United States History Grades 6-8

In 2014, College Board rolled out a new AP® U.S. History course, which centered less on memorizing content and more on developing skills. Since then, the course has been modified here and there, but very little has changed in AP® textbooks--content is still king. Until now. Fabric of a Nation is the first book to truly embrace this dramatic shift in the AP® course and in how history is taught. Built from the ground up by long-time AP® leaders Jason Stacy and Matthew Ellington, this book offers a new approach to AP® US History by seamlessly integrating: A brief historical narrative AP® skills practice Primary source documents Exact alignment to the AP® course Now, that's revolutionary!

The Guided Reader to Teaching and Learning History draws on extracts from the published work of some of the most influential history education writers, representing a range of perspectives from leading classroom practitioners to academic

researchers, and highlighting key debates surrounding a central range of issues affecting secondary History teachers. This book brings together key extracts from classic and contemporary writing and contextualises these in both theoretical and practical terms. Each extract is accompanied by an introduction, a summary of the key points and issues raised, questions to promote discussion and suggestions for further reading to extend thinking. Taking a thematic approach and including a short introduction to each theme, the chapters include: The purpose of history education; Pupil perspectives on history education; Assessment and progression in history; Inclusion in history; Diversity in history; Teaching difficult issues; Technology and history education; Change and continuity; Historical Interpretations; Professional development for history teachers. Aimed at trainee and newly qualified teachers including those working towards Masters level qualifications, as well as existing teachers, this accessible, but critically provocative text is an essential resource for those that wish to deepen their understanding of History Education.

Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).
