The Americans

Authors present their unique views, insights, and strategies for writing by addressing the undergraduate reader directly. Drawing on their own experiences, these teachers-as-writers invite students to join in the larger conversation about the craft of writing.

Ancient World History

Lifetime Health

Being healthy is much more than being physically fit and free from disease. Health is the state of well-being in which all of the components of health -- physical, emotional, social, mental, spiritual, and environmental -- are in balance. To be truly healthy, you must take care of all six components. - p. 11.

Atlas of World Geography

Explore early civilizations, the medieval world, and the modern world in this student-friendly world history book. Includes direct, explicit reading instruction in every unit, every lesson.

Modern biology

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Discovering Our Past

Growth of A Nation

“Every teacher, every student of history, every citizen should read this book. It is both a refreshing antidote to what has passed for history in our educational system and a one-volume education in itself.” —Howard Zinn A new edition of the national bestseller and American Book Award winner, with a new preface by the author Since its first publication in 1995, Lies My Teacher Told Me has become one of the

most important—and successful—history books of our time. Having sold nearly two million copies, the book also won an American Book Award and the Oliver Cromwell Cox Award for Distinguished Anti-Racist Scholarship and was heralded on the front page of the New York Times. For this new edition, Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think Donald Trump can solve their problems, and calls out academic historians for abandoning the concept of truth in a misguided effort to be “objective.” What started out as a survey of the twelve leading American history textbooks has ended up being what the San Francisco Chronicle calls “an extremely convincing plea for truth in education.” In *Lies My Teacher Told Me*, James W. Loewen brings history alive in all its complexity and ambiguity. Beginning with pre-Columbian history and ranging over characters and events as diverse as Reconstruction, Helen Keller, the first Thanksgiving, the My Lai massacre, 9/11, and the Iraq War, Loewen offers an eye-opening critique of existing textbooks, and a wonderful retelling of American history as it should—and could—be taught to American students.

Introduction to Business covers the scope and sequence of most introductory business courses. The book provides detailed explanations in the context of core themes such as customer satisfaction, ethics, entrepreneurship, global business, and managing change. Introduction to Business includes hundreds of current business examples from a range of industries and geographic locations, which feature a variety of individuals. The outcome is a balanced approach to the theory and application of business concepts, with attention to the knowledge and skills necessary for student success in this course and beyond.

World History & Geography

Holt Science and Technology

From the listless repose of the place, and the peculiar character of its inhabitants, who are descendants from the original Dutch settlers, this sequestered glen has long been known by name of Sleepy Hollow. A drowsy, dreamy influence seems to hang over the land, and to pervade the very atmosphere. Washington Irving
