English the American Way: A Fun ESL Guide to Language and Culture in the U.S. (with Embedded Audio & MP3)

Pronounce it Perfectly in English

Optimized for use as an eBook, American Accent Training is a great training tool for classroom or for personal use! In recent years, this title has gained wide respect as a self-teaching program, but more and more speech trainers, teachers, and speech therapists report that they are also using it as a valuable teaching tool in their speech classes. This new edition now comes with audio. The program goes where no American accent training tool has gone before, providing highly innovative instruction for both students and business people. The structure of the book has been reorganized, offering students a much more clear and direct sequence of lessons and a path to better understanding. The downloadable audio component features professional male and female voices that have been carefully selected to represent authentic American pronunciation and intonation. Pronunciation exercises encompass all vowel sounds, consonants, blends, and diphthongs. Emphasis on linking, or phonetically transcribed sound liaisons, help students "see" the correct sounds. Designed for foreign-born students and business people working, traveling, or studying in the United States and Canada. Supplementary

Get Free American Accent Training 2nd Edition Book Cd

materials include detailed nationality guides for 11 languages (Chinese, Japanese, Indian, Spanish, French, German, Russian, Korean, Arabic, the U.S. Southern accent, and African languages). More valuable features include access to a comprehensive website, and referral to a qualified telephone analyst for an individual diagnostic speech analysis.

The American Accent Guide

Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of downloadable audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that

often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds.

Here's How to Do Accent Modification

English the American Way: A Fun Guide to English Language 2nd Edition

With the Common Core State Standards emphasizing listening and speaking across the curriculum, these long-neglected language arts are regaining a place in schools. For teachers, this means reexamining practices and rethinking

Get Free American Accent Training 2nd Edition Book Cd

expectations. How much do we know about teaching listening and speaking as the complex communication skills they are? How do we teach students to discuss appropriately, integrate and understand the mountains of information they receive, and express themselves clearly and effectively? In this lively and practical book, 20-year teaching veteran Erik Palmer presents an approach aligned to the six Common Core anchor standards for speaking and listening but focused on preparing students for 21st century communication inside and beyond the classroom. Here, you'll get concrete guidance for teaching and assessing * Collaborative discussion * Listening and media literacy * Questioning and reasoning * Speech presentation * Effective multimedia use * Adapting speech to different content and tasks With due respect to reading and writing, we do most of our communicating—in the classroom and in life—through listening and speaking. Filled with examples and specific activities targeted to variety of subjects and grade levels, this book is an essential resource for all teachers interested in helping students acquire core skills that cross the content areas and support long-term success.

Accent Reduction For Professionals

GOD Works Through YOU THIS BOOK is for those who have never tried to prove God, those who think they have tried, those who have tried and failed, those who still have hope and for those who are daily proving Him. This book is for YOU. The

Get Free American Accent Training 2nd Edition Book Cd

purpose of this book is fivefold: 1. To bring you into a true relationship with the Laws of God. 2. To give you a tried and true remedy for human ills, problems and needs. 3. To make real the things which you know but have not experienced. 4. To give form and substance to your prayers, treatments and desires. 5. To lead you to discover the Real You. J. Lowrey Fendrich tells the story of a Chinese philosopher who once came to a missionary and offered to pay him to translate a portion of the New Testament for him each day. The missionary agreed, and for the first lesson opened the Bible and read aloud the words, After this manner therefore, pray ye: Our Father - To his surprise the aged Chinese stopped him and said, "That will be enough for today." A year later he returned and said he was ready for the second lesson. "I thought," said the missionary, "that you employed me to read to you every day." "I did," replied the old man, "but it took me a year to understand this much." The words in this book are only challenges. The real substance of the lessons is contained between the lines. This means that you should mark, learn and inwardly digest them as you read. As Isaiah said, you will have to wait upon the Lord. You will have to condition your mind through meditation and contemplation. The more you study the lessons, the more light and understanding you will receive. "Mary kept all these things and pondered them in her heart [Soul]." One of my earliest efforts to put the Truth into print was called This Works. It has long been out of print, but requests for copies still reach me. Those who so faithfully remember the pamphlet will recognize that the material it contained is embraced by this volume. I have written half the book, but you must write the

