### **Form in Music**

A comprehensive guide to Saint-Saens' SAMSON AND DELILAH, featuring insightful and in depth Commentary and Analysis, a complete, newly translated Libretto with French/English side-by side, and over 25 music highlight examples.

### **Introduction and Rondo Capriccioso, Op. 28**

The composer Ludwig Minkus represents one of music's biggest mysteries. Who was he? Hardly anything is known about him, and yet he occupied an influential position in the theatres of the Imperial ballet in late nineteenth-century Russia. He has been recognised as a predecessor of Tchaikovsky, but as a musician is commonly held to have been so feeble as to be beneath contempt. Yet despite the scorn heaped on him, and his consequent obscurity, Minkus is far from being forgotten. Since the early 1960s his name has slowly begun to re-surface. Two works, Don Quixote (1869) and La Bayadère (1877), have been presented in their entirety for the first time to new audiences all over the world. The musical and dramatic power of both ballets has taken people by surprise. The stories have a very real human appeal, the choreography attracts the admiration of balletomanes, and the music, with its rhythm, verve, and beauty of melody, holds attention and engages the heart wherever it is heard. This introduction seeks to discover something more behind the blank façade of Minkus's life and work. What do we actually know about him as a man and as an artist? Are we able to apprehend his oeuvre as a whole, and how much can we establish from the

available material? What is the nature of the music he created for those few works that have survived the years, and that have come to the fore again recently to delight those who have ears to hear? This study includes iconography from the life and times of the composer, many musical examples from his works, and a comprehensive bibliography and discography.

### **Studi vivaldiani**

Expertly arranged Choral by Felix Mendelssohn from the Kalmus Edition series. This Choral Extended Work is from the Romantic era.

### **The Ballets of Ludwig Minkus**

The ultimate guide to classical composers and their music-for both the novice and the experienced listener Music, according to Aaron Copland, can thrive only if there are "gifted listeners." But today's listeners must choose between classical and rock, opera and rap, and the choices can seem overwhelming at times. In The Essential Canon of Classical Music, David Dubal comes to the aid of the struggling listener and provides a cultural-literacy handbook for classical music. Dubal identifies the 240 composers whose works are most important to an understanding of classical music and offers a comprehensive, chronological guide to their lives and works. He has searched beyond the traditional canon to introduce readers to little-known works by some of the most revered names in classical music-Bach, Haydn, Mozart, Schubert-as well as to the major works of lesser-known composers. In a spirited and opinionated voice, Dubal seeks to rid us of the notion of "masterpieces" and instead to foster a new generation of master listeners. The result is an uncommon collection of the wonders classical music has to offer.

Una nuova serie di racconti agili, nitidi, snelli, che corrono rapidi verso l'epilogo, da leggere tutti d'un fiato in un momento di pausa, come si sorseggerebbe un buon caffè o si fumerebbe una sigaretta. I personaggi, delineati con pochi tratti sicuri, fin dal nome, come sempre decisamente insolito, balzano fuori vividi di riga in riga e vivono attraverso i loro gesti, le loro parole, le loro azioni in un susseguirsi incessante e avvincente di situazioni. Veri e al tempo stesso surreali, ci conducono in un mondo sospeso tra realtà e fantasia, in cui è come se ci vedessimo riflessi in uno specchio deformante: i loro tratti esasperati ce li presentano come altro da noi e ci fanno sorridere, ma in un attimo il sorriso si stempera nella consapevolezza della loro e della nostra fragilità, della loro e della nostra solitudine, della loro e della nostra piccolezza. È come se la vita scorresse davanti ai nostri occhi nella sua caleidoscopica varietà, nella sua contraddittorietà e noi riuscissimo a guardarla da una prospettiva straniata che ci impedisce di essere travolti dal suo fluire e ci consente di rimanere in una condizione di sorridente leggerezza.

## **Nicolas Nabokov**

A solo, for Viola with Piano Accompaniment, composed by Jean Marie LeClair.

## **School of Music, Theatre & Dance (University of Michigan) Publications**

## **Le Guide Musical**

## **A Dictionary of Music and Musicians**

Composer, cultural diplomat, and man about town, Nicolas Nabokov (1903-78) counted among his intimate friends everyone from Igor Stravinsky to George Kennan. While today he is overshadowed by his more famous cousin Vladimir, Nicolas Nabokov was during his lifetime an outstanding and far-sighted player in international cultural exchanges during the Cold War and admired by some of the most distinguished minds of his century for his political acumen and his talents as a composer. This first-ever biography of Nabokov follows the fascinating stages of his life: a privileged childhood before the Revolution; the beginnings of a promising

musical career launched under the aegis of Diaghilev; his involvement in anti-Stalinist causes in the first years of the Cold War; his participation in the Congress for Cultural Freedom; his role as cultural advisor to the Mayor of Berlin and director of the Berlin Festival in the early 1960s; his American academic and musical career in the late 1960s and 1970s. Nabokov is unique not only in that he was involved on a high level in international cultural politics, but also in that his life intersected at all times with a vast array of people within - and also well beyond - the confines of classical music. Drawing on a vast array of primary sources, Vincent Giroud's biography opens a window into history for readers interested in twentieth-century music, Russian emigration, and the Cold War, particularly in its cultural aspects. Musicians and musicologists interested in Nabokov as a composer, or in twentieth century Russian composers in general, will find in this book information not available anywhere else.

## **Allegro ma non troppo**

### **A Dictionary of Music and Musicians (A.D. 1450-1889)**

Includes miscellaneous newsletters (Music at Michigan, Michigan Muse), bulletins, catalogs, programs, brochures, articles, calendars, histories, and posters.

### **Mathews and Liebling Pronouncing and Defining Dictionary of Music**

## **Music**

The Piano in Chamber Ensemble describes more than 3,200 compositions, from duos to octets, by more than 1,600 composers. It is divided into sections according to the number of instruments involved, then subdivided according to the actual scoring. Keyboard, string, woodwind, brass, and percussion players and their teachers will find a wealth of chamber works from all periods.

## **Allegro ma non troppo**

### **Sonata "Le Tombeau"**

A Violin solo with Piano Accompaniment composed by Camille Saint-Saëns.

## **Musical Times**

"An economist explores the five laws that confirm our worst fears: stupid people can and do rule the world"--

### **"A" Dictionary of Music and Musicians (A.D. 1450-1883)**

Piano Lessons with Claudio Arrau provides an insider's view of the art of piano performance as exemplified by one of the great artists of the twentieth century. Chilean pianist Claudio Arrau devoted his life to the piano and its music. As a child prodigy, he gained national recognition from government officials in Chile, including President Pedro Montt, who funded Arrau's education in Germany. Arrau studied in Berlin with Martin Krause, a pupil of Franz Liszt, and later immigrated to New York City where he taught and mentored a sizeable group of pupils while at the same time managing an international performing career. Arrau's profound musical insight and unique style of teaching inspired his pupils and motivated them to teach his principles to the next generation of students. This in-depth study of Arrau's principles and philosophy of technique and performance draws on information from published interviews with Arrau, from numerous interviews with Arrau's pupils, and from the author's experience in studying piano with two of them. Transcripts of actual lessons given by Arrau and preserved on tape present in his own words a detailed account of his technical and interpretive ideas about five major works of the piano repertory. References to over one hundred examples from Arrau's filmed recordings enable readers to observe the elements of Arrau's famed technique in action.
