Masters of Corporate Venture Capital

Startup money is moving online, and this guide shows you how it works. The Art of Startup Fundraising takes a fresh look at raising money for startups, with a focus on the changing face of startup finance. New regulations are making the old go-to advice less relevant, as startup money is increasingly moving online. These new waters are all but uncharted—and founders need an accessible guide. This book helps you navigate the online world of startup fundraising with easy-to-follow explanations and expert perspective on the new digital world of finance. You'll find tips and tricks on raising money and investing in startups from early stage to growth stage, and develop a clear strategy based on the new realities surrounding today's startup landscape. The finance world is in a massive state of flux. Changes are occurring at an increasing pace in all sectors, but few more intensely than the startup sphere. When the paradigm changes, your processes must change with it. This book shows you how startup funding works, with expert coaching toward the new rules on the field. Learn how the JOBS Act impacts the fundraising model Gain insight on startups from early stage to growth stage Find the money you need to get your venture going Craft your pitch and optimize the strategy Build momentum Identify the right investors Avoid the common mistakes Don't rely on the "how we did it" tales from superstar startups, as these stories are unique and applied to exceptional scenarios. The game has changed, and playing by the old rules only gets you left behind. Whether you're

founding a startup or looking to invest, *The Art of Startup Fundraising* provides the up-to-the-minute guidance you need.

The Business of Venture Capital

Achieve annual returns of 25% or more with a well-designed angel portfolio

Written by David S. Rose, the founder of Gust—the global platform that powers the world of organized professional angel investing—*Angel Investing* is a comprehensive, entertaining guide that walks readers through every step of the way to becoming a successful angel investor. It is illustrated with stories from among the 90+ companies in which David has invested during a 25 year career as one of the world's most active business angels and includes instructions on how to get started, how to find and evaluate opportunities, and how to pursue and structure investments to maximize your returns. From building your reputation as a smart investor, to negotiating fair deals, adding value to your portfolio companies and helping them implement smart exit strategies, David provides both the fundamental strategies and the specific tools you need to take full advantage of this rapidly growing asset class. He details the advantages of joining an angel group, explains how seed and venture funds can help leverage an investor's resources, and reveals how recent regulatory changes and new online platforms are making startup investing accessible to millions of Americans. Making money is no longer about sitting back and reading stock listings, David says. It is now about being part owner

Read Online Mastering The Vc Game A Venture Capital Insider Reveals How To Get From Start Up To Inp On Your Terms

of an exciting startup that can be fun and financially rewarding. Angel Investing teaches investors how to carefully select and manage investments, establish a long term view, and approach angel investing as a serious part of an alternative asset portfolio while also enjoying being an integral part of an exciting new venture.

Venture Capital Strategy

Entrepreneurs would do well to think strategically like investors. After all, founders are their own first investors. This book treats venture capital as a topic of entrepreneurial strategy, not finance, and includes a background of the industry, an explanation of all aspect of the VC Job Cycle and a framework called "VC Razor" for performing due diligence.

#BreakIntoVC

40 leading venture capitalists come together to teach entrepreneurs how to succeed with their startup The Entrepreneurial Bible to Venture Capital is packed with invaluable advice about how to raise angel and venture capital funding, how to build value in a startup, and how to exit a company with maximum value for both founders and investors. It guides entrepreneurs through every step in an entrepreneurial venture from the legalities of raising initial capital to knowing when to change tactics. Andrew Romans is the co-founder and general partner of Rubicon Venture Capital, a venture capital fund that invests in privately held technology companies

Early Exits

Our innovation economy is broken. But there's good news: The ideas that will solve our problems are hiding in plain sight. While big companies in the American economy have never been more successful, entrepreneurial activity is near a 30-year low. More businesses are dying than starting every day. Investors continue to dump billions of dollars into photo-sharing apps and food-delivery services, solving problems for only a wealthy sliver of the world's population, while challenges in health, food security, and education grow more serious. In The Innovation Blind Spot, entrepreneur and venture

