## **The Ambassador's Daughter**

The German Minority in Interwar Poland analyzes what happened when Germans from three different empires - the Russian, Habsburg and German - were forced to live together in one new state. After the First World War, German national activists made regional distinctions among these Germans and German-speakers in Poland, with preference initially for those who had once lived in the German Empire. Rather than becoming more cohesive over time, Poland's ethnic Germans remained divided and did not unite within a single representative organization. Polish repressive policies and unequal subsidies from the German state exacerbated these differences, while National Socialism created new hierarchies and unleashed bitter intra-ethnic conflict among German minority leaders. Winson Chu challenges prevailing interpretations that German nationalism in the twentieth century viewed 'Germans' as a single homogeneous group of people. His revealing study shows that nationalist agitation could divide as well as unite an embattled ethnicity.

## **A Little History of the World**

## **The Germans and the East**

Winnie and Wolf is the story of the remarkable relationship between Winifred Wagner and Adolf Hitler that took place during the years between the two world wars, as seen through the eyes of the secretary at the Wagner House in Bayreuth. Winifred, an English girl, was brought up in an orphanage and married at the age of eighteen to the son of Germany's most controversial genius. She is a passionate Germanophile, a Wagnerian dreamer, and a Teutonic patriot. In the debacle of the post-Versailles world, the Wagner family hopes for the coming of a Parsifal, a mystic idealist and redeemer. In 1923, they meet their Parsifal—a wild-eyed Viennese opera fanatic named Adolf Hitler. He has already made a name for himself in some sections of German society through rabble-rousing and street-corner speeches. It is Winifred, though, who truly believes in him. Both have known the humiliation of poverty and a deep anger at the society that excluded them. They find in each other an unusual kinship that begins with a passion for opera. In A. N. Wilson's boldest and most ambitious novel yet, the world of the Weimar Republic and Nazi Germany is brilliantly recreated, and forms the backdrop to this incredible bond, which ultimately reveals the remarkable capacity of human beings to deceive themselves.

A landmark work of narrative history, *Paris 1919* is the first full-scale treatment of the Peace Conference in more than twenty-five years. It offers a scintillating view of those dramatic and fateful days when much of the modern world was sketched out, when countries were created—Iraq, Yugoslavia, Israel—whose troubles haunt us still. Winner of the Samuel Johnson Prize • Winner of the PEN Hessell Tiltman

## Read Online Orphans Of Versailles The Germans In Western Poland 1918 1939

Prize • Winner of the Duff Cooper Prize Between January and July 1919, after “the war to end all wars,” men and women from around the world converged on Paris to shape the peace. Center stage, for the first time in history, was an American president, Woodrow Wilson, who with his Fourteen Points seemed to promise to so many people the fulfillment of their dreams. Stern, intransigent, impatient when it came to security concerns and wildly idealistic in his dream of a League of Nations that would resolve all future conflict peacefully, Wilson is only one of the larger-than-life characters who fill the pages of this extraordinary book. David Lloyd George, the gregarious and wily British prime minister, brought Winston Churchill and John Maynard Keynes. Lawrence of Arabia joined the Arab delegation. Ho Chi Minh, a kitchen assistant at the Ritz, submitted a petition for an independent Vietnam. For six months, Paris was effectively the center of the world as the peacemakers carved up bankrupt empires and created new countries. This book brings to life the personalities, ideals, and prejudices of the men who shaped the settlement. They pushed Russia to the sidelines, alienated China, and dismissed the Arabs. They struggled with the problems of Kosovo, of the Kurds, and of a homeland for the Jews. The peacemakers, so it has been said, failed dismally; above all they failed to prevent another war. Margaret MacMillan argues that they have unfairly been made the scapegoats for the mistakes of those who came later. She refutes received ideas about the path from Versailles to World War II and debunks the widely accepted notion that reparations imposed on the Germans were in large part responsible for the Second World War. Praise for Paris 1919 “It’s

## Read Online Orphans Of Versailles The Germans In Western Poland 1918 1939

easy to get into a war, but ending it is a more arduous matter. It was never more so than in 1919, at the Paris Conference. . . . This is an enthralling book: detailed, fair, unfailingly lively. Professor MacMillan has that essential quality of the historian, a narrative gift.” —Allan Massie, *The Daily Telegraph* (London)

