Finally, a superb reference book on Philco, the leading radio manufacturer during radio's "Golden Age." Philco Radio: 1928-1942 not only shows many of Philco's radio receivers, but provides background on the company as well. Specifications for each model are given. The text is divided into a year-by-year look at Philco's radio line, so that the reader may see what Philco had to offer each year between 1928, when the company began to make radios, and 1942, when World War II put a halt to radio production. Philco Radio is an invaluable source for the radio collector. Anyone who enjoys antiques and collectibles or was lucky enough to remember radio's "Golden Age" will also enjoy taking a nostalgic trip through its pages. This is the first volume to feature Philco's radio products exclusively. The photographs and specifications will prove a valuable aid in identifying a particular Philco model. AUTHOR: Ron Ramirez has been interested in radios nearly all his life. He accumulated a diverse collection of radios dating from the twenties through the forties before he encountered the Philco sets. Ultimately, Ron specialized in Philcos and sold or traded off all his other sets. He currently owns forty Philco sets dating from 1928 to 1937. He lives in Kentucky with his wife, Linda, and his two daughters.

The Shadow of Unfairness

Although Dermot Healy (1947-2014) is probably best known as an award-winning novelist and poet, he was also a prolific playwright, screenwriter, and actor. Healy's interest in drama was long-standing, and was central to his development as a writer. Between 1985 and 2010 he wrote thirteen stage plays, including a critically-acclaimed adaptation of Garcia Lorca's Blood Wedding in 1989. All of these plays are published here for the first time. One of the most striking features of Healy's dramatic works is their spirit of community collaboration and their strong social conscience. His first play, *Here and There and Going to America* (1985), was performed by members of the Sligo Dole Q Company; *Metagama* (2004) was written for Theatre Hebrides on the Isle of Lewis; *Serious* (2005) was written in collaboration with (and performed by) prisoners from Castlerea Prison; *A Night at the Disco* (2006) was written in collaboration with the teachers and students of St Mary's Secondary School in Ballina. These community-based productions were interspersed with more professional commissions, including *Mr Staines*, performed by Pan Pan Theatre Company at the Samuel Beckett Theatre in Dublin in 1999, and *Men to the Right, Women to the Left*, first performed at The Abbey Theatre in 2005 by the Clones Drama Group. Although the settings of Healy's plays are often local and regional by design, their reach is always international and universal. With the publication of this volume, Healy's contribution to drama seems certain to flourish amongst practitioners and scholars alike, and *The Collected Plays* will be of great

interest to all devotees of contemporary Irish theatre."

Keep your body in tip-top shape with the one diet that all doctors love—and with the speed and convenience of pressure-cooking! The DASH Diet, developed at the National Institutes of Health in the US, is a low-salt, low-sugar, low-fat diet that is good for everyone—but especially for people with heart disease, hypertension, diabetes, or excessive weight. That's a lot of us! Remarkably, nearly one-half of the population has one or more of those health issues. For those who luckily do not, the DASH diet is a terrific way to keep your body in optimum health and to ward off problems down the road. The DASH diet is the diet most often recommended by cardiologists. Until now, there has been no cookbook for tasty and fast DASH meals in the Instant Pot or other electric pressure cooker (or "multi-cooker"). In *Dinner in a DASH*, veteran healthy-cookbook author Nancy S. Hughes delivers 75 recipes that get you from here to a nutritious and delectable dinner in a flash. You'll get all the minerals and proteins you need without an excess of saturated fats, salt, or sugar. These are delicious meals that don't compromise on flavor. From a homey and comforting Marinara Chicken with Parmesan to an adventuresome plate of Shrimp-Stuffed Poblano Peppers, and from an elegant Salmon on Spinach with Tarragon Mustard Sauce to a casual and carefree Flank Steak with Mushrooms, you'll do your body a world of good while enjoying every minute. Each of the recipes comes with complete nutritional data, and the book opens with a wealth of tips and tricks for mastering the Instant Pot and other electric pressure cookers. For fast and easy dinners full of flavor and nutrients, this is an indispensable book.

Fighters in the Shadows

In this sequel to his prize-winning book, *The Eyes of the People*, Jeffrey Edward Green draws on philosophy, history, social science, and literature to ask what democracy can mean in a world where it is understood that socioeconomic status to some degree will always determine opportunities for civic engagement and career advancement. Under this shadow of unfairness, Green argues that the most advantaged class are rightly subjected to compulsory public burdens. And just as

provocatively, he urges ordinary citizens living in polities permanently darkened by plutocracy to acknowledge their second-class status and the uncomfortable civic ethics that come with it -- specifically an ethics whereby the pursuit of egalitarianism is informed, at least in part, by indignation, envy, uncivil modes of discourse, and even the occasional suspension of political care. Deeply engaged in the history of political thought, *The Shadow of Unfairness* is still first and foremost an effort to illuminate present-day politics. With the plebeians of ancient Rome as his muse, Green develops a plebeian conception of contemporary liberal democracy, at once disenchanting yet idealistic in its insistence that the Few-Many distinction might be enlisted for progressive purpose. Green's analysis is likely to unsettle all sides of the political spectrum, but its focus looks beyond narrow partisan concerns and aims instead to understand what the ongoing quest for free and equal citizenship might require once it is accepted that our political and educational systems will always be tainted by socioeconomic inequality.
