Sri Ramana Maharshi is regarded as one of the most important Indian sages of all time. At the age of sixteen, he experienced a spiritual awakening and travelled to the holy mountain of Arunachala, where a community grew up around him. From there, he touched the lives of influential writers, artists, and seekers such as Carl Jung, Henri Cartier-Bresson, and Somerset Maugham. Today, millions around the world continue to be inspired by his teachings. Edited by his pupil Arthur Osborne, this classic work sets out Sri Ramana Maharshi's thoughts on such subjects as how to live in the here and now, wealth, freedom, knowledge, and the essence of our true nature. Self-inquiry is the key to liberation, Sri Ramana contends, as he invites us to detach ourselves from our illusions and set out on the path that leads toward enlightenment.

Literary Passports is the first book to explore modernist Hebrew fiction in Europe in the early decades of the twentieth century. It not only serves as an introduction to this important body of literature, but also acts as a major revisionist statement, freeing this literature from a Zionist-nationalist narrative and viewing it through the wider lens of new comparative studies in modernism. The book's central claim is that modernist Hebrew prose-fiction, as it emerged from 1900 to 1930, was shaped by the highly charged encounter of traditionally educated Jews with the revolution of European literature and culture known as modernism. The book deals with modernist Hebrew fiction as an urban phenomenon, explores the ways in which the genre dealt with issues of sexuality and gender, and examines its depictions of the complex relations between tradition, modernity, and religion.

A stereotype image of Nara Chandrababu Naidu has been formed in the last 40 years. His story is remarkable at every level. But often questions, which is the important story? The one where he evolves into one of the extraordinary leaders in Indian politics over four decades? Or that of an ordinary man from a farming family who worked his way to the top by keeping his family and political party together? That which reflects his political acumen, intellect, and hardwork? Or the one that unveils the person who introduced Andhra Pradesh to India? This book attempts to show how Naidu has been a quintessential survivor in Indian politics. This book analyses how Naidu's ability to combine politics and governance has touched every aspect of Indian domestic and foreign policy, from the struggle for social, technological, economic and administrative reforms to creating world-class institutions. It establishes the fact that Naidu, today, is a symbol and an embodiment of many Indias - modern, progressive, rural and cultural.

Slavery was abolished in the British empire in 1835. The demand for sugar was exploding with people consuming increasing amounts of sugar in chocolates, tea and sweets. To fuel the growing first-world sugar industry of the late 1800s, 1.3 million Indians were shipped to labor on sugarcane plantations in Mauritius, South Africa, Caribbean, Fiji and Reunion. The indenture system was not too different from slavery. Coolies labored from dawn to dusk, day after day, year after year in inhuman working and living conditions. This book is about the search for my great grandfather and the story of Indian Indenture.