### **Paris 1919**

The opening up, and subsequent tearing down, of the Berlin Wall in 1989 effectively ended a historically unique period for Europe that had drastically changed its face over a period of fifty years and redefined, in all sorts of ways, what was meant by East and West. For Germany in particular this radical change meant much more than unification of the divided country, although initially this process seemed to consume all of the country's energies and emotions. While the period of the Cold War saw the emergence of a Federal Republic distinctly Western in orientation, the coming down of the Iron Curtain meant that Germany's relationship with its traditional neighbours to the East and the South-East, which had been essentially frozen or redefined in different ways for the two German states by the Cold War, had to be rediscovered. This volume, which brings together scholars in German Studies from the United States, Germany and other European countries, examines the history of the relationship between Germany and Eastern Europe and the opportunities presented by the changes of the 1990's, drawing particular attention to the interaction between the willingness of German and its

## Read Online Orphans Of Versailles The Germans In Western Poland 1918 1939

Eastern neighbours to work for political and economic integration, on the one hand, and the cultural and social problems that stem from old prejudices and unresolved disputes left over from the Second World War, on the other.

### **Report of the Commissioner of Education**

"Describes the experiences of German immigrants upon arriving in America. The reader's choices reveal historical details from the perspective of Germans who came to Texas in the 1840s, the Dakota Territory in the 1880s, and Wisconsin before the start of World War I"--Provided by publisher.

### **"Promise Me You'll Shoot Yourself"**

This book provides a historical narrative to tell the story of interwar German reparations - the debates, controversies and diplomacy surrounding the issue from the 1919 Paris peace conference to the abandonment of reparations at the Lausanne Conference in 1932.

## **Prussian Poland in the German Empire (1871-1900)**

A New York Times Bestseller A multigenerational saga of two families, who rose from immigrant roots to the pinnacle of wealth and power, that tracks the unraveling of American democracy. In *American Oligarchs*, award-winning investigative journalist Andrea Bernstein tells the story of the Trump and Kushner families like never before. Their journey to the White House is a story of survival and loss, crime and betrayal, that stretches from the Klondike Gold Rush, through Nazi-occupied Poland and across the American Century, to our new gilded age. In building and maintaining their dynastic wealth, these families came to embody the rising nationalism and inequality that has pushed the United States to the brink of oligarchy. Building on her landmark reporting for the acclaimed podcast *Trump, Inc.* and *The New Yorker*, Bernstein's painstaking detective work brings to light new information about the families' arrival as immigrants to America, their paths to success, and the business and personal lives of the president and his closest family members. Bernstein traces how the two families ruthlessly harnessed New York and New Jersey machine politics to gain valuable tax breaks and grew rich on federal programs that bolstered the middle class. She shows how the Trump Organization, denied credit by American banks, turned to shady international capital. She reveals astonishing new details about Charles Kushner's attempts to ensnare his brother-in-law with a prostitute and explores how Jared Kushner and his father used a venerable New York newspaper to bolster their business empire.

## Read Online Orphans Of Versailles The Germans In Western Poland 1918 1939

Drawing on more than two hundred interviews and more than one hundred thousand pages of documents, many previously unseen or long forgotten, Bernstein shows how the Trumps and the Kushners repeatedly broke rules and then leveraged secrecy, intimidation, and prosecutorial and judicial power to avoid legal consequences. The result is a compelling narrative that details how the Trump and Kushner dynasties encouraged and profited from a system of corruption, dark money, and influence trading, and that reveals the historical turning points and decisions—on taxation, regulation, white-collar crime, and campaign finance laws—that have brought us to where we are today.

## **Report of the Commissioner of Education [with Accompanying Papers].**

The lands Germany ceded to Poland after World War I included more than one million ethnic Germans for whom the change meant a sharp reversal of roles. The Polish government now confronted a German minority in a region where power relationships had been the other way around for more than a century. Orphans of Versailles examines the complex psychological and political situation of Germans consigned to Poland, their treatment by the Polish government and society, their diverse strategies for survival, their place in international relations, and the impact of National Socialism. Not a one-sided study of victimization, this book treats the contributions of both the Polish state and the German minority to the conflict that culminated in their mutual destruction. Based largely on research in European archives, it sheds new light on a key aspect of German-Polish relations, one that was long overshadowed by concern over the German revanchist threat and the hostility that subsequently dominated the German-Polish relationship. Thanks to the new political situation in central Europe, however, this topic can finally be addressed evenhandedly.

