Lords Of Chaos It was big news in Ft. Myers, Florida when an abandoned historic building was destroyed by vandals in a spectacular blast. Behind it lay the Lords of Chaos, a band of teenage misfits led by Kevin Foster, 18, a vicious hater who idolized Oklahoma City bomber Timothy McVeigh and was known as "God" to his five-man gang. Vortex Of Violence The explosion was only one episode in a month-long crime spree that began with vandalism and theft, escalating into what

a local sheriff later called "a vortex of bloodlust and arson." The rampage culminated in the brutal shotgun murder of high school band director Mark Schwebes, 32. Police busted the gang before they could unleash a planned racist mass murder at Disney World--but their leader wasn't done yet. Compulsion To Kill Author Jim Greenhill conducted extensive interviews with Kevin Foster on Florida's Death Row. In an astounding development, Greenhill was solicited by the prisoner and his mother Ruby Foster to arrange the killings of three witnesses, leading to a new case against Foster in 2002. Here is the chilling inside story of how a pack of teenage losers found a way to succeed--at murder. . . 16 Pages Of Shocking Photos Praise for Jim Greenhill and Someone Has to Die Tonight "Fascinatingly lurid . . . insightful and well written. . . . Greenhill has brought the light of excellent reporting and emotional insight to the brooding darkness that consumes fringe-dwellers at virtually any high school." --Mike Clark, The Durango Herald (Durango, CO) "Recommended reading. . . . True crime in the strictest sense . . . the most factual account possible of the events of that stormy April." --Jay MacDonald, The News-Press (Fort Myers, FL) "Greenhill, a big fan of Truman Capote's In Cold Blood, did his hero proud . . . the most detailed true crime you will read." --Sam Cook, The News-Press (Fort Myers, FL) "Meticulously reported and carefully crafted, a major debut." --Gregg Olsen, bestselling author of Abandoned Prayers "Riveting and gut wrenching." --Lt. Col. Dave Grossman, bestselling author of On Killing "A searing look, by a true journalist, behind a sordid tale of murder and deception--a real page-turner." --M. William Phelps, author of Murder in the Heartland "An extraordinary

book . . . compelling . . . it accumulates force as it rolls along and winds up flooring you with the sheer power of Greenhill's reporting." --Bob Norman, The Daily Pulp

Identifying the Jeep CJ series vehicles as the most popular off-road vehicles of all time may actually qualify as an understatement. They really are that popular. The CJ series arguably started after World War II with the CJ-2A being introduced to the masses, and while the early CJs have their share of enthusiasts, the largest group of enthusiasts began their love affair with the AMC-powered Jeep CJ-5s beginning in 1972. Joined by the longer-wheelbase CJ-7 models introduced in 1976, the CJ models were wildly popular through their discontinuation in 1986, when the Wrangler was introduced. These were the only models originally equipped with V-8 engines in any meaningful way. This era combined the ruggedness of the early Jeeps with some of the advancements and horsepower of a more modern era; it makes a platform that is both fun to own and to modify. Jeep guru Michael Hanssen covers all of the systems that can be upgraded to improve your Jeep's performance. Upgrades include suspension components such as springs, shocks, and steering modifications; driveline components including differentials, transmissions, transfer cases, and axles; engine upgrades including engine swaps; wheel and tire upgrades; aftermarket accessories; and armor such as skid plates, bumpers, brake upgrades, and more. Whether you are looking to get into serious off-roading or just want to make your classic CJ a little more fun, this book will be a valuable tool in your shop or library. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}
