### **MRCPsych Parts I & II: Individual statements and EMI practice exams**

Following hot on the heels of the launch of the new syllabus and new MRCPsych exam in Spring 2008 by the Royal College of Psychiatrists, this book contains 450 multiple choice questions. Supporting these MCQs are detailed explanatory answers and revision notes, referenced to the key textbooks used by students. Content is closely matched to the exam and includes practice papers for true exam preparation

### **Revision Notes in Psychiatry**

Reflecting the new syllabus and new MRCPsych exam launched by the Royal College of Psychiatrists, this book contains more than 450 multiple choice questions covering Paper 2. Closely matched to the exam, these MCQs are supported by detailed explanatory answers and revision notes.

### **Best of Five MCQs for MRCPsych Paper 2**

## **Psychology for the MRCPsych**

Studying for the MRCPsych exams can seem a daunting prospect, especially when faced with the vast amounts of literature available to help, but this book offers a complete solution in the form of a thoroughly comprehensive guide to the Part I Exam. Completely up to date and taking in the recent changes to the exam, the book reflects the exam format and content extremely accurately. Written by an experienced examiner with contributions from trainees, the book combines these elements to ensure that it is the perfect revision companion for any psychiatrist preparing for the MRCPsych Part I.

## **How to Pass the MRCPsych CASC**

An aid specifically for revision and quick reference focusing on the needs of trainee psychiatrists. The structure follows the revised MRCPsych examination syllabus and presents basic information to orient students who are new to the subject.

## **The New MRCPsych Paper III Practice MCQs and EMIs**

The MRCPsych examinations, conducted by the Royal College of Psychiatrists are the most important exams for psychiatric trainee to achieve specialist accreditation. Written by authors with previous exam experience and edited by the distinguished team behind Revision Notes in Psychiatry, Get Through MRCPsych Paper A: Mock Examination Papers provides candidates with the most realistic and up-to-date MCQ and EMIs, closely matched to themes appearing most often in the Paper A exam.

## **Revision MCQs and EMIs for the MRCPsych**

## **800 Individual Statement Questions for the MRCPsych**

MRCPsych Paper 1: 600 MCQs offers the most up-to-date and comprehensive coverage of MCQ practice questions for trainees preparing for the MRCPsych Paper 1 exam. The content is mapped to the syllabus to deliver structured revision in all key clinical areas. Featuring a wealth of practice questions, this book provides the essential revision tool to maximise the chances of exam success. 600 MCQs, reflecting the breadth of topics encountered in the actual exam Extensive evidence based referencing to relate theory to clinical practice Includes one unstructured mock paper, to allow candidates to practice under exam conditions

## **New MRCPsych Paper I Mock MCQ Papers**

This new revision guide with over 1500 questions, reasoned answers and links to explanatory text gives a comprehensive range of multiple choice questions (MCQs) and extended matching items (EMIs). Complete with sample papers, this book provides everything you need for the written parts of the MRCPsych and comparable higher postgraduate examinations in psychiatry. Contains over 550 MCQs and 350 EMIs divided into syllabus topics Includes full-length sample exam papers for Parts 1, 2 and 3 of the MRCPsych Challenging questions written to bring out key learning points Full, detailed answers and links to revision and remediation Prepared by experienced teachers and writers of examination questions This book is essential for all psychiatrists preparing for the written MRCPsych and similar examinations, allowing candidates to approach the exam with confidence.

## **Best of Five MCQs for MRCPsych Paper 3**

The new MRCPsych examination has changed significantly. Instead of two distinct parts, there are now three written papers and one clinical exam. This book is completely up-to-date and takes into account the new format. It provides 250 practice best-of-five multiple choice questions (MCQs) and 100 extended matching items questions (EMIs) for Paper I. It contains clear, concise solutions to each question as an aid to revision. It is comprehensive and authoritative, with both authors being members of the Psychiatric Trainee's Committee of the Royal College of Psychiatrists. As well as being an essential revision aid for candidates sitting Paper I, it is also useful when preparing for Papers II and III because of the many similarly themed questions.

## **Best of Five MCQs for MRCPsych Paper 1**

The structure of the MRCPsych examination has changed significantly. This book is specifically written for the new exam, providing 250 practice best-of-five multiple choice questions (MCQs) and 100 extended matching item (EMI) questions for Paper III. It contains clear, concise answers to questions, along with explanatory notes and further reading for each topic. It gives practical advice on the format and content of the examination and techniques for answering questions. It is comprehensive and authoritative: both authors are members of the Psychiatric Trainees' Committee of the Royal College of Psychiatrists.

providing 250 practice best-of-five multiple choice questions (MCQs) and 100 extended matching item (EMI) questions for Paper II. It contains clear, concise answers to questions, along with explanatory notes and further reading for each topic. It gives practical advice on the format and content of the examination and techniques for answering questions. It is comprehensive and authoritative: both authors are members of the Psychiatric Trainees' Committee of the Royal College of Psychiatrists. This is an essential revision aid for candidates sitting Paper II of the MRCPsych examination.

