## The 5 Years Before You Retire

Learn how retirement really works before it's too late "This book is the best I've seen on how to navigate the retirement savings question." (Forbes) Most so-called "experts" plug your numbers into a retirement formula to tell you how much money you need to retire. Unfortunately, the conventional approach is fundamentally flawed. If you fail to learn how retirement savings truly works, then you'll either underspend and be miserable or overspend and run out of money. How Much Money Do I Need to Retire takes you beyond the scientific facade of modern retirement planning. Author and former hedge fund manager Todd R. Tresidder has helped thousands of people find financial freedom through his website and podcast. Now you too can use his advice to take the guesswork out of your retirement planning. In this book, you'll learn: Why the best way to describe most retirement estimates is garbage-in/garbage-out The five critical assumptions that can destroy your financial security How to reduce the amount you need to retire by as much as \$600,000 Three strategies to maximize spending today while protecting for the future How to calculate the amount of money you really need to retire on the first try without software, online calculators, or being a math genius Read this book to know more about your retirement planning than your financial adviser. Tresidder's book contains refreshingly straightforward, easy-to-understand, and concise advice on how to retire wealthy. This missing link of personal finance books will make you sleep easier. No retirement is secure without it. Buy the book today so you can retire with confidence!

## Purposeful Retirement

The essential guide for couples to create a happy, healthy, and successful retirement! Retirement can be the best time of your life, but for couples, there's far

more to it than cashing in on your 401(k). The most important asset you have during retirement is each other, yet many couples aren't sure where to begin to prepare for retired life or what to consider as they do. The Couple's Retirement Puzzle reveals ten key conversations couples should tackle before retirement to ensure a rewarding second half of life together, including:

- Do we have enough money to support the lifestyle we want?
- Should we retire simultaneously or separately?
- Do we stay put or explore new frontiers?
- What's the best way to stay healthy and fit after fifty?
- How do we meet new friends and create new interests outside of work?
- How will we balance time together and time apart?

• And more! Filled with smart practical advice, engaging anecdotes, and helpful exercises, The Couple's Retirement Puzzle will guide you and your partner to a fulfilling retirement you can enjoy and celebrate together.

### **The New Retirementality**

Our life can be viewed as three stages. In the first, we are told what to do and when to do it by our parents and teachers. In the second, our employers give us directions, usually with set working hours. In the third stage, when we retire, what we do with our time and lives is something we must decide. The transition into retirement, with seemingly endless options, can be challenging. Most books on retirement concentrate on the financial aspects of retirement. This book does not. This is a workbook crafted to help you plan your own life after work: both long-term and day-to-day. It does not tell you what to do; it provides you with the tools to create your own action plan. The book leads you and your partner through a series of exercises designed to help you understand and focus on what is important to you, and make the decisions which will help give your retirement years a structure. The book includes access to a kit of forms and exercises; a workbook for planning your retirement.

### **Thrive in Retirement**

Retirement doesn't have to be dull or boring! Uncover a world of exciting new hobbies, keep fit and agile, make a real difference in the world, declutter your house, earn extra income and add a sparkle to your retired life with this friendly and helpful guide. Approaching or beginning retirement is a milestone event. For most of our lives retirement feels like it's on the distant horizon, something to think about tomorrow rather than today. When the day finally does arrive, for many it can feel a little daunting and overwhelming - how should one spend all this new found free time? Olivia Greenwell has the answers, with friendly advice on: How to navigate your way through the questions you may have New opportunities that could present themselves in retirement How to find further information on the exciting opportunities presented As you experience the wonderful peace and contentment of retirement, this book will help you discover what makes you happy, and how to enjoy your life to the fullest. What are you waiting for? Start living the retirement you always dreamt of, by uncovering all the tools you need today!

### **Suze Orman's Action Plan**

The numerical and emotional aspects of planning for retirement This hands-on

resource demystifies financial planning by giving the Enough number: an exact figure specific to personal goals, which can be a target number to aim for in retirement. It shows what changes will help to achieve the number, and offers an understanding of hidden motivations when it comes to spending money. It also provides an overview of the multitudes of investments available and provides conservative guidelines that will help make money, save taxes, and sleep at night. Offers a clear understanding of the different attitudes toward money and includes strategies to achieve goals Includes the tools needed to save for later and enjoy rewards today Contains a method for tracking money to help get your finances where you want them to be Covers the details of what it takes to work effectively with a financial advisor Written by Diane McCurdy, a noted financial planner, speaker, author, and founder of McCurdy Financial Planning This hands-on guide walks you through a proven program that is designed to keep you on the right track to financial success.