Read Online Mastering The Vc Game A Venture Capital Insider Reveals How To Get From Start Up To In On Your Terms

capitalist Ross Baird argues that the innovations that truly matter don't see the light of day—for reasons entirely of our own making. A handful of people in a handful of cities are deciding, behind closed doors, which entrepreneurs get a shot to succeed. And most investors are what Baird calls “two-pocket thinkers”—artificially separating their charitable work from their day job of making a profit. The resulting system creates rising income inequality, stifled entrepreneurial ambition, social distrust, and political uncertainty. Our innovation problem makes all our other problems harder to solve. In this book, Baird demonstrates how and where to find better ideas by lifting up people, places, and industries that are often overlooked. What's more, Baird ultimately outlines how to create long-term success through “one-pocket thinking”—eliminating the blind spot that separates “what we do for a living” and “what we really care about.”

Venture Deals

An engaging guide to excelling in today's venture capital arena Beginning in 2005, Brad Feld and Jason Mendelson, managing directors at Foundry Group, wrote a long series of blog posts describing all the parts of a typical venture capital Term Sheet: a document which outlines key financial and other terms of a proposed investment. Since this time, they've seen the series used as the basis for a number of college courses, and have been thanked by thousands of people who have used the information to gain a better understanding of the venture capital

Read Online Mastering The Vc Game A Venture Capital Insider Reveals How To Get From Start Up To Ipo On Your Terms

field. Drawn from the past work Feld and Mendelson have written about in their blog and augmented with newer material, Venture Capital Financings puts this discipline in perspective and lays out the strategies that allow entrepreneurs to excel in their start-up companies. Page by page, this book discusses all facets of the venture capital fundraising process. Along the way, Feld and Mendelson touch on everything from how valuations are set to what externalities venture capitalists face that factor into entrepreneurs' businesses. Includes a breakdown analysis of the mechanics of a Term Sheet and the tactics needed to negotiate Details the different stages of the venture capital process, from starting a venture and seeing it through to the later stages Explores the entire venture capital ecosystem including those who invest in venture capitalist Contain standard documents that are used in these transactions Written by two highly regarded experts in the world of venture capital The venture capital arena is a complex and competitive place, but with this book as your guide, you'll discover what it takes to make your way through it.

The Art of Startup Fundraising

Many professionals aspire to work for startups. Executives from large companies view them as models to help them adapt to today's dynamic innovation economy, while freshly minted MBAs see magic in founding something new. Yes, startups look magical, but they can also be chaotic and inaccessible. Many books are written for those who

Read Online Mastering The Vc Game A Venture Capital Insider Reveals How To Get From Start Up To Top On Your Terms

aspire to be founders, but a company only has one or two of those. What's needed is something that deconstructs the typical startup organization for the thousands of employees who join a fledgling company and do the day-to-day work required to grow it into something of value. Entering StartUpLand is a practical, step-by-step guide that provides an insider's analysis of various startup roles and responsibilities--including product management, marketing, growth, and sales--to help you figure out if you want to join a startup and what to expect if you do. You'll gain insight into how successful startups operate and learn to assess which ones you might want to join--or emulate. Inside this book you'll find: A tour of typical startup roles to help you determine which one might be the best fit for you Profiles of startup executives across many different functions who share their stories and describe their responsibilities A methodology to identify and evaluate startups and position yourself to find the opportunity that's right for you Written by an experienced venture capitalist, entrepreneur, and Harvard Business School professor, Entering StartUpLand will guide you as you seek your ideal entry point into this popular, cutting-edge organizational paradigm.