### **Revision Notes in Psychiatry, Third Edition**

Psychopathology lies at the centre of effective psychiatric practice and mental health care, and Fish's Clinical Psychopathology has shaped the training and clinical practice of psychiatrists for over fifty years. The fourth edition of this modern classic presents the clinical descriptions and psychopathological insights of Fish's to a new generation of students and practitioners. It includes recent revisions of diagnostic classification systems, as well as new chapters that consider the controversies of classifying psychiatric disorder and the fundamental role and uses of psychopathology. Clear and readable, it provides concise descriptions of the signs and symptoms of mental illness and astute accounts of the varied manifestations of disordered psychological function, and is designed for use in clinical practice. An essential text for students of medicine, trainees in psychiatry and practising psychiatrists, it will also be useful to psychiatric nurses, mental health social workers and clinical psychologists.

### **The New MRCPsych Paper I Practice MCQs and EMIs**

### **British Journal of Hospital Medicine**

Following recent changes to the syllabus and MRCPsych exam by the Royal College of Psychiatrists, this book contains 450 multiple choice questions offering exclusive coverage of Paper 3. Supporting these MCQs are detailed explanatory answers and revision notes. Content is closely matched to the exam and includes practice papers.

### **Seminars in General Adult Psychiatry**

Packed with over 1000 original questions, this book is an essential revision tool for candidates preparing for the MRCPsych Parts I and II written examinations. Offering both EMIs and individual statements compiled into mock examination papers, this compact volume offers questions on a broad range of topics in the actual exam format. Covering the width of the syllabus, it gives candidates both relevant and realistic exam practice. Answers are accompanied by explanations to aid

revision, and the user-friendly layout encourages effective preparation.

### **Revision Notes for Mrcpsych Paper 1**

A newly-prepared revision guide tailored to the brand new Clinical Assessment of Skills and Competencies (CASC) portion of the MRCPsych exam, containing over 100 clinical scenarios and accompanied by the ideal 'answers' examiners will be looking for.

### **The New MRCPsych Paper II Practice MCQs and EMIs**

This book contains 800 individual statement questions, plus their associated explanations, in the new examination format of the Membership of the Royal College of Psychiatrists Part 1. The questions are arranged into four self assessment papers of 200 questions each, and are presented in exactly the same format as the real examination. This book, therefore, provides ideal exam practice for MRCPsych Part 1 students. [Click here to find out more about our new specialist training courses.](#)

### **MRCPsych: Passing the CASC Exam**

The past decade has seen several revisions to the MRCPsych examinations but the latest changes have been the most radical. It is now a three part written examination along with a clinical assessment of skills and competencies. This has changed the focus of the new 'MRCPsych Paper I', which now includes two thirds one-best-item-from-five' multiple choice questions (MCQs). This collection of one-best-item-from-five' style multiple choice questions mirrors the new format for the exam. Its companion volume Extended Matching Items for the MRCPsych Examinations Part 1 by Michael Reilly and Bangaru Raju remains relevant for the new format where EMIs make up one third of the questions. Together, these two guides thoroughly prepare you for the revised format, incorporating the new areas of study such as basic ethics, philosophy and history of psychiatry, and stigma and culture. With varying degrees of question difficulty, a wide-range of styles and topics, and full explanations of answers overleaf, MRCPsych Paper I One-Best-Item MCQs is ideal for examination preparation and self-study.

### **MCQs in Basic Sciences for the MRCPsych, Part Two**

Comprising of 400 MCQs, this book provides essential revision content to help you pass the recently introduced MRCPsych Paper A. The most recent guidelines for the new curriculum have been followed in compiling the content. MCQs for the New

MRCPsych Paper A with Answers Explained is an invaluable aid for all candidates for the examination of the Royal College of Psychiatrists. Other clinicians and undergraduate students in medicine and health sciences will also find it useful.

