A special agency of censors was also organized for the purpose of enforcing the regulations concerning the sanctity of animal life and the observance of filial piety, in the most extended sense. These officers were expressly enjoined to concern themselves with all sects, and with every class of society, not excluding the royal family, while separate officials were charged with the delicate duty of supervising female morals. In practice, this system must have led to much espionage and

tyranny] from Chapter VII: Asoka Maurya and His Successors First published in 1906, this classic nine-volume history of the nation of India places it among the storied lands of antiquity, alongside Egypt, China, and Mesopotamia. Edited by American academic ABRAHAM VALENTINE WILLIAMS JACKSON (1862-1937), professor of Indo-Iranian languages at Columbia University, it offers a highly readable narrative of the Indian people and culture through to the time of its publication, when the nation was still part of the British Empire. Volume II, From the Sixth Century B.C. to the Mohammedan Conquest, Including the Invasion of Alexander the Great, by British scholar VINCENT ARTHUR SMITH (1848-1920), features entertaining and enlightening treatments of: [ the dynasties before Alexander [ Alexanders Indian campaign [ imperial monarch Asoka Maurya [ the Indo-Greek and Indo-Parthian dynasties [ the Gupta Empire and the white Huns [ the reign of Harsha [ the medieval kingdoms of the north [ and much more. This beautiful replica of the 1906 first edition includes all the original illustrations.

Surendranath Dasgupta examines the principal schools of thought that define Indian philosophy. A unifying force greater than art, literature, religion, or science, Professor Dasgupta describes philosophy as the most important achievement of Indian thought, arguing that an understanding of its history is necessary to appreciate the significance and potentialities of India's complex culture. Volume IV provides an examination of the Bhagavata Purana, Madhva, the controversy between the Dualists and the Monists, the philosophy of Vallabha, Caitanya and his followers, and the philosophy of Jiva Gosvami and Baladeva Vidyabhusana.

### **Indian Culture**

Are Indian women powerful mother goddesses, or domestic handmaidens trailing behind men in literacy, wages, opportunities, and rights? Have they been agents of their own destinies, or voiceless victims of patriarchy? Behind these colorful oversimplifications lies the reality of many feminine personas belonging to various classes, ethnicities, religions, and castes. This two-volume set looks at Indian history from ancient to modern times, revealing precisely why ideas of gender rights were not static across eras or regions. Raman's work is a reflection on the various ways in which women in a non-Western culture have developed and expressed their own feminist agenda. Individual chapters highlight the enduring legacies of many important male and female figures, illustrating how each played a key role in modifying the substance of women's lives. Political movements are

examined as well, such as the nationalist reform movement of 1947 in which the ideal of Indian womanhood became central to the nation and the push for independence. Also included is a survey of women in contemporary India and the role they played in the resurgence of militant Hindu nationalism. Aside from being an engaging and readable narrative of Indian history, this set integrates women's issues, roles, and achievements into the general study of the times, providing a clear presentation of the social, cultural, religious, political, and economic realities that have helped shape the identity of Indian women.

### **Professor A.L. Basham, My Guruji and Problems and Perspectives of Ancient Indian History and Culture**

This volume brings together some of today's leading scholars from a range of different disciplines to explore the development of Indian scientific, technological and cultural thinking between the 10th and 18th centuries. The diverse topics include: food, agriculture, mathematics, astronomy, Bhakti and Sufi movements, and the spread of translation from Persian and Arabic thinkers throughout the country.

### **History of the Freedom Movement in India**

### **A History of Indian Philosophy:**

The Milinda Panha is, with good reason, a famous work of Buddhist literature, probably compiled in the first century B.C. It presents Buddhist doctrine in a very attractive and memorable form as a dialogue between a Bactrian Greek king, Milinda, who plays the `Devil`s Advocate` and a Buddhist sage, Nagasena. The topics covered include most of those questions commonly asked by Westerners such as If there is no soul, what is it that is reborn? and If there is no soul, who is talking to you now? This abridgement provides a concise presentation of this master-piece of Buddhist literature.

### **History of India**

This thoroughly researched first volume on the history of India shows that the development of human culture in South Asia can be properly understood only by studying the prehistoric past. The prehistoric phase forms the longest period in human history, covering a few millennia, whereas the knowledge of writing was acquired by man just 5,000 years ago. The antiquity of man now goes back to 3.6 million years, and since then man has been progressing against all odds. This book details the systematic excavations that have been carried out and the data that has been scientifically analyzed to show the stages of cultural evolution from food

gathering to food producing, including contributions from acknowledged experts in the field. It also places significant emphasis on scientific evidence to demonstrate the role of the environment in the evolution of cultures.