Mastering the VC Game

Anyone can master the fundamentals of game design - no technological expertise is necessary. The Art of Game Design: A Book of Lenses shows that the same basic principles of psychology that work for board games, card games and athletic games also are the keys to making top-quality videogames. Good game design happens when you view your game from many different perspectives, or lenses. While touring through the unusual territory that is game design, this book gives the reader one hundred of these lenses - one hundred sets of insightful questions to ask yourself that will help make your game better. These lenses are gathered from fields as diverse as psychology, architecture, music, visual design, film, software engineering, theme park design, mathematics, writing, puzzle design, and anthropology. Anyone who reads this book will be inspired to become a better game designer - and will understand how to do it.

The New Rules of Marketing and PR

One of Silicon Valley's most successful angel investors shares his rules for investing in startups. There are two ways to make money in startups: create something valuable—or invest in the people that are creating valuable things. Over the past twenty-five years, Jason Calacanis has made a fortune investing in creators, spotting and helping build and fund a number of successful technology startups—investments that have earned him tens of

Read Online Mastering The Vc Game A Venture Capital Insider Reveals How To Get From Start Up To 100 On Your Terms

millions of dollars. Now, in this enlightening guide that is sure to become the bible for twenty-first century investors, Calacanis takes potential angels step-by-step through his proven method of creating massive wealth: startups. As Calacanis makes clear, you can get rich—even if you came from humble beginnings (his dad was a bartender, his mom a nurse), didn't go to the right schools, and weren't a top student. The trick is learning how angel investors think. Calacanis takes you inside the minds of these successful moneymen, helping you understand how they prioritize and make the decisions that have resulted in phenomenal profits. He guides you step by step through the process, revealing how leading investors evaluate new ventures, calculating the risks and rewards, and explains how the best startups leverage relationships with angel investors for the best results. Whether you're an aspiring investor or a budding entrepreneur, Angel will inspire and educate you on all the ins and outs. Buckle up for a wild ride into the world of angel investing!

The Reconnected Leader

Budding entrepreneurs face a challenging road. The path is not made any easier by all the clichés they hear about how to make a startup succeed—from platitudes and conventional wisdom to downright contradictions. This witty and wise guide to the dilemmas of entrepreneurship debunks widespread misconceptions about how the world of startups works and offers hard-earned advice for every step of the journey. Instead of startup myths—legends spun from

Read Online Mastering The Vc Game A Venture Capital Insider Reveals How To Get From Start Up To Inp On Your Terms

a fantasy version of Silicon Valley—Rizwan Virk provides startup models—frameworks that help make thoughtful decisions about starting, growing, managing, and selling a business. Rather than dispensing simplistic rules, he mentors readers in the development of a mental toolkit for approaching challenges based on how startup markets evolve in real life. In snappy prose with savvy pop-culture and real-world examples, Virk recasts entrepreneurship as a grand adventure. He points out the pitfalls that appear along the way and offers insights into how to avoid them, sharing the secrets of founding a startup, raising money, hiring and firing, when to enter a market and when to exit, and how to value a company. Virk combines lessons learned the hard way during his twenty-five years of founding, investing in, and advising startups with reflections from well-known venture capitalists and experts. His candid advice makes *Startup Myths and Models* an ideal guide for those readers just embarking on the startup life and those looking for their next adventure.

What Every Angel Investor Wants You to Know: An Insider Reveals How to Get Smart Funding for Your Billion Dollar Idea

The global financial crisis, a scandal-ridden business

Read Online Mastering The Vc Game A Venture Capital Insider Reveals How To Get From Start Up To Inp On Your Terms

world and a deeply unstable business environment: all of it means that trust in businesses, and business leaders, is at an all-time low. At the same time, global supply chains in major corporations have become more complex and exposed to risks, as organizations have sought to make use of cheaper production opportunities in poorer countries, leaving their global brands exposed to uncertain practices around the world; we are in need of a new kind of leadership. There is a growing disconnect between the way large corporations would like to see the world and what is happening in reality, and the problem lies at least partly in the way that these organizations are being led. The Reconnected Leader evaluates the current situation and sets out an eight-step model to implementing new leadership practices that help managers reconnect with their teams and reset the relationship the business has with all its stakeholders. It is up to leaders to set long-term goals that, if achieved, will create lasting value for businesses and for the communities they serve. Drawing on case studies from international organizations and a sound theoretical underpinning, thought leader Norman Pickavance argues that the solution lies with leaders. The Reconnected Leader invites readers on a journey to rediscover the true purpose of their business and find more innovative leadership solutions that integrate the challenge of long-term societal needs and short-term financial results.