other half - not on paper but in your daily life. It remains for you to embody the thought in your consciousness. May each hour spent in the study of these lessons bring you manifold blessings! - ROBERT A. RUSSELL Dr. Robert A. Russell was an exceptional author and had an uncanny ability to make the most difficult spiritual subjects easy to understand and apply. While known primarily for two works "GOD Works Through You" and "GOD Works Through Faith" he was in fact a prolific author with over 16 titles to his credit. We have spent the last several years tracking down his legacy of works and will be publishing them all in the coming years, each a spiritual classic in their own right. Barry J Peterson, CEO Audio Enlightenment

Pronouncing American English

A lively and accessible introduction to world Englishes, setting a range of global varieties in their historical and social contexts.

Bruce Lee's Fighting Method

Envision the ability to present a contract or proposal to your colleagues and not worrying about how you sound, confident in knowing that you've effectively masked your accent and how everyone is listening to you. With this guide, you'll

learn the easiest ways to sound more like a native speaker and dramatically improve the way you sound.

English with an Accent

Erwan Le Corre, creator of the world-renowned fitness system MovNat, is on a mission to reintroduce natural movement to our modern lives with the most ancient movement skill set: walking, running, balancing, jumping, crawling, climbing, swimming, lifting, carrying, throwing, catching, and self-defense. Try to imagine an out-of-shape tiger stepping on an exercise machine to get a workout. It doesn't make any sense, does it? Wild animals simply move the way nature intended, and they become powerful, healthy, and free in the process. So why should it be any different for us? We have become "zoo-humans," separated from nature and living movement-impooverished, unnatural lifestyles. As a result, we are suffering physically, mentally, and spiritually. Exercise has become artificial and boring--a chore, if not a punishment. We are training parts of our bodies, not the whole, and we have lost our drive for movement. What we need is not a better understanding of exercise physiology or more variety in fitness programs and modalities. What we need is simplicity, meaning, purpose, inspiration, and enjoyment. We need to get back to natural movement. In *The Practice of Natural Movement*, Le Corre demonstrates our innate and versatile ability to perform practical and adaptable movements. With countless techniques and movement

variations, as well as strategies for practicing anytime and anywhere, he will inspire you to build a naturally strong and flexible body and to form yourself anew into a mindful, skillful, and physically capable human being.

American Accent Training

Interlinear Hebrew-Greek-English Bible with Strong's Numbers, Volume 1 of 3 Volumes

Raymond Aron's 1955 masterpiece *The Opium of the Intellectuals*, is one of the great works of twentieth-century political reflection. Aron shows how noble ideas can slide into the tyranny of "secular religion" and emphasizes how political thought has the profound responsibility of telling the truth about social and political reality-in all its mundane imperfections and tragic complexities. Aron explodes the three "myths" of radical thought: the Left, the Revolution, and the Proletariat. Each of these ideas, Aron shows, are ideological, mystifying rather than illuminating. He also provides a fascinating sociology of intellectual life and a

Get Free American Accent Training 2nd Edition Book Cd

powerful critique of historical determinism in the classically restrained prose for which he is justly famous. For this new edition, prepared by Daniel J. Mahoney and Brian C. Anderson as part of Transaction's ongoing "Aron Project," political scientist Harvey Mansfield provides a luminous introduction that underscores the permanent relevance of Aron's work. The new edition also includes as an appendix "Fanaticism, Prudence, and Faith," a remarkable essay that Aron wrote to defend Opium from its critics and to explain further his view of the proper role of political thinking. The book will be of interest to all students of political theory, history, and sociology.

The American Accent Guide, 3rd Edition

Directed to speakers of English as a second language, a multi-media guide to pronouncing American English uses a "pure-sound" approach to speaking to help imitate the fluid ways of American speech.