### **The Smartest Retirement Book You'll Ever Read**

Delamontagne leads prospective and recent retirees on a journey of psychological, emotional, and spiritual growth to help them cope with the challenges of a difficult transition.

### **Retire Smart, Retire Happy**

Transforming Retirement One Building Block at a Time Retirement is more than the absence of work—it's a different way of life requiring new vision, new purpose, and new life perspectives. You see, retirement is too important to leave to luck or circumstance; we have to plan and make them happen—our way. Retirement: Different By Design, your bridge to the “other side of work,” presents two dynamic and innovative templates for moving seamlessly into retirement and beyond—“Retirement’s Ages and Stages” and “Retirement’s Six Fundamental Building Blocks.” Providing practical strategies and answers, not more questions, each chapter delivers insights, tools, narratives, and models for making retirement the best years of the rest of our lives. And, it's not always about the money. Indeed, we all can live socially rich, emotionally balanced, intellectually nourishing, healthful, and physically active retirements no matter the size of our bank accounts—this is the new retirement reality that Retirement: Different By Design offers the soon-to-be and the already retired. RETIREMENT'S SIX FUNDAMENTAL BUILDING BLOCKS • Physical and Emotional Health and Well-Being • Financial Security and Continuity • Life Transition and Acceptance • Intergenerational Life Engagement • Intellectual and Physical Pursuits, Interests, and Activities • Spirituality, Meaning, Family, and Legacy From the Trade Paperback edition.

### **How to Retire Happy, Fourth Edition: The 12 Most Important Decisions You Must Make Before You Retire**

In preparation for retirement, we are often urged to build up our financial portfolio or perhaps downsize our home or move closer to family. Often neglected in this process, however, are the psychological ramifications that come with the transition into retirement. It is important for retirees to make a plan for their retirement

financially, but also to take stock of their psychological portfolio at the same time. This means taking an honest look at how your sense of identity will change with retirement, how your relationships and support systems may change, and how your sense of purpose will be affected. "Revitalizing Retirement" gives unique guidance on how to create a happy, fulfilling retirement. Nancy K. Schlossberg, a counseling psychologist and author of "Retire Smart", "Retire Happy", describes the secret to a happy retirement. She encourages readers to reshape their identity, relationships, and purpose. She discusses several coping skills that deal with accepting change and help retirees continue to feel that they are vital members of their community and that they matter. Each chapter contains stories from actual retirees that demonstrate the numerous ways of pursuing an enjoyable retirement. There are short quizzes and discussion questions at the end of each chapter so that readers can reflect on what they have read and see exactly how it relates to their own lives. This book is a must-read for anyone considering retirement in the near future as well as current retirees who may be struggling to find happiness in their daily lives.

### **How to Retire Happy: The 12 Most Important Decisions You Must Make Before You Retire, Third Edition**

When you hear the word retirement, you probably don't imagine yourself scrambling to pay your bills in your golden years. But for too many Americans, that's the fate that awaits unless they take steps now to plan for the future. Whether you're twenty five and starting your first job or fifty five and watching the career clock start to wind down, today is the day to get serious about your retirement. In Retire Inspired, Chris Hogan teaches that retirement isn't an age; it's a financial number an amount you need to live the life in retirement that you've always dreamed of. With clear investing concepts and strategies, Chris will educate and empower you to make your own investing decisions, set reasonable expectations for your spouse and family, and build a dream team of experts to get you there. You don't have to retire broke, stressed, and working long after you want to. You can retire inspired!

### **Plan Now, Retire Happy**

A comprehensive guide to planning your retirement before it's too late! Even though half of all Americans put money aside for retirement, it isn't until they reach their sixties that many realize that they haven't saved enough. With The Five Years Before You Retire, you'll hone in on what you need to do in the next five years to maximize your current savings and create a realistic plan for your future. This book guides you through each financial, medical, and familial decision, from taking advantage of the employer match your company offers for your 401k program to enrolling in Medicare to discussing housing options with your family. Covering every aspect of retirement planning, these straightforward strategies explain in detail how you can make the most of your last few years in the workforce and prepare for the future you've always wanted. Whether you just started devising a plan or have been saving since your first job, The Five Years Before You Retire will show you what you need to do now to ensure that you live comfortably for years to come.