Crack the Funding Code

"This is a graphically bold, story-driven book,

Read Online Mastering The Vc Game A Venture Capital Insider Reveals How To Get From Start Up To Ino On Your Terms

accessible to readers with a middle-school math background, that engagingly introduces readers to 16 unsolved mathematical puzzles. There are two main (fictional) characters in the book: "Mage" Maryam (named in honor of the late Maryam Mirzakhani, the only woman Fields Medalist), a young female mathematician who discovers that she is a descendant of the other main character, Merlin (of the Arthurian fables). Before she dies, Maryam's grandmother hands her Merlin's lost math journal containing problems he was summoned by Camelot to solve but failed to do so. Maryam briefly introduces the 16 entries from Merlin's journal (and the corresponding math topic), then Merlin describes the problem (accompanied by beautiful illustrations), then Maryam follows up with a deeper explanation of the math, the history of the puzzle, and how close mathematicians have come to solving it"--

The Innovation Blind Spot

"Anyone who comes to pitch on Shark Tank should read this book first!" —Barbara Corcoran, ABC's Shark Tank "I have seen literally thousands of companies trying to raise capital and know that a great pitch deck is critical. This book gives you the playbook for creating yours." —Naval Ravikant, cofounder and CEO, AngelList "I raised twice the amount of money I set out to in a mere five weeks. I'm naming my firstborn child after the Evans." —Slava Menn, cofounder and CEO, Fortified Bicycle HOW DO YOU LAUNCH THE VENTURE OF YOUR DREAMS? Get Backed isn't just about startup fundraising. It's a

handbook for anyone who has an idea and needs to build relationships to get it off the ground. Over the last 3 years, entrepreneurs Evan Loomis and Evan Baehr have raised \$45 million for their own ventures, including the second largest round on the fundraising platform AngelList. In *Get Backed*, they show you exactly what they and dozens of others did to raise money—even the mistakes they made—while sharing the secrets of the world’s best storytellers, fundraisers, and startup accelerators. They’ll also teach you how to use “the friendship loop”, a step-by-step process that can be used to initiate and build relationships with anyone, from investors to potential cofounders. And, most of all, they’ll help you create a pitch deck, building on the real-life examples of 15 ventures that have raised over \$150 million. What’s in the book?

- The original pitch decks and fundraising strategies of 15 ventures that raised over \$150 million
- Email scripts that will get you a meeting with angel investors, venture capitalists, and potential board members
- Pitching exercises developed by startup talent beds like Stanford University’s d.school and Techstars
- A breakdown of the 10 essential pitch deck slides, how to create them, and what questions you should answer with each
- An overview of the 5 main funding sources for startups, the pros and cons of each, and who the big players are
- A crash-course in visual and presentation design that will make any deck beautiful
- Templates for 4 stories every entrepreneur should know how to tell
- The story of one entrepreneur who showed up in Silicon Valley with no network and six months later had investments from Fred Anderson, Bono, and Peter Thiel

Get Backed will show you exactly what it takes to get

The Masters of Private Equity and Venture Capital

This updated edition includes several new features, including: · The Startup Valuation Explorer · Expanded coverage of Valuation Methods · Responding to investor questions about your valuation ·