Teaching the Core Skills of Listening and Speaking

Perfecting Your English Pronunciation

REA's English the American Way: A Fun ESL Guide to Language and Culture in the U.S. with Embedded Audio & Mp3 Download Helps English Language Learners Improve Their Skills A fun guide to everything American for the English language learner! Authored by seasoned ESL instructors, this handy guidebook is perfect for people who already have a good grasp of English, but want to improve how they speak the language as it is spoken in the United States. Written in a lighthearted and easy-to-follow style, this book is a great resource for people of all ages and all nationalities. Each unit introduces commonly used phrases, vocabulary, and verbs, and offers sample dialogs to illustrate everyday American life. Sentence completions, quizzes, tips, and illustrations make learning fun. Individual units cover topics essential to the mosaic of American life: making friends, basic skills, driving, dining out, dealing with money, home life, emergency situations, doctor visits, handling a job interview, and more. To improve your pronunciation, listen to the embedded audio that accompanies this e-book or download the Mp3. The audio contains all the dialogues and pronunciation pointers found in the book so you can listen along and practice your speaking skills as you read. The dialogues are read by native speakers and are a great way to work on accent reduction. If you're looking for a fun and easy way to improve your English language skills, this is the book for you!

Perfect Pronunciation

"Designed for busy professionals, with online audio"--Cover.

Polyglot: How I Learn Languages

Since its initial publication, *English with an Accent* has provoked debate and controversy within classrooms through its in-depth scrutiny of American attitudes towards language. Rosina Lippi-Green discusses the ways in which discrimination based on accent functions to support and perpetuate social structures and unequal power relations. This second edition has been reorganized and revised to include: new dedicated chapters on Latino English and Asian American English discussion questions, further reading, and suggested classroom exercises, updated examples from the classroom, the judicial system, the media, and corporate culture a discussion of the long-term implications of the Ebonics debate a brand-new companion website with a glossary of key terms and links to audio, video, and images relevant to the each chapter's content. *English with an Accent* is essential reading for students with interests in attitudes and discrimination towards language.

The Practice of Natural Movement

This book offers an entirely fresh approach on how to improve the clarity and quality of English pronunciation. Written by a speech pathologist, rather than a language specialist. The DVD is designed on a 'listen and repeat' basis. It allows the student to compare their sound production with that of the coach across words, phrases and sentences. There is a separate set of exercises for each of the 33 Sound Guides.

Speak English Like an American

Directed to speakers of English as a second language, a multi-media guide to pronouncing American English uses a "pure-sound" approach to speaking to help imitate the fluid ways of American speech.

Manual of American English Pronunciation

Reduce your accent when pronouncing English, with the expertise from an acclaimed specialist in the area. Developed by acclaimed speech consultant and accent specialist Susan Cameron, Perfecting Your English Pronunciation features her successful method, which focuses on the anatomical placement of sound and on the musculature used in articulation. Where other accent reduction/English pronunciation products rely on solely mimicking of audio sounds, this work focuses

Get Free American Accent Training 2nd Edition Book Cd

visually, audibly, and narratively on the physical ability to speak English, noting that many sounds of English may be difficult for you because some tongue positions used in English may not be used in your native language. The 45-minute DVD introduces you to mouth and jaw exercises to prepare you for English, then demonstrates mouth formations and tongue placement using other nonnative speakers like you. You will see and hear how English sounds--enabling you to become more and more comfortable conversing with native English speakers as you go through the program.

American Accent Training

American Accent Drills for British and Australian Speakers provides a comprehensive guide to learning a "General American" accent, made specifically for native English speakers. Unlike most American accent guides, which are geared

Get Free American Accent Training 2nd Edition Book Cd

toward ESL learners, this handbook covers only the shifts that English speakers need to make – nothing more, nothing less. In addition to vowel and consonant drills, it covers the finer points of American intonation and elision, features that often elude English speakers of other dialects. Finally, it provides exercises for "owning" the dialect, finding authenticity and making it work for each individual actor in their own way. This is an excellent resource for students of speech and dialects, actors from the UK, Australia, and New Zealand, and advanced ESL learners who need to use an American accent on screen or on stage. American Accent Drills for British and Australian Speakers also includes access to downloadable audio files of the practice drills featured in the book, to help students practice and perfect their American accent.

