Frankenstein Or the Modern Prometheus

"As the night advanced, a fierce wind arose from the woods, and quickly dispersed the clouds that had loitered in the heavens: the blast tore along like a mighty avalanche, and produced a kind of insanity in my spirits, that burst all bounds of reason and reflection. I lighted the dry branch of a tree, and danced with fury around the devoted cottage, my eyes still fixed on the western horizon, the edge of which the moon nearly touched. A part of its orb was at length hid, and I waved my brand; it sunk, and, with a loud scream, I fired the straw, and heath, and bushes, which I had collected. The wind fanned the fire, and the cottage was quickly enveloped by the flames, which clung to it, and licked it with their forked and destroying tongues." -----

The mutated hybrid of Enlightenment optimism and Gothic cynicism - of humanism and environmentalism

Download Free Frankenstein Or The Modern Prometheus By Mary Shelley File Type

- Frankenstein offers a chilling postmortem of humanity's confident drive to master and operate the cosmos' generative and degenerative functions. The disastrous fable of man's bastardization of nature is as much a tragedy of the neglected offspring of human ingenuity and cosmic nature as it is an elegy of the hopes for mankind's progress in the gory wake of the French Revolution.

Frankenstein; Or, the Modern Prometheus

Frankenstein; or, The Modern Prometheus is a novel written by English author Mary Shelley (1797-1851) that tells the story of Victor Frankenstein, a young scientist who creates a grotesque but sapient creature in an unorthodox scientific experiment. Shelley started writing the story when she was 18, and the first edition of the novel was published anonymously in London on 1 January 1818, when she was 20.[1] Her name first appeared on the second edition, published in France in 1823.

'Uncensored' Edition of Frankenstein as first published anonymously in 1818. This original version is much more true to the spirit of the author's original intentions than the heavily revised 1831 edition, edited by Shelley, in part, because of pressure to make the story more conservative. Many scholars prefer the 1818 text to the more common 1831 edition. Mary Wollstonecraft Shelley (1797–1851) was an English novelist, short story writer, dramatist, essayist, biographer, and travel writer, best known for her Gothic novel Frankenstein: or, The Modern Prometheus.

Frankenstein, or The Modern Prometheus

Frankenstein was Mary Shelley's immensely powerful contribution to the ghost stories which she, Percy Shelley, and Byron devised one wet summer in Switzerland. Its protagonist is a young student of natural philosophy, who learns the secret of imparting life to a creature constructed from relics of the dead, with horrific consequences. Frankenstein confronts some of the most feared innovations of evolutionism: topics such as degeneracy, hereditary disease, and mankind's status as a species of animal. The text used here is from the 1818 edition, which is a 'mocking expose' of leaders and achievers who leave desolation in their wake, showing humanity its choice - to live co-operatively or to die of selfishness. Drawing on new research, Marilyn Butler examines the novel in the context of the radical sciences, which were developing among much controversy, and shows how Frankenstein's experiment relates to a contemporary debate between the champions of materialist science and of received religion.

Frankenstein and Its Classics

Contains the complete text of Shelley's key work, supplemented by annotations and followed by contextual materials that reveal the conversations and controversies of its historical moment.

Frankenstein; or, The Modern Prometheus, generally known as Frankenstein, is a novel written by the British author Mary Shelley. The title of the novel refers to a scientist, Victor Frankenstein, who learns how to create life and creates a being in the likeness of man, but larger than average and more powerful. In popular culture, people have tended to refer to the Creature as "Frankenstein", despite this being the name of the scientist. Frankenstein is a novel infused with some elements of the Gothic novel and the Romantic movement. It was also a warning against the "over-reaching" of modern man and the Industrial Revolution, alluded to in the novel's subtitle, The Modern Prometheus. The story has had an influence across literature and popular culture and spawned a complete genre of horror stories and films. It is arguably considered the first fully realized science fiction novel.

Frankenstein, or, The Modern Prometheus

'Frankenstein' tells of the creation by Victor Frankenstein of a man whose terrifying aspect belies his humanity. This book gives a detailed critical commentary on the novel and also puts it in its historical, biographical and literary contexts.

Frankenstein

This book will trace the journey of Shelley's Frankenstein from limited edition literature to the bloodstream of contemporary culture. It includes new

Never Let Me Go

Surveying a wide range of cultural controversies, from the Mapplethorpe affair to Salman Rushdie's death sentence, Wendy Steiner shows that the fear and outrage they inspired are the result of dangerous misunderstanding about the relationship between art and life. 27 halftones.

FRANKENSTEIN (The Original 1818 Edition)

Mary Shelley's Frankenstein (1818) explores the consequences of our lust for power. But it is also the story of how the different and the deviant are excluded from human society. Frankenstein's Creature is arguably the least monstrous character in this story of murder, revenge, and isolation. The feelings of kindness and gentleness, which I had entertained but a few moments before, gave place to hellish rage and gnashing of teeth. Inflamed by pain, I vowed eternal hatred and vengeance to all mankind.