Understanding option pool impact on your valuation
For many early-stage entrepreneurs assigning a pre-money valuation to your startup is one of the more daunting tasks encountered during the fundraising quest. This guide provides a quick reference to all of the key topics around early-stage startup valuation and provides step-by-step examples for several valuation methods. This Founder's Pocket Guide helps startup founders learn: • What a startup valuation is and when you need to start worrying about it. • Key terms and definitions associated with valuation, such as pre-money, post-money, and dilution. • How investors view the valuation task, and what their expectations are for early-stage companies. • How the valuation fits with your target raise amount and resulting founder equity ownership. • How to do the simple math for calculating valuation percentages. • How to estimate your company valuation using

Read Online Mastering The Vc Game A Venture Capital Insider Reveals How To Get From Start Up To Ino On Your Terms

several accepted methods. • What accounting valuation methods are and why they are not well suited for early-stage startups.

Mastering the VC Game

This book studies diverse categories of venture capital (VC) firms in India based on their ownership type (domestic vs foreign), stage of investment (early vs growth stage) and VC investment team composition (entrepreneurial experience vs investing experience). For each category of VC firms, the nuances in their investment, portfolio involvement and exit strategies are separately analysed.

Employing the framework of information asymmetry, the book studies how different categories of VC firms rely on distinct mechanisms such as deal syndication and domain specialization to address the ensuing adverse selection and agency risks. It also delves into the macro context by assessing whether the emergence of VC in India has been driven by 'pull' or 'push' factors. This is accomplished by analysing in depth the supply and demand of VC funds. Finally, it critically reviews the existing policies of entrepreneurial finance and arrives at recommendations for future directions of the same.

Mastering the Market Cycle

The definitive guide to demystifying the venture capital business *The Business of Venture Capital, Second Edition* covers the entire spectrum of this field, from raising funds and structuring investments

Read Online Mastering The Vc Game A Venture Capital Insider Reveals How To Get From Start Up To Inp On Your Terms

to assessing exit pathways. Written by a practitioner for practitioners, the book provides the necessary breadth and depth, simplifies the jargon, and balances the analytical logic with experiential wisdom. Starting with a Foreword by Mark Heesen, President, National Venture Capital Association (NVCA), this important guide includes insights and perspectives from leading experts. Covers the process of raising the venture fund, including identifying and assessing the Limited Partner universe; fund due-diligence criteria; and fund investment terms in Part One Discusses the investment process, including sourcing investment opportunities; conducting due diligence and negotiating investment terms; adding value as a board member; and exploring exit pathways in Part Two Offers insights, anecdotes, and wisdom from the experiences of best-in-class practitioners Includes interviews conducted by Leading Limited Partners/Fund-of-Funds with Credit Suisse, Top Tier Capital Partners, Grove Street Advisors, Rho Capital, Pension Fund Managers, and Family Office Managers Features the insights of over twenty-five leading venture capital practitioners, frequently featured on Forbes' Midas List of top venture capitalists Those aspiring to raise a fund, pursue a career in venture capital, or simply understand the art of investing can benefit from *The Business of Venture Capital, Second Edition*. The companion website offers various tools such as GP Fund Due Diligence Checklist, Investment Due Diligence Checklist, and more, as well as external links to industry white papers and other industry guidelines.

Angel

Entrepreneurs who dream of building the next Amazon, Facebook, or Google can take advantage of one of the most powerful economic engines the world has ever known: venture capital. To do so, you need to woo, impress, and persuade venture capitalists to take a risk on an unproven idea. That task is challenge enough. But choosing the right investor can be harder still. Even if you manage to get backing, you want your VC to be a partner, not some adversary who will undermine your vision in order to make a quick return. Jeffrey Bussgang is one of a few people who have played on both sides of this high-stakes game. By his early thirties, he had helped build two successful start-ups-one went public, the other was acquired. Now he draws on his experience and unique perspective on the "other side" as a venture capitalist helping entrepreneurs bring their dreams to fruition. Bussgang offers detailed insights, colorful stories, and practical advice gathered from his own experience as well as from interviews with dozens of the most successful players on both sides of the game, including Twitter's Jack Dorsey and LinkedIn's Reid Hoffman. He reveals how to get noticed, perfect a pitch, and negotiate a partnership that works for everyone. An insider's guide to the secrets of the world venture capital, Mastering the VC Game will prove invaluable for entrepreneurs seeking capital and successful partnerships.

