Laudato Si 'is Pope Francis' second encyclical which focuses on the theme of the environment. In fact, the Holy Father in his encyclical urges all men and women of good will, the rulers and all the powerful on earth to reflect deeply on the theme of the environment and the care of our planet. This is our common home, we must take care of it and love it - the Holy Father tells us - because its end is also ours.

Pink Sari Revolution: A Tale of Women and Power in India

Eugene Berman alla Scala. Ediz. illustrata

'Mr Gorbachev, tear down this wall!' This declamation by president Ronald Reagan when visiting Berlin in 1987 is widely cited as the clarion call that brought the Cold War to an end. The West had won, so this version of events goes, because the West had stood firm. American and Western European resoluteness had brought an evil empire to its knees. Michael Meyer, in this extraordinarily compelling account of the revolutions that roiled Eastern Europe in 1989, begs to differ. Drawing together breathtakingly vivid, on-the-ground accounts of the rise of Solidarity in Poland, the stealth opening of the Hungarian border, the Velvet Revolution in Prague, and the collapse of the infamous wall in Berlin, Meyer shows that western intransigence was only one of the many factors that provoked such world-shaking change. More important, Meyer contends, were the stands taken by individuals in the thick of the struggle, leaders such as poet and playwright Vaclav Havel in Prague; Lech Walesa; the quiet and determined reform prime minister in Budapest, Miklos Nemeth; and the man who realized his empire was already lost and decided, with courage and intelligence, to let it go in peace, Soviet president Mikhail Gorbachev. Michael Meyer captures these heady days in all their rich drama and unpredictability. In doing so he provides not just a thrilling chronicle of perhaps the most important year of the 20th century but also a crucial refutation of American mythology and a misunderstanding of history that was deliberately employed to lead the United States into some of the intractable conflicts it faces today.

Magical Mischief

After receiving a mysterious telegram, Mayra must put aside her gardening and rush to an old friend's aid. But when she arrives at the reclusive village he calls home, things quickly turn surreal. Her friend has gone missing, along with his entire house. As Mayra digs deeper into his disappearance, she soon learns that not everything is good in the tranquil-appearing hamlet. Not only that, but her sudden arrival may have put herself in danger of vanishing, as well!

Coffee Sapiens

Following on the success of her books on Brunello di Montalcino, renowned author and wine critic Kerin O'Keefe takes readers on a historic and in-depth journey to discover Barolo and Barbaresco, two of Italy's most fascinating and storied wines. In this groundbreaking new book, O'Keefe gives a comprehensive overview of the stunning side-by-side growing areas of these two world-class wines that are separated only by the city of Alba and profiles a number of the fiercely individualistic winemakers who create structured yet elegant and complex wines of remarkable depth from Italy's most noble grape, Nebbiolo. A masterful narrator of the aristocratic origins of winemaking in this region, O'Keefe gives readers a clear picture of why Barolo is called both the King of Wines and the Wine of Kings. Profiles of key Barolo and Barbaresco villages include fascinating stories of the families, wine producers, and idiosyncratic personalities that have shaped the area and its wines and helped ignite the Quality Wine Revolution that eventually swept

through all of Italy. The book also considers practical factors impacting winemaking in this region, including climate change, destructive use of harsh chemicals in the vineyards versus the gentler treatments used for centuries, the various schools of thought regarding vinification and aging, and expansion and zoning of vineyard areas. Readers will also appreciate a helpful vintage guide to Barolo and Barbaresco and a glossary of useful Italian wine terms.

The New Complete Book of Self-Sufficiency

In this unconventional and accessible history, Italian best-seller Alberto Angela literally follows the money to map the reach and power of the Roman Empire. To see a map of the Roman Empire at the height of its territorial expansion is to be struck by its size, stretching from Scotland to Kuwait, from the Sahara to the North

Sea. What was life like in the Empire, and how were such diverse peoples and places united under one rule? *The Reach of Rome* explores these questions through an ingenious lens: the path of a single coin as it changes hands and traverses the vast realms of the empire in the year 115. Admired in his native Italy for his ability to bring history to life through narrative, Alberto Angela opens up the ancient world to readers who have felt intimidated by the category or put off by dry historical tomes. By focusing on aspects of daily life so often overlooked in more academic treatments, *The Reach of Rome* travels back in time and shows us a world that was perhaps not very different from our own. And by following the path of a coin through the streams of commerce, we can touch every corner of that world and its people, from legionnaires and senators to prostitutes and slaves. Through lively and detailed vignettes all based on archeological and historical evidence, Angela reveals the vast Roman world and its remarkable modernity, and in so doing he reinforces the relevance of the ancient world for a new generation of readers.