### **MCQs for the New MRCPsych Paper A with Answers Explained**

#### **Get Through MRCPsych: MCQs for Paper 1**

Completely up to date with the latest examination changes, Get Through MRCPsych: MCQs for Paper 2 contains 350 'best answer 1 of 5' multiple choice questions (MCQs) presented in a format closely matching the new syllabus. Modelled on actual exam questions so that they accurately reflect the style and level of difficulty, candidates can test and assess their knowledge aiding thorough exam preparation. Providing useful revision advice on question comprehension and answer strategies, candidates can feel fully prepared when they enter the examination room. Featuring an invaluable collection of revision MCQs and detailed explanatory answers referenced to major journals and specialist textbooks, Get Through MRCPsych: MCQs for Paper 2 is the essential revision book for trainee psychiatrists.

#### **MRCPsych Paper 1 One-best-item MCQs**

Completely up to date with the latest examination changes, Get Through MRCPsych: MCQs for Paper 1 contains 640 'best answer 1 of 5' multiple choice questions (MCQs) presented in a format closely matching the new syllabus. Modelled on actual exam questions so that they accurately reflect the style and level of difficulty, candidates can test and assess their knowledge aiding thorough exam preparation. Providing useful revision advice on question comprehension and answer strategies, candidates can feel fully prepared when they enter the examination room. Featuring an invaluable collection of revision MCQs and detailed explanatory answers referenced to major journals and specialist textbooks, Get Through MRCPsych: MCQs for Paper 1 is the essential revision book for trainee psychiatrists.

#### **Practice Examination Papers for the MRCPsych Part 1**

Featuring a wealth of practice questions, MRCPsych Papers 1 and 2: 600 EMIs allows trainees to test themselves on everything they need to know to pass the exam.

#### **The MRCPsych Study Manual**

Containing sample extended matching items based on actual examples from the Royal College of Psychiatrists, this text encourages readers to develop test-wise skills and the ability to read exam questions thoroughly.

### **Extended Matching Items for the MRCPsych Part 1**

Aimed primarily at psychiatric trainees sitting the MRCPsych part II, this text should also appeal to more senior and junior psychiatrists, other mental health professionals and managers who need a brief but comprehensive introduction to the underlying concepts and practice of evidence-based mental health (EBMH). It covers the principal components of research methods, relevant statistics and critical appraisal processes for doctors and particularly psychiatrists. An everyday clinical relevance is maintained throughout with examples from psychiatric literature where possible.

### **Get Through MRCPsych: MCQs for Paper 3**

### **MRCPsych Paper B: 600 MCQs and EMIs**

The Royal College of Psychiatrists has recently changed the format of its membership examination to adopt multiple choice questions (MCQs). This book of mock MCQ papers includes 675 questions and answers covering all subjects of the Paper I curriculum. It is an essential aid for all candidates preparing for the MRCPsych Paper I.

### **MRCPsych Paper 1: 600 MCQs**

This manual is for busy clinicians and managers. It can help to improve the quality of care by explaining how to apply guidelines in a wide variety of clinical settings. Case studies written by the protagonists themselves describe the experiences of using guidelines in treating a wide range of conditions in primary and secondary care. The final sections collate the lessons learnt from these examples and propose practical solutions that can be applied in everyday clinical care by doctors nurses professionals allied to medicine and healthcare managers.

### **BMJ**

Revision Notes in Psychiatry, Third Edition continues to provide a clear and contemporary summary of clinical psychiatry and the scientific fundamentals of the discipline. It is an essential study aid for all those preparing for postgraduate examinations in psychiatry and a superb reference for practising psychiatrists. Structured to follow the entire MRCPsych

exam syllabus, the book covers the following key areas, along with the CACS examination: Paper 1: General and adult psychiatric disorder History and mental state examination Cognitive assessment Neurology and psychology for psychiatrists Psychopathology History of psychiatry and psychiatric ethics Paper 2: Psychopharmacology Neurobiology for psychiatrists Psychiatric genetics Epidemiology Advanced psychological processes and treatments Paper 3: Critical appraisal Learning disability Child and adolescent psychiatry Old age psychiatry Forensic psychiatry Consultation liaison psychiatry Neuropsychiatry Psychosexual medicine Fully updated with recent references and many additional figures, this third edition features a wealth of new material (including NICE guidelines) and updates the DSM-IV-TR criteria to the new DSM-5. Designed to meet the needs of today's candidates, Revision Notes in Psychiatry, Third Edition continues to provide a source of trusted expert information to ensure examination success for all those taking higher examinations in psychiatry.

### **MRCPsych Papers 1 and 2: 600 EMIs**

"In 2008 the Royal College of Psychiatrists made a radical change to the way it examines its prospective members. The most significant change is the way in which clinical skills are assessed. The Clinical Assessment of Skills and Competencies (CASC) was introduced. The traditional long case, patient management problems (PMPs), and the observed clinical interview of the old Part 2 examination were all abandoned." - Preface.