Get Backed

A NEW YORK TIMES, WALL STREET JOURNAL, AND USA TODAY BESTSELLER Named one of the Best Business Books of 2018 by Business Insider The legendary investor shows how to identify and master the cycles that govern the markets. We all know markets rise and fall, but when should you pull out, and when should you stay in? The answer is never black or white, but is best reached through a keen

Read Online Mastering The Vc Game A Venture Capital Insider Reveals How To Get From Start Up To Top On Your Terms

understanding of the reasons behind the rhythm of cycles. Confidence about where we are in a cycle comes when you learn the patterns of ups and downs that influence not just economics, markets and companies, but also human psychology and the investing behaviors that result. If you study past cycles, understand their origins and remain alert for the next one, you will become keenly attuned to the investment environment as it changes. You'll be aware and prepared while others get blindsided by unexpected events or fall victim to emotions like fear and greed. By following Marks's insights — drawn in part from his iconic memos over the years to Oaktree's clients — you can master these recurring patterns to have the opportunity to improve your results.

The Economics of Venture Capital Firm Operations in India

"One Report" refers to an emerging trend in business taking place throughout the world where companies are going beyond separate reports for financial and nonfinancial (e.g., corporate social responsibility or sustainability) results and integrating both into a single integrated report. At the same time, they are also leveraging the Internet to provide more detailed results to all of their stakeholders and for improving their level of dialogue and engagement with them. Providing best practice examples from companies around the world, One Report shows how integrated reporting adds tre.

Counsels start-ups on how to finance and launch a business, drawing on the author's entrepreneurial experiences as well as the insights of leaders from such companies as Twitter and LinkedIn to cover topics ranging from successful pitches to beneficial partnerships.

The Startup Playbook

Crack the Funding Code demystifies the world of angel investing, venture capital, and corporate funding and lays out a strategic pathway for any entrepreneur to secure funding fast. Lack of funding is one of the biggest reasons small businesses fail. In 2016 in the United States alone, more than 31 percent of small business owners reported that they could not access adequate capital, and the lack of capital prevented them from growing the business/expanding operations, increasing inventory, or financing increased sales. Most business owners believe that their only feasible funding options are (1) savings or personal credit, (2) friends and family or (3) bank loans. They may have heard about venture capitalists or angel investors, but they don't have enough information about what these investors do, what they can provide for a business, and on what terms. What's worse, entrepreneurs often don't know how to access the people who are looking to put their money into young companies with potential. Finally, business owners don't have enough expertise to navigate the treacherous waters of outside funding.

Many small companies don't believe they are the type of company that gets funded. Even when business owners are brave enough to look for the right outside investors, they don't know how to create the compelling pitches or how to structure the deals that will get them the funding to expand and grow. Crack the Funding Code will show readers how to find the money, create pitches that attract investors, and then structure fair, ethical deals that will bring them new sources of outside capital and invaluable professional advice. It will give readers the broader perspective—how funding works, how investors think, and what they need to hear to put their money where your mouth is. Every entrepreneur who reads this book will get easy-to-follow deal checklists, a roadmap of where and how to locate the best funding resources and top business mentors for their particular industry and/or geographical location, and a step-by-step process to create pitches that make their idea or business irresistible.

