In this book Scott Pilarz explores how the literary legacy of Robert Southwell, S.J. kept his voice alive after his hanging in 1595. The Elizabethan establishment viewed Southwell as a subversive, and he has received only scant attention from scholars in the centuries since his death; Pilarz here restores the Jesuit poet to his rightful position of importance in literature and history, showing how Southwell's works mark the point of convergence of aesthetic, theological, political and personal influences that determined the ethos of the period. Correcting previous reductionist readings of the poet, Robert Southwell and the Mission of Literature, 1561-1595 places Southwell as a major writer at the centre both of important currents in Elizabethan culture and of the Catholic Reformation. The study offers fresh insight into the energies that shaped early modern culture, and provokes more sophisticated and respectful analysis of religion in literature.

Commentaries on the Laws of England

Oxford's variorum edition of William Blackstone's seminal treatise on the common law of England and Wales offers the definitive account of the Commentaries' development in a modern format. For the first time it is possible to trace the evolution of English law and Blackstone's thought through the eight editions of Blackstone's lifetime, and the authorial corrections of the posthumous ninth edition. Introductions by the general editor and the volume editors set the Commentaries in their historical context, examining Blackstone's distinctive view of the common law, and editorial notes throughout the four volumes assist the modern reader in understanding this key text in the Anglo-American common law tradition. Property law is the subject of Book II, the second and longest volume of Blackstone's Commentaries. His lucid exposition covers feudalism and its history, real estate and the forms of tenure that a land-owner may have, and personal property, including the new kinds of intangible property that were developing in Blackstone's era, such as negotiable instruments and intellectual property.

In this attractively titled collection of essays on law and theater in the English Renaissance, Dennis Kezar has assembled an impressive array of talent to focus on the productive and yet vexed relationship of theater and the state. Plays 'tell lies' to their audiences: so argued Solon in his riposte to Thespis, to be followed in due course by Plato's attack on poetry in the Republic and all that Jonas Barish has studied under the rubric of *The Antitheatrical Prejudice*. This battleground here affords a rich opportunity for an exploration of 'an institutional antagonism over the tenuous distinction between theater's inconsequential fiction and the real world's socially consequential fact.' This volume is a truly valuable contribution to the growing interest in law and literature, here brought to bear on the great drama of Shakespeare, Jonson, Dekker, Marston, Chapman, and their contemporaries.

--David Bevington, Phyllis Fay Horton Distinguished Service Professor in the Humanities, University of Chicago The diversity of topics explored in this excellent collection makes it a valuable addition to the burgeoning field of early modern law, theater, and literature studies. The essays included here touch on a wide range of material--from Dekker to Shakespeare to Chapman and Bacon; and in doing so, they explore the tensions between Solon and Thespis in such a way as to make the work of analyzing the relationship between literature and the law seem not only fruitful, but in fact essential to a deeper understanding of both. --Jeremy Lopez, University of Toronto This volume contains contributions by literary critics and historians who demonstrate that theater and law were not simply relevant to each other in the early modern period; they explore the physical spaces in which early modern law and drama were performed, the social and imaginative practices that energized such spaces, and the rhetorical patterns that make the two institutions far less discrete and far more collaborative than has previously been recognized. --Choice, August 2007, Vol. 44, No. 11

“Throughout her life my mother, Doris, lived in two places at once: Kingston, Jamaica, where she raised a family of nine children, and Harvey River, in the parish of Hanover, where she was born and grew up.” When Doris Harvey’s English grandfather, William Harvey, discovers a clearing at the end of a path cut by the feet of those running from slavery, he gives his name to what will become his family’s home for generations. For Doris, Harvey River is the place she always called home, the place where she was one of the “fabulous Harvey girls,” and where the rich local bounty of Lucea yams, pimentos, and mangoes went hand in hand with the Victorian niceties of her parents’ house. It is a place she will return to in dreams when her fortunes change, years later, and she and her husband, Marcus Goodison, relocate to “hard life” Kingston and encounter the harsh realities of urban living in close quarters. In Lorna Goodison’s spellbinding memoir of her forebears, we meet a cast of wonderfully drawn characters, including George O’Brian Wilson, the Irish patriarch of the family who married a Guinea woman after coming to Jamaica in the mid-1800s; Doris’s parents, Margaret and David, childhood sweethearts who became the first family of Harvey River; and their eight children, Cleodine, straight-backed and imperious; serious Albertha, called “Miss Jo” because she was missing all sense of joviality; beautiful Howard, who dies an early death; Rose, whose loveliness inspires devotion but whose own heart is never fulfilled; taxi-man Edmund, who yearns for the freedoms of the big city; Flavius, who spends his life searching for the true church of God; large-hearted, practical-minded Doris, whose bottomless cooking pot often feeds more than just her family; and vivacious, hard-headed Ann, whose gift of reading hair tells her the future. In lush, vivid prose, textured with the cadences of Creole speech, Lorna Goodison weaves together memory and mythology to create a vivid tapestry. She takes us

deep into the heart of a complete world to tell a universal story of family and the ties that bind us to the place we call home. From the Hardcover edition.