## **The War of the World**

An important and fascinating study of the history of migration across Weimar Germany's eastern border that addresses a number of key aspects of the history of Weimar Germany.--Richard Bessel, University of York --Vejas Gabriel Liulevicius, Lindsay Young Professor and Director of the Center for the Study of War and Society, University of Tennessee, author of War Land on the Eastern Front and The German Myth of the East, 1800 to the Present "German History"

## **International Migrations**

On 28 June 1914, two pistol shots shattered the peace of a sunny afternoon in Sarajevo. Those shots reverberated around Europe and shattered the peace of the whole world. This was the beginning of the Great Slaughter. Could it have been avoided? Alan Woods uses the method of Marxism to answer this question. He explains that, actually, whilst individuals play an important role in history, to explain events such as wars, one must look at deeper causes. As well as dealing with the origin of the war, Woods traces the conflict through its development, looking at the role of all the major actors, and their aims. He shows how in the midst of the despair of the trenches and the home front, a new consciousness was

## Read Online Orphans Of Versailles The Germans In Western Poland 1918 1939

formed. He also makes the case that it was the German Revolution that brought the war to an end, and how a revolutionary wave swept across Europe. The book also looks at the Treaty of Versailles and how the victorious powers imposed the deal, not just on Germany, but the rest of Europe and the Middle East. Given the amount of nationalistic mystification from all sides about the First World War, a history of the subject from the standpoint of the world working class is essential and it is provided by this book.

## **REPORT OF THE COMMISSIONER OF EDUCATION FOR THE YEAR 1881**

### **Annual Report of the Commissioner of Education**

The abbreviation "Nazi," the acronym "Gestapo," and the initials "SS" have become resonant elements of our vocabulary. Less known is "SD," and hardly anyone recognizes the combination "Sipo and SD." Although Sipo and SD formed the heart of the National Socialist police state, the phrase carries none of the ominous impact that it should. Although no single organization carries full responsibility for the evils of the Third Reich, the SS-police system was the executor of terrorism and "population policy" in the same way the military carried out the Reich's

## Read Online Orphans Of Versailles The Germans In Western Poland 1918 1939

imperialistic aggression. Within the police state, even the concentration camps could not rival the impact of Sipo and SD. It was the source not only of the "desk murderers" who administered terror and genocide by assigning victims to the camps, but also of the police executives for identification and arrest, and of the command and staff for a major instrument of execution, the Einsatzgruppen. Foundations of the Nazi Police State offers the narrative and analysis of the external struggle that created Sipo and SD. This book is the author's preface to his discussion of the internal evolution of these organizations in Hitler's Enforcers: The Gestapo and the SS Security Service in the Nazi Revolution.

## **Anne Frank's Tales from the Secret Annex**

Kurt Baschwitz (1886-1968) had a lifelong fascination for 'the riddle of the mass' in both its visible and invisible forms. He was a major pioneer of communication and media studies on the European continent, an early student of the social, political, and mass psychology of crowds, publics, audiences, and public opinion, as well as a versatile social historian. Half a century after his death, however, he risks being forgotten and misunderstood, falling through the cracks of history.

## **The Impossible Border**

WINNER OF THE LOS ANGELES TIMES PRIZE FOR HISTORY FINANCIAL TIMES AND NEW STATESMAN BOOKS OF THE YEAR 2014 On the centenary of the outbreak of the First World War, Deluge is a powerful explanation of why the war's legacy continues to shape our world - from Adam Tooze, the Wolfson Prize-winning author of The Wages of Destruction In the depths of the Great War, with millions of dead and no imaginable end to the conflict, societies around the world began to buckle. As the cataclysmic battles continued, a new global order was being born. Adam Tooze's panoramic new book tells a radical, new story of the struggle for global mastery from the battles of the Western Front in 1916 to the Great Depression of the 1930s. The war shook the foundations of political and economic order across

