Twelve-year-old Grace and her feline best friend, Midnight, have a secret: Midnight is a ghost. But then again, so are the rest of Graces' friends. Since she's the only person in hundreds of years with the ability to see them, the many ghosts of Tansy have flocked to Grace since birth. She doesn't mind. She prefers the company of the dead to that of the cliquy kids at school. Grace is happy with her strange life, until one day, the ghosts tell her about the secret her town has hidden for centuries. There's a reason there are more ghosts than living people in Tansy. Three-hundred years ago, a lonely witch cast a spell that mistakenly trapped the soul of every person to ever set foot in the tiny town. So when the spirits beg her to find a way to break the curse, Grace is eager to help. As she searches for answers, Grace makes discoveries about the secret her family hid for generations and a world of magic hidden in her own backyard. Grace soon realizes that if she succeeds in breaking the curse, she'll lose Midnight and all of her ghost friends, but if she fails, everyone living in Tansy will face the same fate. Can Grace break the curse before it's too late?

In this spellbinding, lavishly illustrated story that Diary of a Wimpy Kid author Jeff Kinney calls "wildly imaginative and totally terrifying," two unlikely friends face down their worst fears in order to stop their small town--and themselves--from disappearing. Levi and Kat are about to discover a very dark side to their neighborhood. Nothing ever seems out of place in the safe, suburban town of Cowslip Grove. Lawns are neatly mowed, sidewalks are tidy, and the sounds of ice cream trucks fill the air. But now . . . kids have been going missing--except no one even realizes it, because no one remembers them. Not their friends. Not their teachers. Not even their families. But Levi and Kat do remember, and suddenly only they can see why everyone is in terrible danger when the night air rolls in. Now it is up to Levi and Kat to fight it and save the missing kids before it swallows the town whole.

"Perfect for writers who are feeling uninspired or who simply want to tackle a new writing challenge, 1200 Creative Writing Prompts has something for everyone. Whether you write fiction, poetry, or creative nonfiction, you'll find plenty of fresh ideas inside this book" --

The Everything New Teacher Book

Tap into your inner writer with this book of practical advice by the bestselling author of *How Writers Work* and the ALA Notable Book *Fig Pudding*. Writers are just like everyone else—except for one big difference. Most people go through life experiencing daily thoughts and feelings, noticing and observing the world around them. But writers record these thoughts and observations. They react. And they need a special place to record those reactions. Perfect for classrooms, *A Writer's Notebook* gives budding writers a place to keep track of all the little things they notice every day. Young writers will love these useful tips for how to use notes and jottings to create stories and poems of their own.

Making Connections in Elementary and Middle School Social Studies

A distinctive portrait of the Fab Four by one of the sharpest and wittiest writers of our time "If you want to know what it was like to live those extraordinary Beatles years in real time, read this book." —Alan Johnson, *The Spectator* Though fifty years have passed since the breakup of the Beatles, the fab four continue to occupy an utterly unique place in popular culture. Their influence extends far beyond music and into realms as diverse as fashion and fine art, sexual politics and religion. When they appeared on *The Ed Sullivan Show* in 1964, fresh off the plane from England, they provoked an epidemic of hoarse-throated fandom that continues to this day. Who better, then, to capture the Beatles phenomenon than Craig Brown—the inimitable author of *Ninety-Nine Glimpses of Princess Margaret* and master chronicler of the foibles and foppishness of British high society? This wide-ranging portrait of the four lads from Liverpool rivals the unique spectacle of the band itself by delving into a vast catalog of heretofore unexamined lore. When actress Eleanor Bron touched down at Heathrow with the Beatles, she thought that a flock of starlings had alighted on the roof of the terminal—only to discover that the birds were in fact young women screaming at the top of their lungs. One journalist, mistaken for Paul McCartney as he trailed the band in his car, found himself nearly crushed to death as fans climbed atop the vehicle and pressed their bodies against the windshield. Or what about the Baptist preacher who claimed that the Beatles synchronized their songs with the rhythm of an infant's heartbeat so as to induce a hypnotic state in listeners? And just how many people have employed the services of a Canadian dentist who bought John Lennon's tooth at auction, extracted its DNA, and now offers paternity tests to those hoping to sue his estate? *150 Glimpses of the Beatles* is, above all, a distinctively kaleidoscopic examination of the Beatles' effect on the world around them and the world they helped bring into being. Part anthropology and part memoir, and enriched by the recollections of everyone from Tom Hanks to Bruce Springsteen, this book is a humorous, elegiac, and at times madcap take on the Beatles' role in the making of the sixties and of music as we know it.

