“With their intellectual brilliance, humor and wonderful eye for detail, Leonard Bernstein’s letters blow all biographies out of the water.”—The Economist (2013 Book of the Year) Leonard Bernstein was a charismatic and versatile musician—a brilliant conductor who attained international superstar status, and a gifted composer of Broadway musicals (*West Side Story*), symphonies (*Age of Anxiety*), choral works (*Chichester Psalms*), film scores (*On the Waterfront*), and much more. Bernstein was also an enthusiastic letter writer, and this book is the first to present a wide-ranging selection of his correspondence. The letters have been selected for the insights they offer into the passions of his life—musical and personal—and the

extravagant scope of his musical and extra-musical activities. Bernstein's letters tell much about this complex man, his collaborators, his mentors, and others close to him. His galaxy of correspondents encompassed, among others, Aaron Copland, Stephen Sondheim, Jerome Robbins, Thornton Wilder, Boris Pasternak, Bette Davis, Adolph Green, Jacqueline Kennedy Onassis, and family members including his wife Felicia and his sister Shirley. The majority of these letters have never been published before. They have been carefully chosen to demonstrate the breadth of Bernstein's musical interests, his constant struggle to find the time to compose, his turbulent and complex sexuality, his political activities, and his endless capacity for hard work. Beyond all this, these writings provide a glimpse of the man behind the legends: his humanity, warmth, volatility, intellectual brilliance, wonderful eye for descriptive detail, and humor. "The correspondence from and to the remarkable conductor is full of pleasure and insights."—The New York Times Book Review (Editors' Choice) "Exhaustive, thrilling [and] indispensable."—USA Today (starred review)

Devoted to one of the very sensitive among the figures crowding the contemporary fashion scene, this book recounts in pictures and words the development of Antonio Marras' ideas and creative output. Talking about his work, he himself says: "Memories, traces, impressions, and perhaps tears too, are mixed up in the many

lives each of us lives. To get going in my work I always need a story to tell." This is the reason why Antonio Marras's work is capable of bringing together all the contrasts out of which our present existence is blended-local and global, traditional and innovative, past and future-and of putting them continually to the test with a very strong feeling for material and form. His clothes and collections reflect an unmistakable style that is recognized all over the world.

Those long summer days and weekends spent with our best friends can be among the happiest memories of childhood. But the art of making friends isn't a skill that is taught in most schools. Teaching children how to be good friends and cultivate healthy friendships is the work of parents, teachers, coaches, ministers, and caring adults. In *How to Be a Friend: A Book about Friendship . . . Just for Me!*, author, Molly Wigand, introduces children to those values that make for good friendships—loyalty, trust, and honesty—and to how they can become a good friend to others.

"Maria Toorpakai is a true inspiration, a pioneer for millions of other women struggling to pave their own paths to autonomy, fulfillment, and genuine

personhood." --Khaled Hosseini, author of *The Kite Runner*, *A Thousand Splendid Suns*, and *And the Mountains Echoed* Maria Toorpakai hails from Pakistan's violently oppressive northwest tribal region, where the idea of women playing sports is considered haram-un-Islamic-forbidden-and girls rarely leave their homes. But she did, passing as a boy in order to play the sports she loved, thus becoming a lightning rod of freedom in her country's fierce battle over women's rights. *A Different Kind of Daughter* tells of Maria's harrowing journey to play the sport she knew was her destiny, first living as a boy and roaming the violent back alleys of the frontier city of Peshawar, rising to become the number one female squash player in Pakistan. For Maria, squash was more than liberation-it was salvation. But it was also a death sentence, thrusting her into the national spotlight and the crosshairs of the Taliban, who wanted Maria and her family dead. Maria knew her only chance of survival was to flee the country. Enter Jonathon Power, the first North American to earn the title of top squash player in the world, and the only person to heed Maria's plea for help. Recognizing her determination and talent, Jonathon invited Maria to train and compete internationally in Canada. After years of living on the run from the Taliban, Maria packed up and left the only place she had ever known to move halfway across the globe and pursue her dream. Now Maria is well on the way to becoming a world champion as she continues to be a voice for oppressed women everywhere.

In a business where great risks, huge fortunes, and even bigger egos are common, Larry Ellison stands out as one of the most outspoken, driven, and daring leaders of the software industry. The company he cofounded and runs, Oracle, is the number one business software company: perhaps even more than Microsoft's,

Oracle's products are essential to today's networked world. But Oracle is as controversial as it is influential, as feared as it is revered, thanks in large part to Larry Ellison. Though Oracle is one of the world's most valuable and profitable companies, Ellison is not afraid to suddenly change course and reinvent Oracle in the pursuit of new and ever more ambitious goals. *Softwar* examines the results of these shifts in strategy and the forces that drive Ellison relentlessly on. In *Softwar*, journalist Matthew Symonds gives readers an exclusive and intimate insight into both Oracle and the man who made it and runs it. As well as relating the story of Oracle's often bumpy path to industry dominance, Symonds deals with the private side of Ellison's life. From Ellison's troubled upbringing by adoptive parents and his lifelong search for emotional security to the challenges and opportunities that have come with unimaginable wealth, *Softwar* gets inside the skin of a fascinating and complicated human being. With unlimited insider access granted by Ellison himself, Symonds captures the intensity and, some would say, the recklessness that have made Ellison a legend. The result of more than a hundred hours of interviews and many months spent with Ellison, *Softwar* is the most complete portrait undertaken of the man and his empire -- a unique and gripping account of both the way the computing industry really works and an extraordinary life. Despite his closeness to Ellison, Matthew Symonds is a candid and at times highly critical observer. And in perhaps the book's most unusual feature, Ellison responds to Symonds's portrayal in the form of a running footnoted commentary. The result is one of the most fascinating business stories of all time.