NOW A MAJOR MOTION PICTURE The #1 bestselling author of *Saturday* and *Atonement* brilliantly illuminates the collision of sexual longing, deep-seated fears and romantic fantasy in his unforgettable, emotionally engaging novel. The year is 1962. Florence, the daughter of a successful businessman and an aloof Oxford academic, is a talented violinist. She dreams of a career on the concert stage and of the perfect life she will create with Edward, the earnest young history student she met by chance and who unexpectedly wooed her and won her heart. Edward grew up in the country on the outskirts of Oxford where his father, the headmaster of the local school, struggled to keep the household together and his mother, brain-damaged from an accident, drifted in a world of her own. Edward's native intelligence, coupled with a longing to experience the excitement and intellectual fervour of the city, had taken him to University College in London. Falling in love with the accomplished, shy and sensitive Florence--and having his affections returned with equal intensity--has utterly changed his life. Their marriage, they believe, will bring them happiness, the confidence and the freedom to fulfill their true destinies. The glowing promise of the future, however, cannot totally mask their worries about the wedding night. Edward, who has had little experience with women, frets about his sexual prowess. Florence's anxieties run deeper: she is overcome by conflicting emotions and a fear of the moment she will surrender herself. From the precise and intimate depiction of two young lovers eager to rise above the hurts and confusion of the past, to the touching story of how their unexpressed misunderstandings and fears shape the rest of their lives, *On Chesil*

Beach is an extraordinary novel that brilliantly, movingly shows us how the entire course of a life can be changed--by a gesture not made or a word not spoken.

Jocelyn uccide ancora è un almanacco tanto divertente quanto perturbante: racconti comici, siparietti dadaisti, parodie letterarie, cronache dall'adolescenza profonda, poesie, canzoni alla moda rivoltate e molto altro. Inizia con una lucidissima Anna Frank che si trova costretta a nominare un parente per la deportazione ad Auschwitz, in una tragica parodia dei reality moderni. È lì che si apre il gorgo dove poco a poco prendono a vorticare personaggi dello spettacolo e gente comune, carabinieri fraintendenti e gorilla giocherelloni, malati di Alzheimer e ricordi del liceo, pizza no limits e favole horror. In questa spirale infernale si ride sempre più forte e sempre più amaro, non si salva nessuno: un glaciale Nanni Moretti fa compagnia al compianto Dario Fo e alla sua claqué di narcisi dell'estremo saluto, le rockstar glitterate precipitano assieme ai ventilatori, alle coppie scambiste, a un Gesù parecchio irascibile e all'autore stesso, che non esita a collocarsi tra i dannati in un crescendo di nevrosi. L'unica consolazione in questa caduta a capofitto verso il nulla è continuare a guardare il mondo, divorarlo, fagocitare la realtà e trasformarla in un Altroquando dove non esistono più schemi, schermi e vincoli, dove tutto si può dire e reinterpretare e ricreare. Lo Sgargabonzi è uno scrittore elegante e feroce, un comico assolutamente originale che rifiuta ogni strada già battuta, e diverte da un luogo situato oltre i confini rassicuranti della consuetudine e del buonc Costume.

Beetlejuice: Handbook for the Recently Deceased Hardcover Ruled Journal

Averno is a small crater lake in southern , regarded by the ancient Romans as the entrance to the underworld. That place gives its name to Louise Glück's eleventh collection: in a landscape turned irretrievably to winter, it is the only source of heat and light, a gate or passageway that invites traffic between worlds while at the

same time opposing their reconciliation. *Averno* is an extended lamentation, its long, restless poems no less spellbinding for being without plot or hope, no less ravishing for being savage, grief-stricken. What *Averno* provides is not a map to a point of arrival or departure, but a diagram of where we are, the harrowing, enduring presence. *Averno* is a 2006 National Book Award Finalist for Poetry.

Celebrated landscape architect Gilles Clément may be best known for his public parks in Paris, including the Parc André Citroën and the garden of the Musée du Quai Branly, but he describes himself as a gardener. To care for and cultivate a plot of land, a capable gardener must observe in order to act and work with, rather than against, the natural ecosystem of the garden. In this sense, he suggests, we should think of the entire planet as a garden, and ourselves as its keepers, responsible for the care of its complexity and diversity of life. "The Planetary Garden" is an environmental manifesto that outlines Clément's interpretation of the laws that govern the natural world and the principles that should guide our stewardship of the global garden of Earth. These are among the tenets of a humanist ecology, which posits that the natural world and humankind cannot be understood as separate from one another. This philosophy forms a thread that is woven through the accompanying essays of this volume: "Life, Constantly Inventive: Reflections of a Humanist Ecologist" and "The Wisdom of the Gardener." Brought together and translated into English for the first time, these three texts make a powerful statement about the nature of the world and humanity's place within it.

A reexamination of postwar Italian visual culture through the life of artist and critic Fabio Mauri This book takes the life of the Italian multimedia artist and writer Fabio Mauri (born 1926) and the history of his family--a publishing dynasty with close connections to radical Italian art, poetry, cinema, philosophy and literature--as a starting point for a reexamination of the forces shaping Italian visual culture between the end of the Second World War and the "Years of Lead. Before or After, at the Same Time combines commissioned essays and first person accounts with translated writings from the period to explore the ideas circulating in Rome and Milan in the 1950s and '60s. In doing so, it provides an alternative, anecdotal and partial perspective on a turbulent period, drawing attention to the pivotal personal and professional networks that shaped postwar Italian art. Particular focus is given to the relationship between the American and Italian art scenes in the intersection of different artistic disciplines, and the influence of Roman and Milanese cultures on the artists working in the cities.