## Read Online Orphans Of Versailles The Germans In Western Poland 1918 1939

Eurasia. Empires that had lasted since the Middle Ages collapsed into ruins. New nations sprang up. Strikes, street-fighting and revolution convulsed much of the world. And beneath the surface turmoil, the war set in motion a deeper and more lasting shift, a transformation that continues to shape the present day: 1916 was the year when world affairs began to revolve around the United States. America was both a uniquely powerful global force: a force that was forward-looking, the focus of hope, money and ideas, and at the same time elusive, unpredictable and in fundamental respects unwilling to confront these unwished for responsibilities. Toose shows how the fate of effectively the whole of civilization - the British Empire, the future of peace in Europe, the survival of the Weimar Republic, both the Russian and Chinese revolutions and stability in the Pacific - now came to revolve around this new power's fraught relationship with a shockingly changed world. The Deluge is both a brilliantly illuminating exploration of the past and an essential history for the present.

Astonishing in its scope and erudition, this is the magnum opus that Niall Ferguson's numerous acclaimed works have been leading up to. In it, he grapples with perhaps the most challenging questions of modern history: Why was the twentieth century history's bloodiest by far? Why did unprecedented material progress go hand in hand with total war and genocide? His quest for new answers takes him from the walls of Nanjing to the bloody beaches of Normandy, from the economics of ethnic cleansing to the politics of imperial decline and fall. The result, as brilliantly written as it is vital, is a great historian's masterwork.

dozens of military-issued 4" x 6" cards with vivid images depicting the daily realities and tragedies of war. Beautifully illustrated with full-color reproductions of his exquisite postcards, as well as his wartime sketches, woodcuts, and two lithograph portfolios, Postcards from the Trenches is Schubert's war diary, love journal, and life story. His powerful artworks illuminate and document in a visual language the truths of war. Postcards from the Trenches offers the first full account of Otto Schubert, soldier-artist of the Great War, rising art star in the 1920s, prolific graphic artist and book illustrator, one of the "degenerate" artists defamed by the Nazis, and a man shattered by the Second World War and the Cold War. Created in the midst of enormous devastation, Schubert's haunting visual missives are as powerful and relevant today as they were a century ago. His postcards are both a young man's token of love and longing and a soldier's testimony of the Great War. \*\*Please note that this will work best on a colour device\*\*

### **German Immigrants in America**

Named a Best History Book of 2019 by The Times (UK) The astounding true story of how thousands of ordinary Germans, overcome by shame, guilt, and fear, killed

## Read Online Orphans Of Versailles The Germans In Western Poland 1918 1939

themselves after the fall of the Third Reich and the end of World War II. By the end of April 1945 in Germany, the Third Reich had fallen and invasion was underway. As the Red Army advanced, horrifying stories spread about the depravity of its soldiers. For many German people, there seemed to be nothing left but disgrace and despair. For tens of thousands of them, the only option was to choose death -- for themselves and for their children. "Promise Me You'll Shoot Yourself" recounts this little-known mass event. Using diaries, letters, and memoirs, historian Florian Huber traces the euphoria of many ordinary Germans as Hitler restored national pride; their indifference as the Führer's political enemies, Jews, and other minorities began to suffer; and the descent into despair as the war took its terrible toll, especially after the invasion of the Soviet Union. Above all, he investigates how suicide became a contagious epidemic as the country collapsed. Drawing on eyewitness accounts and other primary sources, "Promise Me You'll Shoot Yourself" presents a riveting portrait of a nation in crisis, and sheds light on a dramatic yet largely unknown episode of postwar Germany.