Frankenstein and Its Classics is the first collection of scholarship dedicated to how Frankenstein and works inspired by it draw on ancient Greek and Roman literature, history, philosophy, and myth. Presenting twelve new essays intended for students, scholars, and other readers of Mary Shelley's novel, the volume explores classical receptions in some of Frankenstein's most important scenes, sources, and adaptations. Not limited to literature, the chapters discuss a wide range of modern materials-including recent films like Alex Garland's *Ex Machina* and comics like Matt Fraction's and Christian Ward's *Ody-C*-in relation to ancient works including Hesiod's *Theogony*, Aeschylus's *Prometheus Bound*, Ovid's *Metamorphoses*, and Apuleius's *The Golden Ass*. All together, these studies show how Frankenstein, a foundational work of science fiction, brings ancient thought to bear on some of today's most pressing issues, from bioengineering and the creation of artificial intelligence to the struggles of marginalized communities and political revolution. This addition to the comparative study of classics and science fiction reveals deep similarities between ancient and modern ways of imagining the world-and emphasizes the prescience and ongoing importance of Mary Shelley's immortal novel. As Frankenstein turns 200, its complex engagement with classical traditions is more significant than ever.

21-year-old genius named Mary Shelley. Hundreds of movies, adaptations, and monster masks later, its reputation remains so lively that the title has become its own word in the English language. Victor Frankenstein, a scientist, discovers the secret of reanimating the dead. After he rejects his hideous creation, not even the farthest poles of the earth will keep his bitter monster from seeking an inhuman revenge. Inspired by a uniquely Romantic view of science's possibilities, Shelley's masterpiece ultimately wrestles with the hidden shadows of the human mind.

Resolutions and Congratulatory Address of the Householders of the Ward of Cripplegate Without, to Her Most Gracious Majesty, Queen Caroline, and Her Majesty's Answer

Frankenstein

From the Booker Prize-winning author of *The Remains of the Day* and *When We Were Orphans*, comes an unforgettable edge-of-your-seat mystery that is at once heartbreakingly tender and morally courageous about what it means to be human. Hailsham seems like a pleasant English boarding school, far from the

Download Free Frankenstein Or The Modern Prometheus By Mary Shelley File Type

influences of the city. Its students are well tended and supported, trained in art and literature, and become just the sort of people the world wants them to be. But, curiously, they are taught nothing of the outside world and are allowed little contact with it. Within the grounds of Hailsham, Kathy grows from schoolgirl to young woman, but it's only when she and her friends Ruth and Tommy leave the safe grounds of the school (as they always knew they would) that they realize the full truth of what Hailsham is. *Never Let Me Go* breaks through the boundaries of the literary novel. It is a gripping mystery, a beautiful love story, and also a scathing critique of human arrogance and a moral examination of how we treat the vulnerable and different in our society. In exploring the themes of memory and the impact of the past, Ishiguro takes on the idea of a possible future to create his most moving and powerful book to date.

Frankenstein

In a series of letters, Robert Walton, the captain of a ship bound for the North Pole, recounts to his sister back in England the progress of his dangerous mission. Successful early on, the mission is soon interrupted by seas full of impassable ice. Trapped, Walton encounters Victor Frankenstein, who has been traveling by dog-drawn sledge across the ice and is weakened by the cold. Walton takes him aboard ship, helps nurse him back to health, and hears the fantastic tale of the monster that Frankenstein created.

Mary Shelley, Frankenstein

Mary Shelley (née Mary Wollstonecraft Godwin, often known as Mary Wollstonecraft Shelley) was a British novelist, short story writer, dramatist, essayist, biographer, travel writer, and editor of the works of her husband, Romantic poet and philosopher Percy Bysshe Shelley. She was the daughter of the political philosopher William Godwin and the writer, philosopher, and feminist Mary Wollstonecraft. Mary Shelley was taken seriously as a writer in her own lifetime, though reviewers often missed the political edge to her novels. After her death, however, she was chiefly remembered only as the wife of Percy Bysshe Shelley and as the author of Frankenstein. It was not