Museums of contemporary art are expanding and in crisis. They attract ever-larger audiences, architects constantly redesign them, and the growing number of artists is producing more massively than ever; at the same time museum funds are dwindling in the economic crisis and an overheated art market. The question of which art is to be collected is also becoming a more openly discussed topic in a globalized art world. How do curators meet these challenges? What opinion do the artists have of their relationship to the museum? How do practitioners navigate between ideas, ideals, and realities? This publication gathers together interviews with international artists, architects, and curators of the contemporary art world,

In 2011, Arab youth took to the streets in their thousands to demand their freedom. Although it is too early to speculate on the ultimate outcome of the uprisings, one auspicious feature stands out: they reveal the genesis of a new generation sparked by the desire for civil liberties, advocacy for human rights, and participatory democracy. This unique volume explores some of the antecedents of the upheavals and anticipates alternative venues of resistance that marginalized youth - from Lebanon, Syria and Palestine to Saudi Arabia, Morocco and Iran - can mobilize to realize their emancipatory expectations. Themes covered include the forging of meaningful collective identities in times of risk and uncertainty; youth

militancy, neighborhood violence and youth gangs; the surge of youthful activism; and youths' expressive outlets through popular arts and street music.

An Introduction to Sustainability provides students with a comprehensive overview of the key concepts and ideas which are encompassed within the growing field of sustainability. The book teases out the diverse but intersecting domains of sustainability and emphasises strategies for action. Aimed at those studying the subject for the first time, it is unique in giving students from different disciplinary backgrounds a coherent framework and set of core principles for applying broad sustainability principles within their personal and professional lives. These include: working to improve equality within and across generations, moving from consumerism to quality of life goals and respecting diversity in both nature and culture. Areas of emerging importance such as the economics of happiness and wellbeing stand alongside core topics including: Energy and society Consumption and consumerism Risk and resilience Waste, water and land. Key challenges and applications are explored through international case studies and each chapter includes a thematic essay drawing on diverse literature to provide an integrated introduction to fundamental issues. Launched with the brand-new Routledge Sustainability Hub, the book's companion website contains a range of features to engage students with the interdisciplinary nature of Sustainability. Together these

The inimitable Alan Bennett selects and comments upon six favorite poets and the pleasures of their works In this candid, thoroughly engaging book, Alan Bennett creates a unique anthology of works by six well-loved poets. Freely admitting his own youthful bafflement with poetry, Bennett reassures us that the poets and poems in this volume are not only accessible but also highly enjoyable. He then proceeds to prove irresistibly that this is so. Bennett selects more than seventy

poems by Thomas Hardy, A. E. Housman, John Betjeman, W. H. Auden, Louis MacNeice, and Philip Larkin. He peppers his discussion of these writers and their verse with anecdotes, shrewd appraisal, and telling biographical detail: Hardy lyrically recalls his first wife, Emma, in his poetry, although he treated her shabbily in real life. The fabled Auden was a formidable and off-putting figure at the lectern. Larkin, hoping to subvert snooping biographers, ordered personal papers shredded upon his death. Simultaneously profound and entertaining, Bennett's book is a paean to poetry and its creators, made all the more enjoyable for being told in his own particular voice. its creators, made all the more enjoyable for being told in his own particular voice.

Every island thrives on its clichés. The name Madeira stands for a heavy drop of wine which might have had its time a long time ago, yet is still praised by many a connoisseur. The island's all-year-round mild climate helped Madeira be awarded the decorative suffix »floating floral island in the Atlantic«. Bird of paradise and torch lilies, daisies and hydrangea leave no doubt: Madeira is rich in flowers like no other island. And secretly the Atlantic beauty has developed into a hiking paradise of the special kind. The first Portuguese word which hikers learn on Madeira is bound to be »levada«. Levada hiking is surely unique on the whole world. A sophisticated network of narrow irrigation canals runs across the entire island. The

maintenance paths installed next to canal trenches allow the convenient discovery of Madeira without great altitude all the way to the most remote corners. Around half of the tours introduced in this guide are Levada excursions. They lead through fertile land cultivating sugar cane, bananas, vine and exotic fruit, past artistic terraces modelled into the island's rugged topography, which awaken associations of Bali or the Philippines. Rushing cascades and impressive ravines are found equally by the wayside as are rough, declining cliffs and marshy high-moor bogs. The still natural valley to the north of the island offers a sumptuous evergreen subtropical vegetation comprising fern meadows, lauraceae forests and heather shrubs that convey the feeling of walking through an emerald green tunnel. With all the fascination for the Levada paths it should not be forgotten that the volcano island also is a fabulous territory for mountaineers. The nearly 1900m high central massive holds routes for all demands. Very alpine is the triple summit tour from the Arieiro over the Torres to the Pico Ruivo. The stretch, which has been spectacularly chiselled into the rock, can justifiably be considered the tour of kings. Next to various shepherd paths and adventurous coastal ascents there are so-called »veredas«, i.e. old paths linking villages, which used to be the sole access to remote locations until a few decades ago only, crossing valleys deep and mountains high. A typical feature are the rounded steps of the paved paths -lovingly called »ox hoof plaster« by local Madeirans.

Haunted by memories of his own turbulent time in the classroom, Pennac enacts dialogues with