### **The Vanquished**

E. H. Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-

## Read Online Orphans Of Versailles The Germans In Western Poland 1918 1939

known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

### **German Reparations, 1919 - 1932**

From international bestselling author Mario Escobar comes a story of escape, sacrifice, and hope amid the perils of the Second World War. August 1942. Jacob and Moses Stein, two young Jewish brothers, are staying with their aunt in Paris amid the Nazi occupation. The boys' parents, well-known German playwrights, have left the brothers in their aunt's care until they can find safe harbor for their family. But before the Steins can reunite, a great and terrifying roundup occurs. The French gendarmes, under Nazi order, arrest the boys and take them to the

Vélodrome d'Hiver—a massive, bleak structure in Paris where thousands of France's Jews are being forcibly detained. Jacob and Moses know they must flee in order to survive, but they only have a set of letters sent from the South of France to guide them to their parents. Danger lurks around every corner as the boys, with nothing but each other, trek across the occupied country. Along their remarkable journey, they meet strangers and brave souls who put themselves at risk to protect the children—some of whom pay the ultimate price for helping these young refugees of war. This inspiring novel, now available for the first time in English, demonstrates the power of family and the endurance of the human spirit—even through the darkest moments of human history.

### **Kurt Baschwitz**

The editors present a collection of 23 historical papers exploring relationships between "the Germans" (necessarily adopting different senses of the term for different periods or different topics) and their immediate neighbors to the East. The eras discussed range from the Middle Ages to European integration. Examples of specific topics addressed include the Teutonic order in the development of the political culture of Northeastern Europe during the Middle ages, Teutonic-Balt relations in the chronicles of the Baltic Crusades, the emergence of Polenliteratur in 18th century Germany, German colonization in the Banat and Transylvania in the 18th century, changing meanings of "German" in Habsburg Central Europe,

## Read Online Orphans Of Versailles The Germans In Western Poland 1918 1939

German military occupation and culture on the Eastern Front in World War I, interwar Poland and the problem of Polish-speaking Germans, the implementation of Nazi racial policy in occupied Poland, Austro-Czechoslovak relations and the post-war expulsion of the Germans, and narratives of the lost German East in Cold War West Germany.

### **Germany and Eastern Europe**

The powerful, disturbing history of Nazi Europe by Mark Mazower, one of Britain's leading historians and bestselling author of *Dark Continent* and *Governing the World Hitler's Empire* charts the landscape of the Nazi imperial imagination - from those economists who dreamed of turning Europe into a huge market for German business, to Hitler's own plans for new transcontinental motorways passing over the ethnically cleansed Russian steppe, and earnest internal SS discussions of political theory, dictatorship and the rule of law. Above all, this chilling account shows what happened as these ideas met reality. After their early battlefield triumphs, the bankruptcy of the Nazis' political vision for Europe became all too clear: their allies bailed out, their New Order collapsed in military failure, and they left behind a continent corrupted by collaboration, impoverished by looting and exploitation, and grieving the victims of war and genocide. About the author: Mark Mazower is Ira D. Wallach Professor of World Order Studies and Professor of History Professor of History at Columbia University. He is the author of *Hitler's Greece: The*

He has also taught at Birkbeck College, University of London, Sussex University and Princeton. He lives in New York.

### **The US Army in the Occupation of Germany, 1944-1946 (Hardcover format only)**

A Times Literary Supplement Best Book of 2016 An epic, groundbreaking account of the ethnic and state violence that followed the end of World War I—conflicts that would shape the course of the twentieth century For the Western Allies, November 11, 1918, has always been a solemn date—the end of fighting that had destroyed a generation, but also a vindication of a terrible sacrifice with the total collapse of the principal enemies: the German Empire, Austria-Hungary, and the Ottoman Empire. But for much of the rest of Europe this was a day with no meaning, as a continuing, nightmarish series of conflicts engulfed country after country. In *The Vanquished*, a highly original and gripping work of history, Robert Gerwarth asks us to think again about the true legacy of the First World War. In large part it was not the fighting on the Western Front that proved so ruinous to Europe's future, but the

## Read Online Orphans Of Versailles The Germans In Western Poland 1918 1939

devastating aftermath, as countries on both sides of the original conflict were savaged by revolutions, pogroms, mass expulsions, and further major military clashes. In the years immediately after the armistice, millions would die across central, eastern, and southeastern Europe before the Soviet Union and a series of rickety and exhausted small new states would come into being. It was here, in the ruins of Europe, that extreme ideologies such as fascism would take shape and ultimately emerge triumphant. As absorbing in its drama as it is unsettling in its analysis, *The Vanquished* is destined to transform our understanding of not just the First World War but the twentieth century as a whole.