The Entrepreneurial Bible to Venture Capital: Inside Secrets From the Leaders in the Startup Game

The first book to offer a comprehensive framework for conducting the venture capital due diligence process. Venture capitalists and other professional investors use due diligence to uncover all of the critical aspects of a company in which they are considering investing in an attempt to estimate the ROI of this decision. The state of the market, management expertise within the firm, legal concerns, location, and environmental

issues are just a few of the factors investors include in their due diligence analyses. This book is the only guide to provide investors with a rigorous due diligence framework that can be customized to fit the practice of the firm. The book provides readers with a clear and complete understanding of the due diligence process and formalizes the process for the VC community. The book is structured around key criteria presented in the form of questions. Each question is followed by in-depth explanations and analyses that incorporate the best practices of today's top VCs, including John Doerr, Don Valentine, Kevin Fong, and Ann Winblad.

Venture Capital For Dummies

Introduces machine learning and its algorithmic paradigms, explaining the principles behind automated learning approaches and the considerations underlying their usage.

Entering StartUpLand

A Wall Street Journal Bestseller! What are venture capitalists saying about your startup behind closed doors? And what can you do to influence that conversation? If Silicon Valley is the greatest wealth-generating machine in the world, Sand Hill Road is its humming engine. That's where you'll find the biggest names in venture capital, including famed VC firm Andreessen Horowitz, where lawyer-turned-entrepreneur-turned-VC Scott Kupor serves as managing partner. Whether you're trying to get a new

company off the ground or scale an existing business to the next level, you need to understand how VCs think. In *Secrets of Sand Hill Road*, Kupor explains exactly how VCs decide where and how much to invest, and how entrepreneurs can get the best possible deal and make the most of their relationships with VCs. Kupor explains, for instance:

- Why most VCs typically invest in only one startup in a given business category.
- Why the skill you need most when raising venture capital is the ability to tell a compelling story.
- How to handle a "down round," when startups have to raise funds at a lower valuation than in the previous round.
- What to do when VCs get too entangled in the day-to-day operations of the business.
- Why you need to build relationships with potential acquirers long before you decide to sell.

Filled with Kupor's firsthand experiences, insider advice, and practical takeaways, *Secrets of Sand Hill Road* is the guide every entrepreneur needs to turn their startup into the next unicorn.

Angel Investing

Andrew Romans captured wisdom from interviews with 100+ Corporate Venture Capitalists (CVCs), independent VCs, CEOs of startups, bankers and lawyers to write the definitive book on the topic of CVC. *Masters of Corporate Venture Capital* is packed with invaluable advice about how to best raise capital from CVCs, unlock synergies of partnering startups with large corporations for rapid international growth and avoid potential disasters and other dangers related to CVC. More than 20% of all Venture Capital

Entrepreneurs drive the future, and the last several decades have been a thrilling ride of astounding, far-reaching innovation. Behind this transformative progress are also the venture capitalists - who are at once the investors, coaches and allies of the entrepreneurs. William H. Draper III knows this story first-hand, because as a venture capitalist, he helped write it. For more than 40 years, Bill Draper has worked with top entrepreneurs in fabled Silicon Valley, where today's vision is made into tomorrow's reality. The Startup Game is the first up-close look at how the relationship between venture capitalists and entrepreneurs is critical to enhancing the success of any economy. From a venture capitalist who saw the potential of Skype, Apollo Computer, Hotmail, OpenTable, and many other companies, come firsthand stories of success. In these pages, Draper explores how to evaluate innovative ideas and the entrepreneurs behind those ideas, and he shares lessons from Yahoo, Zappos, Baidu, Tesla Motors, Activision, Measurex, and more. Also, in revealing his on-the-ground account of how Deng Xiaoping brought China roaring into the modern world and how Manmohan Singh unlocked the creative genius of Indian entrepreneurs, Draper stresses the essential value of farsighted political leadership in creating opportunity. The author also discusses his efforts to bring best practices of the venture capitalist/entrepreneur partnership to the social sector. Written in an engaging narrative, and incorporating many of the author's personal experiences, this book provides a much-needed look at how the world of venture capital and entrepreneurship works.