Set down your memories, experiences, gratitude, goals and achievements. Use your private journal time for your "brain dump." Scan and sweep your mind and don't forget to appreciate all the good around you. Vent your anger, exult in your accomplishments, savor your blessings. Write poetry, short stories, or letters to your younger or older self. Journal-keeping has a way of making things happen. It's a processing plant for projects in the future and challenges and annoyances from the past. Get the words in your heart out. Find clarity. Prioritize goals. If you absolutely insist you can even get digital and password-protected, but then you'll miss the fun of doodling, adding arrows and mind maps along with the romantic pen and paper connection. Begin this book any day of the year. Each day, read a quote and a new prompt and get comfortable with your few minutes of sweet private time away from the world. Journal in bed first thing in the morning, at the end of the day, or with your 4 pm tea break. Make it a new habit that becomes your gift to yourself. (You can skip a day now and then. No one's taking attendance.) Find additional strength and support by finding a trusted journal-reading partner or non-judgmental, small, intimate group with whom to share your writing. This could be a soul mastery group which could meet once a week or by Skype or however you develop it. Journal: 365+ Writing Prompts, is part of the kindle matchbook campaign. When you get the paperback first as a gift for a friend (or yourself) and you can then get the kindle version for free. Of course you can journal with only your simple blank notebook, but this book will give you a real push to sustain your writing along with some novel ideas for releasing that inner junk that's been looking for a way out. Go ahead, crack open that notebook and pick up that beloved pen you got as a present. Choose your favorite location and preferred time. WRITE one day at a time until you've found a new loving introspective behavior. ABOUT THE AUTHOR Judy Shafarman has been a teacher and workshop facilitator for many years in several countries. Illuminating Literature

"The F*ck It Diet is not only hilarious, it is scientifically and medically sound. A must read for any chronic dieter." -Christiane Northrup, MD, New York Times bestselling author of Women's Bodies, Women's Wisdom" From comedian and ex-diet junkie Caroline Dooner, an inspirational guide that will help you stop dieting, reboot your relationship with food, and regain your personal power DIETING

DOESN'T WORK Not long term. In fact, our bodies are hardwired against it. But each time our diets fail, instead of considering that maybe our ridiculously low-carb diet is the problem, we wonder what's wrong with us. Why can't we stick to our simple plan of grapefruit and tuna fish??? Why are we so hungry? What is wrong with us??? We berate ourselves for being lazy and weak, double down on our belief that losing weight is the key to our everlasting happiness, and resolve to do better tomorrow. But it's time we called a spade a spade: Constantly trying to eat the smallest amount possible is a miserable way to live, and it isn't even working. So fuck eating like that. In *The F*ck It Diet*, Caroline Dooner tackles the inherent flaws of dieting and diet culture, and offers readers a counterintuitively simple path to healing their physical, emotional, and mental relationship with food. What's the secret anti-diet? Eat. Whatever you want. Honor your appetite and listen to your hunger. Trust that your body knows what it is doing. Oh, and don't forget to rest, breathe, and be kind to yourself while you're at it. Once you get yourself out of survival mode, it will become easier and easier to eat what your body really needs—a healthier relationship with food ultimately leads to a healthier you. An ex-yo-yo dieter herself, Dooner knows how terrifying it can be to break free of the vicious cycle, but with her signature sharp humor and compassion, she shows readers that a sustainable, easy relationship with food is possible. Irreverent and empowering, *The F*ck It Diet* is call to arms for anyone who feels guilt or pain over food, weight, or their body. It's time to give up the shame and start thriving. Welcome to the F*ck It Diet. Let's Eat.