### **Fish's Clinical Psychopathology**

Here is a careful selection of over 200 questions covering the basic sciences section of the MRCPsych Part 2 examination. Questions have been grouped in separate sections under the following headings: Human development Genetics Neurosciences Psychopharmacology Psychology Psychometry and research methodology Social psychology Sociology Extended answers are provided, making this an ideal book for revision for the Part 2 examination.

### **The Complete MRCPsych Part I**

This book consists of over 1000 questions and answers, which are set out as five individual revision mock examination papers. It provides explanation for each of the questions included in the mock examination paper. The book is useful for readers who are preparing for the MRCPsych examination.

### **Critical Appraisal for Psychiatry**

The Royal College of Psychiatrists has recently changed the format of its membership examination to adopt multiple choice

## Access Free Mrcpsych Paper 1 Questions

questions (MCQs). The book of mock MCQ papers includes 650 questions and answers covering all subjects of the Paper II curriculum. It is an essential aid for all candidates preparing for the MRCPsych Paper II, and will also be useful for those revising for the related Paper I and Paper III examinations.

### **Get Through MRCPsych: MCQs for Paper 2**

This book covers both the basic science paper and the clinical topics paper and includes 1200 individual statement questions. All major topics are covered and the book is useful as a revision aid. It is aimed at candidates for the Royal College of Psychiatrists examinations.

### **MCQs for the New MRCPsych Part II**

Any candidate for the MRCPsych or equivalent postgraduate examinations will feel challenged by the daunting breadth of the syllabus as well as by the level of detail required. Revision Notes in Psychiatry responds to that challenge by comprehensively presenting key up-to-date information across the whole spectrum of psychiatry and its scientific basis, within a clear structure. Since the highly successful publication of the first edition of Revision Notes in Psychiatry, there have been many new discoveries within most fields of psychiatry, and the subsequent updating of the MRCPsych is reflected in the second edition.

### **Get Through MRCPsych Paper A1**

This vital new study aid is based on the latest changes in the format of the MRCPsych examination so it is completely up-to-date. It combines both Extended Matching Questions and Individual Statements along with timed practice papers to reflect the structure and content of the exam. In addition, it contains clear, concise solutions to each question, along with explanations as an aid to revision. Although designed specifically as a revision aid for students sitting Part 1 of the postgraduate psychiatry examination in the United Kingdom, this book is also suitable for students sitting Part 2 of the MRCPsych examination because of the many similarly themed questions.

### **Get Through Mrcpsych Paper B**

MRCPsych Paper B: 600 MCQs and EMIs offers the most up-to-date and comprehensive collection of practice questions for trainees preparing for the new MRCPsych Paper B. Questions are mapped to the syllabus to deliver structured revision in all the key topics, allowing readers to focus on areas of weakness. Featuring a wealth of practice questions and answers, this

book is an essential revision tool to maximise the chances of exam success.

### **New MRCPsych Paper II Mock MCQ Papers**

This second edition of Seminars in General Adult Psychiatry provides a highly readable and comprehensive account of modern adult psychiatry. Key features of the first edition that have been retained are the detailed clinical descriptions of psychiatric disorders, and historical sections to give the reader access to the classic studies of psychiatry as well as the current evidence. Additional topics covered here for the first time include liaison psychiatry, psychosexual medicine, clinical epidemiology, and international and cultural psychiatry. Clinical management is given due prominence, with extensive accounts of modern drug management, cognitive therapy, the main psychosocial approaches, and current guidelines such as those published by the National Institute for Health and Care Excellence. An essential text for trainees studying for their MRCPsych, this book is also a one-stop reference work for established practitioners, providing comprehensive coverage of the whole of adult psychiatry.

### **Examination for Membership of the Royal College of General Practitioners (MRCGP)**

Completely up to date with the latest examination changes, Get Through MRCPsych: MCQs for Paper 3 contains over 380 'best answer 1 of 5' multiple choice questions (MCQs) presented in a format closely matching the new syllabus. Modelled on actual exam questions so that they accurately reflect the style and level of difficulty, candidates can test and assess their knowledge aiding thorough exam preparation. Providing useful revision advice on question comprehension and answer strategies, candidates can feel fully prepared when they enter the examination room. Featuring an invaluable collection of revision MCQs and detailed explanatory answers referenced to major journals and specialist textbooks, Get Through MRCPsych: MCQs for Paper 3 is the essential revision book for trainee psychiatrists.
