### **My Dad Was a Dj**

Dr. Walter K. Asbeck decided to take an ambitious trip in his youth. He traveled around the globe on a shoestring and immersed himself in different cultures and customs. Now, after celebrating his 102nd birthday, Asbeck looks back on his many youthful adventures and details his remarkable experiences. Asbeck and his friend Hans decided to sail around the world before attending school at universities in Berlin and Vienna. In the late 1930s, the world was dynamic and exciting. No one knew the destruction that lay ahead. Join Asbeck as he drives across the American West; visits the sights, shrines, and shops of Tokyo; sees Hong Kong's harbor from Victoria Peak; visits the Temple of the Tooth in the holy Buddhist city of Kandy; and has many other adventures across four continents. Asbeck details the wonders of the world but also notes the changing views and shifting allegiances of society in 1939. As Asbeck chronicled in his first memoir, *Escape from Berlin*, he would soon become trapped in Nazi Germany as war ravaged the world. His insight into the years before the war and into the many cultures he experienced are invaluable to any lover of history, travel, and adventure.

### **Your Life Isn't for You**

Do you frequently find yourself asking, "Why?" This book will, prayerfully, prompt you to see God acting in every circumstance in your life, from the mundane to the monumental; to appreciate that the Creator does, indeed, cause "all

things [to] work for good to them that love God, to them who are called according to His purpose." (Romans 8:28) Through prose and poems based on personal experiences, the author shares pieces of her journey through faith-building events. If you have trouble focusing on God and His agenda, this book will sharpen your vision and lead you to reconsider God's purpose for the events in which you may find yourself involved on a daily basis.

## **Combust**

Domestic violence exists. That is a simple disturbing fact. It isn't something that should be ignored or swept under the rug. It is imperative to face this problem, acknowledge it's existence and do our best to aid those who are exposed to it. Children, all too often, are susceptible to accepting responsibility for their parent's bad behavior. They need to understand that they are not responsible for the violence. This book attempts to explain a very complicated issue to young children. It is focused on pre-school to middle school children. It is not designed as a panacea, merely an attempt to help them understand what is going on in their lives.

## **Märchen Aus Bayern**

Tired of being passed over for promotions and fed-up with her lackluster relationship, KC Burke quit her job and dumped her boyfriend in one foul swoop. Now, with no job to report to and no place to live she must say goodbye to her beloved conservative Irvine, California and pick up the pieces at the only place available -her mom and dad's house in liberal Santa Cruz, California. Looking down her nose at the locals while keeping her parent's organic foods business at arms length, KC yearns for the day when she will have enough money to open her own architect firm - in Orange County, of course. But when the opportunity to restore the house of her childhood dreams presents itself, KC reluctantly dismounts her high horse and begins to open up to the possibilities Santa Cruz has to offer. Is the thrill of a new career path, the chance to reconnect with family and even the possibility of romance enough for KC to admit that under her stoic demeanor there's tie-dye

running through her veins?

## **Froebel's Gifts**

The author's story is based on her life as she remembers it. It is set against the background of real historical events in WWII. Growing up during the last three years of the war in Berlin, the sirens, their endless flight on the trains out of and back to Berlin, became part of her life, there was no birthday party for the three year old and again the family was on the move, this time to live in a castle in Thuringia. All these events were accepted without questions or fear. In 1946 they returned to the old neighborhood which had become a rubble desert but soon transformed into the greatest childhood as her dying older sister insisted time again and again. Most names have been changed to protect the living. I owe a great debt to my father and mother who have answered my many questions and I included their stories in this book.

## **Psion Beta**

This book's goal is to provide children an understanding of what a policeman does and some of the stresses that police face. It is also meant to humanize police and show that they are fathers, mothers, sons and daughters. The media tends to emphasize (for ratings) negativity. On a daily basis the fact that the vast majority of police officers are protecting and serving tends to get lost in media negativity. This book is not an apology for any action by any police force anywhere. It is a firm compliment for that vast number of police out there on a daily basis, doing their best, to protect and serve the public.

## **Footprints**

*Why We Climb* is a celebration, in word and image, of those aspects of the climbing life that are most universal, meaningful, and long lasting— the strong connection to partners and nature; the physical and mental mastery required (and how to achieve it); the rewards of exploring oneself and the world through climbing. Through interviews with some of North America's most notable climbers the book undertakes a quest to find the soul of climbing— asking what compels men and women to dedicate their lives to the challenges and deprivations of living in a vertical world? What are the sacrifices and what are the rewards? And most importantly, can the lessons learned on cliff faces, frozen waterfalls, and alpine peaks— lessons of respect, discipline, commitment, humility and simplicity—be brought home and used to benefit society as a whole?

## **Why We Climb**

"An admiring portrait of a father's example and an introduction to the rainforest." —Wall Street Journal A young boy shares exciting facts and stories about the peoples, plants, and animals who inhabit the Amazon rainforest. In this original, uplifting book from one of Argentina's most acclaimed children's writers, a young boy records his dad's stories of the Amazonian jungle in his journal. As he does, he can't help but compare his own life. When you visit the rainforest, you should ask the

Sápara peoples for permission and be respectful, just like when you visit your neighbor in the city. Smoked fish is delicious in the rainforest—but hard to make in your bedroom. The rainforest is like a great big house for plants, animals, and spirits, but it's disappearing, little by little. Filling his journal with imaginative drawings and words, the boy decides what he would do if he visited the rainforest: Invite the spirits for donuts and hot cocoa! Inspired by the author's volunteer efforts to assist the Sápara peoples in protecting an endangered bird, *When My Dad Went to the Jungle* portrays a young boy exploring big ideas about the natural world. As he journals, the young boy realizes that, even though life for the Sápara peoples is very different from his own, a little bit of the rainforest lives inside of all of us. If we let it grow, then we will always respect the lands we walk, gather, and play on. An Aldana Libros book

His chief operating officer, Irene Lund, serves as his muse. He needs her to be part of his world, or he can't achieve anything of significance. But does she feel the same? ### **Index to Short Stories**

This book is dedicated to all those fine young men and women who pulled themselves up by their own bootstraps out of the poverty of the Great Depression, through World War II, through the Korean War, through Vietnam, and through the Cold War to become responsible and productive American citizens. It describes some of the recollections, experiences, and opinions of Major Robert M. Taber, USAF Retired, who was born in Fort Worth, Texas at the beginning of the Great Depression and who lived on a farm and attended grade school in a two room country school near Colbert, Oklahoma. It is a story about being a poor country boy who suffered the humiliation of standing in a relief line with his mother, losing his father at the age of 5, attending high school during World War II while two of his brothers served combat in Europe. One of them was shot down over Berlin, Germany in 1944, lost his right leg above the knee, was a prisoner of war, but made it back home. It describes Robert's teen-age behavior while growing up without a father in a small Oklahoma town. The story tells of his experiences in the U.S. Army while serving in the 304th Signal Battalion in Korea during the Korean War

1950-1951. The book is a truthful representation of Major Taber's life from 1928 to 2000. It contains the genealogy of Major Taber's family from 1630 to 2000 and illustrates pictures of some of his family. The book also contains copies of documents that reflect some of the highlights of the Major's military career. His memoirs contain word descriptions of explicit sexual activity and some of that language may be offensive to some readers. This story with exception to the genealogy is based upon the recollections and opinions of the author only and does not represent the opinions or recollections of any other person known to the author.
