A Priest from the Prairies of Minnesota

In the art of it there is a reflection of life as it is found across the breadth of nature. The verses within this work are inspired to teach of this universal transcendency we call life. They will be of a purpose by which the reader may learn of him/herself the greater being by which we are a part. Virtue is but the entire whole being greater than the sum of its parts. Alike a loaf of bread made from scratch, each ingredient is bitter and displeasing, yet when carefully added together, given time to bake, then those ingredients comprise a nutritious completion. So a true poem may be of words that teach of an understanding which is greater than the words used to create the verse. Inspiration is but the essence of an artistic creation, and the creator is but the vehicle of such. There we will learn by a work of creativity the nature of life as is understood through nature, truth and beauty. For it is but these qualities which created the greater universe by which we all belong. Live by virtue and there will illumine the entire resolution of any conflict. Within poetry is presented a problem and throughout the verse to the very ending is a solution to this problem, giving the reader understanding and benefit. Learn by art and the never-ending process of life will become more and more complete, like a loaf of bread.

Exposing the social and political landscape of homelessness in Fresno, *Dispatches from the War Zone* offers the reader a rare opportunity to understand this issue from the perspective of the homeless, their allies and an investigative journalist who closely followed this story for more than 10 years. What at first appeared to be builders and developers working with Fresno City Hall and the police to move the homeless to more remote areas of town turns into something else entirely. We find government corruption, a class action lawsuit against the city for its unconstitutional attacks against the homeless and the suspicious death of Pamela Kincaid, the lead plaintiff in the legal action. Originally, it was the federal government's de-funding of affordable housing in the early 1980s that led to today's homeless crisis. The book examines those structural reasons for homelessness but also looks at what grassroots groups in Fresno, working on alternatives, have accomplished. Although the end to homelessness has been elusive for those groups doing business as usual, the paradigm shifts this book suggests give new hope that a better world is possible. There is a pathway to ending homelessness and treating all people with the dignity and respect they deserve.

Based on a TRUE story Finally, she speaks ...After three hundred years of silence, Virginia's only convicted witch finally speaks! And the story she tells varies substantially from the rumors and wild speculation that have passed for truth concerning Grace Sherwood's famous 1703 witchcraft trial. For indeed, Grace's accusers suffered long after the trial ended, but it was not as a consequence of magic, but rather, from their own boundless greed. But what of those who follow? How long will a curse last? Richard Hill is about to find out when he moves to Virginia Beach in 2005 to rebuild his life. And they that are left of you shall pine away in their iniquity in your enemies' lands; and also in the iniquities of their fathers shall they pine away with them. Leviticus 26:40

Synopsis Rest Stop is a 250 page realistic novel based on real characters I knew while I served my time in prison. It is about the convicts I lived with on a daily basis. The book starts off in prison and gives insight of the living conditions. It tells of the games that are needed in order to survive. It explains the brotherhood that forms between cell mates and the cliques you become part of, not by choice but

out of necessity. Following a fight and a stabbing, the four inmates who are held responsible are being transported from a minimum security location to the main prison when they escape. The escape convicts come up with a plan to take over a rest-area on Interstate 15. It was just a few miles from Las Vegas. They figured that the people going to Vegas would have lots of cash on them. Their plan was to rob them and use the money to get out of the country. It is a long way from Oregon State Penitentiary to Las Vegas. A big part of the story takes place on the trip to get to the rest stop, with robbery, murder and rape along the way. The driving force behind the story is the dialog and vivid thought process, not only from the convicts but from the victims. Each chapter gives insight to the mind set and words of the escaped convicts, along with the Warden, the State Police and the Federal agent who is always just one step behind the inmates. The novel begins with a thrilling, fast paced opening. It holds the excited pace up to an unforgettably tense conclusion. Each chapter ends in a poem I wrote while in prison and coincides with the story. The epilogue leaves room for a sequel for a second book. But everything changes when his parents reveal that he has to move to a new house in just 3 weeks. Devastated, he shuts himself away, and relapses on some of the negative behaviors that he's been struggling with for years. And when the move finally happens, he finds the whole situation to be more stressful than he thought. His two cousins live with him, he's moved away from his best friend, Marcus, and his neighbor happens to be his age, a bubbly girl by the name of June. He tries to push her away, but little does he know that June will have a huge impact on his life.