Improve Your American English Accent

This book and audio compact disc program instructs students of English as a second language in the elements of grammar, presenting a grammar review that emphasizes speech and correct pronunciation. The compact discs include spoken dictations for each of the book's ten chapters. Students start by writing out what they hear, and then comparing what they have written with the book's printed version. In the process, they begin learning the elements of grammar, starting with the simple present tense of the verb "to be" and progressing to all other tenses and parts of speech. Students gradually learn how to use English words and

Get Free American Accent Training 2nd Edition Book Cd

pronounce them properly in grammatically correct sentences. Following each chapter's introductory sentence, they are given a brief story. A short test at the end of each chapter helps them determine their learning progress. The dictations start out quite simple and become progressively more difficult from one chapter to the next. The book is filled with charts and illustrations to facilitate students' learning progress.

American Accent Training: Grammar with Audio CDs

Written as a guide for people who already have a basic understanding of English and want to improve their ability to speak it the way it is spoken in the United States.

The Glass Menagerie

system features an interactive CD-ROM that shows you exactly how to pronounce EVERY vowel and consonant through hundreds of video clips. The Audio CD includes over 70 minutes of material on rhythm, stress, and everyday speech patterns. The book offers 80 techniques for better pronunciation. In all, the system offers 956 guided examples. Written by world-renowned accent reduction expert, Judy Ravin.

Oxford EAP

Word by Word

This is the 3rd edition of the world-acclaimed The American Accent Guide. The American Accent Guide provides comprehensive training on the standard American accent. The materials for this program consist of a book and accompanying streaming audio. The book provides a link and an access code for the audio, which can then be streamed on any digital device. The methods and principles of this program are based on the belief that an efficient way to become a clear and effective speaker in a non-native language is to gain an understanding of the phonology (sound system) of that language. The American Accent Guide addresses the entire sound system of American English and gives thorough attention to each

Get Free American Accent Training 2nd Edition Book Cd

of its elements. These elements are: Intonation Stress Rhythm Individual vowel sounds Individual consonant sounds The program found in The American Accent Guide addresses each of these elements through a variety of engaging, interactive exercises that use everyday language in situations ranging from casual to technical and from informal to professional. The American Accent Guide is divided into eight sections, each of which contains its own numbering sequence and audio. Each section addresses a complete and distinct aspect of the American accent, so the student can potentially study each part independently. Although each section is complete in and of itself, exercises do reinforce skills addressed in previous sections. This makes studying the program in the order presented the most effective way to both understand the concepts and practice and improve one's accent. By the end of the course, learners will possess a clear idea of how to process the American accent and have the basic speaking tools required to express it. They will also be prepared to continue building their accent skills through purposeful listening to the way that native speakers of American English communicate. Who is The American Accent Guide for? Typical users of The American Accent Guide include universities, colleges, language schools, speech-language pathologists, ESL instructors, and individual learners. The program is appropriate for students representing all foreign language backgrounds, given that they possess at least a low-intermediate command of the English language. The Approach The American Accent Guide introduces the elements of American English speech in the most logical sequence, integrating each of them into natural

Get Free American Accent Training 2nd Edition Book Cd

contexts. It takes a highly complex accent system and makes it easy to understand. While practicing new speech patterns, the learner gains awareness of the underlying rules of the American English sound system. These insights facilitate continued improvement and increased fluency in standard American English. The Dialect The dialect used in The American Accent Guide is standard American English, sometimes referred to as "General American." This accent is heard widely throughout parts of the United States and Canada; it is the preferred standard in North American news media and movies. Exercises in The American Accent Guide reflect the communication style of American culture, and they incorporate common idioms and colloquialisms used frequently in everyday situations. The Audio The American Accent Guide is accompanied by clear audio featuring a mix of male and female speakers of standard American English. Audio track markers are easily located in small circles throughout the text. The entire book is available in audio form, and the program can be followed using the audio independently should the student wish to use it that way. Changes to the New Edition This new 3rd edition of The American Accent Guide builds upon the successes of the previous editions. It includes revisions with new ideas, more exercises, and a new, expanded section on the topic of word stress."

