact of the 1970s oil boom, and the current process of liberalization and structural adjustment

Cambridge IGCSE® and O Level History Option B: The 20th Century Coursebook

This new Cambridge History is the first major history of twentieth-century English literature to cover the full range of writing in England, Scotland, Wales and Ireland. The volume also explores the impact of writing from the former colonies on English literature of the period and analyses the ways in which conventional literary genres were shaped and inflected by the new cultural technologies of radio, cinema and television. In providing an authoritative narrative of literary and cultural production across the century, this History acknowledges the claims for innovation and modernisation that characterise the beginning of the period. At the same time, it attends analytically to the more profound patterns of continuity and development which avant-garde tendencies characteristically underplay.

Sexuality in Europe

This second volume of The Cambridge History of Modern European Thought surveys twentieth-century European intellectual history, conceived as a crisis in modernity. Comprising twenty-one chapters, it focuses on figures such as Freud, Heidegger, Adorno and Arendt, surveys major schools of thought including Phenomenology, Existentialism, and Conservatism, and discusses critical movements such as Post-Colonialism, Structuralism and Post-Structuralism. Renouncing a single 'master narrative' of European thought across the period, Breckman and Gordon establish a formidable new multi-faceted vision of European intellectual history for the global modern age.

A History of Middle East Economies in the Twentieth Century

190394208X

Internationalisms

Exam board: Cambridge Assessment International Education Level: IGCSE Subject: History First teaching: September 2018 First exams: Summer 2020 This title is endorsed by Cambridge Assessment International Education to support Option B for examination from 2020. Sample answers to a selection of the exam-style questions can be found in the teacher's resource.

Cambridge IGCSE and O Level History 2nd Edition

This original book brings a fascinating and accessible account of the tumultuous history of sexuality in Europe from the waning of Victorianism to the collapse of Communism and the rise of European Islam. Although the twentieth century is often called 'the century of sex' and seen as an era of increasing liberalization, Dagmar Herzog instead emphasizes the complexities and contradictions in sexual desires and behaviours, the ambivalences surrounding sexual freedom, and the difficulties encountered in securing sexual rights. Incorporating the most recent scholarship on a broad range of conceptual problems and national contexts, the book investigates the shifting fortunes of marriage and prostitution, contraception and abortion, queer and straight existence. It analyzes sexual violence in war and peace, the promotion of sexual satisfaction in fascist and democratic societies, the role of eugenics and disability, the politicization and commercialization of sex, and

processes of secularization and religious renewal.

The Cambridge History of Twentieth-Century Music

This second volume, focusing on 1945-1991, unpacks the reasons for the Cold War and takes the reader through its ebbs, flows and unexpected end. How did the allies of World War II become enemies? The authors argue that the Cold War controversy could have been avoided, or at least mitigated, had the sides been guided by healthy pragmatism instead of ideology and megalomania. Contradictory relations between the superpowers, regional wars and conflicts, and the scramble to escape a nuclear Holocaust—all of this reads sometimes as a good detective story. Perestroika and Glasnost, useful as they might be, came too late to radically improve the poisonous atmosphere of enmity in East-West relations. The end of the Cold War did not mean the end of rivalry. Good will in this case did not guarantee good outcomes. As civilizational, cultural, personal and religious contradictions begin to replace economic and social divides, we need to be fully aware of our past if we are to do our best to resolve these issues.

The Cambridge Economic History of Latin America: Volume 1, The Colonial Era and the Short Nineteenth Century

With a dual focus on knowledge acquisition and skills development, it includes extensive source analysis work and is packed with original colour sources, graphs, maps and more to hold learners' attention. A dedicated chapter on exam skills fully develops all the skills directly relevant to assessment and the alternative to coursework. Including careful provision for EAL learners, a high level of detail and challenge will stretch your most able students and enable critical thinking.

The Cambridge History of Modern European Thought: Volume 2, The Twentieth Century

Comprehensive second editions of History for the IB Diploma Paper 2, revised for first teaching in 2015.

Twentieth Century History: IGCSE

Examines the experiences of couples in controversial unions and the legal and cultural backlash against contested marital arrangements in twentieth-century America. Will appeal to readers studying marriage law, gender, sexuality, class, and race in the US and those seeking historical insight into the recent debates over the definition of marriage.

Regime Changes in 20th Century Europe

This book provides a comprehensive overview of the last 100 years in the Middle East from the perspective of social history. It is apt to date the beginning of the modern Middle East to the industrialization era, while it extends its reach into the present. Taking its lead from modernization theory, this book illustrates past expectations of the present and helps to understand everyday occurrences rather

than sensational events. It adopts a multi-disciplinary perspective and concentrates on the relationship between history and social theory. From a historical perspective, the categories of social anthropology and social theory are referred to as social mobility, urbanization, migration, cultural change, gender identities and the young generation. The book addresses the primary issues of importance for the region, namely: natural and human resources; demography and its dynamics; family life; patriarchy and the emancipation of women; class structure and social mobility; ethnic and religious minorities; migration and its impact on culture and politics; refugees' problems in historical and contemporary contexts; urbanization in the Middle Eastern context; the challenges of development; and, finally, the social and political consequences of the Arab Spring.