## **How to Retire Happy, Fourth Edition: The 12 Most Important Decisions You Must Make Before You Retire**

Discover the three secrets to happiness--and much more--in the later years of life. Never before in human history have so many people lived for decades beyond their working years. 10,000 Americans turn 65 each day, and their average life expectancy is another 20 years--and many will live longer. But will they just live or have a meaningful life? The truth is that many--if not most--people approaching the latter years do not have a plan, much less a strategy to thrive instead of just survive. Packed with information based on research as well as common-sense wisdom, here are some examples of what readers will discover: \* How retiring at the wrong time increases the likelihood of dying 89%. \* What can delay Alzheimer's onset an average of 9 years. \* How everything that makes you happy comes in just 3 forms. \* Which partner is most likely to initiate divorce after decades of marriage and why.

### **Retire Inspired**

When it comes to your retirement, it's easy to stick your head in the sand thinking you are too young, too busy and too cash-strapped to worry about the future. Or maybe you're discouraged by all the bad news about pensions? But as the nation's favourite money man explains, even the recession is no excuse to stop planning ahead. But where do you start? And who should you trust? In this step-by-step guide to pensions and building financial security, Alvin Hall separates the myths from the realities, and shows how a little planning and action today will empower you tomorrow. From the very first step of visualising your retirement, to creating a sound and flexible investment plan that allows you to make the most of your money ? whatever your circumstances. Plan Now, Retire Happy is the essential guide for anyone wanting a happy future. Whether you are 20 or 60 and whatever your retirement dreams, picking up this book is the first step to achieving them.

### **The Retiring Mind**

A great retirement isn't just about having your financial situation in order. It's easy to be preoccupied with stock portfolios, 401(k) balances and saving options, but true happiness in retirement comes from simpler, more enjoyable things like an active social life, family time and leisurely travel. In Retire Happy: What You Can Do Now to Guarantee a Great Retirement, author Rich Stim and Nolo co-founder Jake Warner show you how to become rich in the ways that matter most. They encourage you to balance financial concerns with a lifestyle you always envisioned for yourself. The book advises you on how to estimate real retirement needs and create a workable savings and investment plan. Even more importantly, it advises you to make personal preparations for life after work, including: cultivating interests outside work leading a healthier lifestyle revitalizing family relationships spending more time with spouses embracing spirituality or meditation nurturing friendships and making new friends All the money in the world won't make for a happy retirement unless you're satisfied with the rest of your life. So start today.

### **Retirement Income for Life**

At last! A practical guide to early retirement in Canada! Free at 45 doesn't require you to win the lottery, be a real estate tycoon, be great at picking stocks or even have that much saved up yet. All you need is a strong desire to leave your job decades earlier than everyone else and be willing to figure out what actually makes you happy! In this book you will learn: Why your house is probably more important to your retirement plan than your pension plan. How to apply the new field of behavioral finance to your life to save more and be happier doing it. How to start living your dreams today and not wait until retirement. How to answer the question: "How much do I need to retire early?"

### **How to Retire Happy, Wild, and Free**

The Washington Post and New York Times Business Bestseller "Everyone in the workforce today should read this book!" —HORACE B. DEETS, FORMER EXECUTIVE DIRECTOR, AARP "Want excellent insights on retirement planning from a professional who's actually experienced retirement himself? You'll get just that from Stan Hinden's book." —STEVE VERNON, COLUMNIST "Provides the most important information you'll need before and during your retirement." —MICHELLE SINGLETARY, THE WASHINGTON POST Award-winning Washington Post retirement columnist Stan Hinden's bestselling How to Retire Happy, Fourth Edition, helps you make the right decisions to ensure a happy, healthful retirement. It delivers all the expert advice you need in an easy-to-understand step-by-step style. How to Retire Happy includes everything that has made previous editions the go-to guides for retirees and near-retirees, plus: Brand-new material on health insurance and the prescription drug plan The facts about Medicare Part A (hospital), Part B (tests, doctors, preventive care), and Part D (prescription drugs) The author's personal experiences with the realities of long-term Alzheimer's care Fully updated material on Social Security strategies How to handle the financial realities of the post-meltdown economy New resources you can turn to for extra advice