### **The Civilization of India**

The two volumes together may be described as search for the original ideational foundations of Indian Culture. In one way this work recalls the tradition of Coomaraswamy but seeks to join it to the mainstream of critical history. It argues that the living continuity of Indian Culture is rooted in a unique spiritual vision and social experience. Indian Culture is neither the result of merely accidental happenings through the centuries, nor a mere palimpsest of migrations and invasions. It is, in its essence, a development of foundational ideas constituting a creative matrix. Behind its changing historical forms lies a deep and persistent source of creativity which is spiritual in character. The Present volume I deals with the spiritual vision and symbolic forms. Here it has been upheld that the spiritual vision of India had two original aspects, the integral or synoptic vision of the Vedas, and the Sramanic vision of Transcendence. Purnata and Sunyata constituted the two poles round which Indian spirituality revolved. The author not only elucidates this bipolar matrix of Indian spirituality revolved. The author not only elucidates this bipolar matrix of Indian spiritual praxis or sadhana, but also traces its intricate ancient history. He goes on to trace the great symbolic forms-language, myth,

science, literature and art-in which this basic vision expressed itself. In all these areas he brings out the basic general principles expressive of inner consciousness rather than present a mere selection of well-known details.

### **Vol. Iii: Medieval Indian Society And Culture**

#### **A History of Culture: Indian culture**

#### **Sexual Life in Ancient India**

The First Volume Is A New Adventure In The Historiography Of Indian Civilization. It Avoids The Ethnic And West-Centred Bias Which Has Been A Legacy Of Colonial Historiography. It Seeks Strict Scientific Objectivity, Differing From All Hitherto Existing Volumes Of This Kind By Giving Due Attention To Science And Philosophy In The History Of Indian Civilization. The Contributions Are Based On The First-Hand And Critical Study Of The Original Sources By The Best Known Experts. While Meticulously Attending To Chronology And Hard Data, The Volume Also Seeks To Understand Scientific And Philosophical Concepts, Methods And Theories. It Seeks To Present The Symbolic World Of Art And Culture As Grounded In Moral Vision As

### **History, Religion and Culture of India**

### **Foreign Trade and Commerce in Ancient India**

Covers the period from Mughal rule, through the years of British control, to the government of Nehru, with emphasis on the continuity of development from one era to the next.

### **Studies in the Religious Life of Ancient and Medieval India**

A Companion to Sanskrit Literature, the first work of its kind, covers a period of nearly 3500 years from the Vedic age down to the modern times. It seeks to acquaint the reader, within a brief compass, with the contents of outstanding works and authors in Sanskrit literature, followed by up-to-date bibliographies. It presents brief accounts of the important character in well-known poems, dramas and prose works have also been given. Important geographical names, with their modern identification as far as practicable, have also been laid down. Common technical terms, used in the different branches of Sanskrit literature, have been briefly explained, Prominent figures in myths and legends have been dealt with. In a number of appendices, various kinds of useful information about Sanskrit literature including sciences, sports and pastimes, etc. in ancient and medieval India have been set forth. It is an indispensable vade mecum for the general readers, the specialists and researchers. It is like a capsule taking the reader through the vast firmament of Sanskrit literature upto remote ages.

## Read Book History Of Indian Culture Vol 1

This Monumental Four-Volume Work Offers An Elaborate And Chronological Account Of Indian History From The Earliest Times To The Present Period. The First Volume, Which Pays Special Attention To The Reigns Of The Great Indian Monarchs, Such As Chandragupta Maurya, Asoka, Kanishka, Samudra Gupta, Chandra Gupta II (Vikramaditya) And Harsha, Has Adequately Highlighted The Achievements Of Their Reigns In A Manner That Is Bound To Arouse Not Only Curiosity But Also Provoke Reflection. Full Attention Is Also Given To The Cultural, Religious And Social Conditions Of India During The 6Th Century B.C. The Book Also Portrays The Golden Age Of Guptas, The General Administration Of The Cholas And The Flourishing Culture Of The Pallavas. In The Second Volume, All Aspects Of Indian History From A.D. 1206 To 1773 Are Discussed. Part I Of The Volume Covers The Sultanate Period, And Part II The Mughal Period And The Arrival Of The Europeans. The Process Through Which The English, Who Came As Traders But Rapidly Transformed Themselves Into Rulers, Is Outlined In The Volume. A Very Important Feature Of The Volume Is The Emphasis It Lays On The Social, Economic And Cultural Conditions Current In India During The Sultanate And The Mughal Periods. Indian History From A.D. 1773 To The Present Is Covered By The Third And Fourth Volumes. These Volumes Also Offer The Reader A Detailed And Graphic Account Of The British Period Of Indian History. The Focus On The Revolt Of 1857, The Development Of The Constitutional Framework From 1773 To 1950 And The National Movement Will Prove To Be Of Immense Interest To The Readers And