The American Accent Guide

The only complete interlinear Bible available in English-and it's keyed to Strong's Exhaustive Concordance! Thousands of pastors, students, and laypeople have found The Interlinear Bible to be a time-saving tool for researching the subtle nuances and layers of meaning within the original biblical languages. Featuring the complete Hebrew and Greek texts with a direct English rendering below each word,

Get Free American Accent Training 2nd Edition Book Cd

it also includes The Literal Translation of the Bible in the outside column. But what truly sets this resource apart are the Strong's numbers printed directly above the Hebrew and Greek words. Strong's numbers enable even those with no prior knowledge of Greek or Hebrew to easily access a wealth of language reference works keyed to Strong's-Greek/Hebrew dictionaries, analytical lexicons, concordances, word studies, and more. The Hebrew is based on the Masoretic Text and the Greek is from the Textus Receptus. The sources of the texts are documented in the preface, and are essentially the same (with some minor variations) to the Hebrew and Greek texts used by the KJV translators. Only a small minority of Bible students ever achieve the ability to read the original biblical languages. This resource offers a non-threatening tool for those lacking language training to begin exploring the languages of Scripture. Conveniently includes the entire Hebrew and Greek text of the Bible in one place Offering a concise, literal translation of each Greek and Hebrew word, it's a great jumping off point for in-depth Bible study and text analysis. This Bible displays all the Hebrew, Aramaic, and Greek words of the Bible in the Masoretic Hebrew Text and the Received Greek Text, with literal, accurate English meanings placed directly under each original word in interlinear form, with Strong's Concordance numbers over each original word, enabling the Bible student (whether knowing the original languages or not) to refer to all lexicons and concordances that have also been coded with Strong's numbers. 2,936 pages, bound in a bonded leather over boards hardback edition. This new edition has been much improved by a new typesetting of the New

Get Free American Accent Training 2nd Edition Book Cd

Testament (Volume IV), with larger print, the left marginal column containing a newly revised Literal Translation of the Bible (2000), and a right marginal column containing the Authorized/King James Version (1769). The three volume Old Testament is an exact reprint of the 1985 Hendrickson Publishers Edition. The Old Testament does not yet have the 1769 King James Version. The only complete Interlinear Bible is now fully keyed to Strong's Concordance numbers. The Strong's numbering above each Hebrew and Greek word - along with the Interlinear text and marginal literal English Translation and the 1769 Authorized King James Version - opens a treasure house of Bible study possibilities for those who wish to understand the Scripture better. It's use will allow the novice student to read the original text without losing valuable time to look up the meaning of the Hebrew & Greek words in the Hebrew & Greek lexicons. There is no substitute for a first hand knowledge of the original text. However since only a small minority of Bible students retain an easy reading comprehension of the original text, the Interlinear Bible is a welcome aid to Bible students, laymen, and pastors who wish to continue working with the original languages.

American Accent Training With Audio

Here's How to Do Accent Modification: A Manual for Speech-Language Pathologists is designed for speech-language pathologists (SLPs) working with clients on accent modification in American English. A growing number of non-native speakers are interested in improving their communication skills and SLPs need preparation to work with this clientele. The text provides copious advice and many diverse techniques for teaching accent modification, from the level of basic sounds to the level of discourse. The text emphasizes realistic goal setting, so that clients focus on becoming effective communicators as opposed to sounding exactly like native speakers. The objective is a balance between clear and natural speech. Many SLPs favor intelligibility over naturalness because of their backgrounds working with speech delayed children, but with non-native speakers this often leads to unnatural speech and listeners focus on how something is said as opposed to what is said. Here's How to Do Accent Modification is uniquely geared toward the skills and backgrounds of SLPs working with clients in a one-on-one setting, but is also an excellent introductory text for any English as a Second Language (ESL) teacher. Robert McKinney brings this unique perspective as a speech-language pathologist with degrees in both Communication Disorders and Teaching English as a Second Language. Also included with the text are numerous practical activities and worksheets for working with clients. The ebook includes audio files and video clips to demonstrate working with non-native speakers.