Download Free Frankenstein Or The Modern Prometheus By Mary Shelley File Type

until 1989, when Emily Sunstein published her prizewinning biography *Mary Shelley: Romance and Reality*, that a full-length scholarly biography analyzing all of Shelley's letters, journals, and works within their historical context was published. The well-meaning attempts of Mary Shelley's son and daughter-in-law to "Victorianise" her memory through the censoring of letters and biographical material contributed to a perception of Mary Shelley as a more conventional, less reformist figure than her works suggest. Her own timid omissions from Percy Shelley's works and her quiet avoidance of public controversy in the later years of her life added to this impression. The eclipse of Mary Shelley's reputation as a novelist and biographer meant that, until the last thirty years, most of her works remained out of print, obstructing a larger view of her achievement. She was seen as a one-novel author, if that. In recent decades, however, the republication of almost all her writings has stimulated a new recognition of its value. Her voracious reading habits and intensive study, revealed in her journals and letters and reflected in her works, is now better appreciated. Shelley's recognition of herself as an author has also been recognized; after Percy's death, she wrote about her authorial ambitions: "I think that I can maintain myself, and there is something inspiring in the idea". Scholars now consider Mary Shelley to be a major Romantic figure, significant for her literary achievement and her political voice as a woman and a liberal.

Frankenstein; Or, The Modern

Prometheus: A Gothic Novel by English Author Mary Shelley that Tells the Story of Victor Frankenstein, a Young Scientist

Includes corrected 1818 text of the novel and seven essays about the novel.

Frankenstein, Or, The Modern Prometheus, Revised, Corrected, and Illustrated with a New Introduction by the Author

Mary Shelley began writing Frankenstein when she was only eighteen. At once a Gothic thriller, a passionate romance, and a cautionary tale about the dangers of science, Frankenstein tells the story of committed science student Victor Frankenstein. Obsessed with discovering the cause of generation and life and bestowing animation upon lifeless matter, Frankenstein assembles a human being from stolen body parts but; upon bringing it to life, he recoils in horror at the creature's hideousness. Tormented by isolation and loneliness, the once-innocent creature turns to evil and unleashes a campaign of murderous revenge against his creator, Frankenstein. Frankenstein, an instant bestseller and an important ancestor of both the horror and science fiction genres, not only tells a terrifying story, but also raises profound, disturbing questions about the very nature of life and the place of humankind within the cosmos: What does it mean to be human? What responsibilities do we have to each other? How far

can we go in tampering with Nature? In our age, filled with news of organ donation genetic engineering, and bio-terrorism, these questions are more relevant than ever.

Frankenstein Literature Library

“Both timely and terrifying.” —Gregory Macguire, New York Times–bestselling author of *Wicked Pairing* free verse with over three hundred pages of black-and-white watercolor illustrations, *Mary’s Monster* is a unique and stunning biography of Mary Shelley, the pregnant teenage runaway who became one of the greatest authors of all time. Legend is correct that Mary Shelley began penning *Frankenstein* in answer to a dare to write a ghost story. What most people don't know, however, is that the seeds of her novel had been planted long before that night. By age nineteen, she had been disowned by her family, was living in scandal with a married man, and had lost her baby daughter just days after her birth. Mary poured her grief, pain, and passion into the powerful book still revered two hundred years later, and in *Mary's Monster*, author/illustrator Lita Judge has poured her own passion into a gorgeous book that pays tribute to the life of this incredible author. "17--". In the story following the letters by Walton, the readers find that Victor Frankenstein creates a monster that brings tragedy to his life

Frankenstein; Or, the Modern Prometheus by Mary Shelley Annotated Classic Edition

Few classic works of literature have excited such enduring popular interest among the general public as Frankenstein. But suppose the characters—Victor Frankenstein, Captain Robert Walton, and, yes, even the “monster”—had shared their tale in tweets? #Frankenstein; Or, The Modern Prometheus in Tweets hilariously reimagines Mary Shelley’s classic gothic novel in about two hundred tweets, each 280 characters or less. @frankendoctorvictor: A rainy November night, under a dying candle, I infused the spark. A gasp! A convulsion of limbs! A yellow eye opened. ;P WTF had I done? In this witty abridgment, Victor Frankenstein’s quest to create a sentient being is retold with the occasional emoji. The plight of his monstrous creation is presented with internet acronyms. And Captain Robert Walton ponders the blinding power of ambition with hashtags. Including an appendix that presents the original passages upon which each tweet is derived, #Frankenstein offers modern readers an entertaining and accessible companion to a great American classic.

Bernie Wrightson's Frankenstein

Frankenstein; Or, the Modern Prometheus by Mary Shelley (Annotated) Horror, Romance, Gothic, Science Fiction Novel

Desperate in his search of the secret of life, young Dr Victor Frankenstein attempts to construct and then bring to life a previously inanimate creature. He succeeds, yet immediately finds himself horrified and repulsed by the fruit of his long-lasting labors and, as a result, abandons the creature without a word. This action begins a series of tragic events in the life of the scientist, as the enraged monster begins his quest to fill every minute of Dr. Frankenstein's life with terror, dread and misery. First published in 1818, this novel continues to captivate the audience today.

Frankenstein is not merely a horror story, but, rather, a tale that would make its readers ponder on the pursuit of knowledge and explore what monstrosity truly means.