### **Retirement: Different by Design**

When planning for retirement, it's easy to become preoccupied with stock portfolios, 401(k) balances and doomsday predictions about baby boomers lack of savings. But happiness in retirement isn't about how much cash you can manage to sock away before the age of 65. Everyone wants a comfortable retirement but most also plan to have some fun, maintain an active social life, and enjoy a healthy old age. In Retire Happy authors Rich Stim and Ralph Warner show readers how to become rich in the ways that matter most. They encourage future retirees to balance financial concerns with an enriching lifestyle and advise readers to make personal preparations for life after work, including: cultivating interests outside work leading a healthier lifestyle revitalizing family relationships spending more time with spouses and enhancing sex life embracing spirituality or meditation nurturing friendships and making new friends Retire Happy helps readers prepare for retirement not just financially, but in every aspect of their lives. This book also features key selections from USA TODAY throughout, including excerpts from articles regarding retirement satisfaction as well as snapshots, the popular quick-glance infographics featured on the front pages of USA TODAY.

## **Revitalizing Retirement**

So you're thinking about retirement or already retired. What does that mean anyway? What can you expect from retirement? Retirement represents a unique chapter in life. It promises many benefits, such as the freedom to do what you want, when you want. However, it may also pose some challenges as you exit the working life that you know so well. For those who have enjoyed a rewarding career, the prospect of retirement may come with mixed emotions. Is this really right for me? Will I get bored? Will I miss work? How will I fill my time? This book is about the personal, life changes that may be encountered as you contemplate, prepare for, and adjust to life in retirement. It will help you consider what a fulfilling retirement means to you, personally, and create a long-term vision for it. For instance, what will you do after traveling in the early part of retirement? The book explores four general aspects of the retirement transition, including identity-related adjustments, activities that provide a sense of meaning and reward, relationship and social network changes, and finding a balance between being overly busy or bored.

## **The Ultimate Retirement Guide for 50+**

A simple, straightforward and easy-to-follow guide to retirement financial planning covers a wide range of topics including: investing during retirement, pension, social security, withdrawals, annuities, reverse mortgages, estate planning, insurance and healthcare. Reprint.

## **How to Make Your Money Last**

## **How Much Money Do I Need to Retire?**

The Washington Post and New York Times Business Bestseller “Everyone in the workforce today should read this book!” —HORACE B. DEETS, FORMER EXECUTIVE DIRECTOR, AARP “Want excellent insights on retirement planning from a professional who’s actually experienced retirement himself? You’ll get just that from Stan Hinden’s book.” —STEVE VERNON, COLUMNIST, CBSMONEYWATCH.COM Award-winning Washington Post retirement columnist Stan Hinden’s bestselling *How to Retire Happy*, Fourth Edition, helps you make the right decisions to ensure a happy, healthful retirement. It delivers all the expert advice you need in an easy-to-understand step-by-step style. *How to Retire Happy* includes everything that has made previous editions the go-to guides for retirees and near-retirees, plus: Brand-new material on health insurance and the prescription drug plan The facts about Medicare Part A (hospital), Part B (tests, doctors, preventive care), and Part D (prescription drugs) The author’s personal experiences with the realities of long-term Alzheimer’s care Fully updated material on Social Security strategies How to handle the financial realities of the post-meltdown economy New resources you can turn to for extra advice

## **Creating a Happy Retirement**

NOW COMPLETELY UPDATED to reflect the changes in tax legislation, health insurance, and the new investment realities. In this “highly valuable resource” (Publishers Weekly, starred review) Quinn “provides simple, straightforward” (The New York Times) solutions to the universal retirement dilemma—how to make your limited savings last for life—covering mortgages, social security, income investing, annuities, and more! Will you run out of money in your older age? That’s the biggest worry for people newly retired or planning to retire. Fortunately, you don’t have to plan in the dark. Jane Bryant Quinn tells you how to squeeze a higher income from all your assets—including your social security account (get every dollar you’re entitled to), a pension (discover whether a lump sum or a lifetime monthly income will pay you more), your home equity (sell, rent, or take a reverse mortgage?), savings (how to use them safely to raise your monthly income), retirement accounts (invest the money for growth in ways that let you sleep at night), and—critically—how much of your savings you can afford to spend every year without running out. There are easy ways to figure all this out. Who knew? Quinn also shows you how to evaluate your real risks. If you stick with super-safe investment choices, your money might not last and your lifestyle might erode. The same might be true if you rely on traditional income investments. Quinn rethinks the meaning of “income investing,” by combining reliable cash flow during the early years of your retirement with low-risk growth investments, to provide extra money for your later years. Odds are, you’ll live longer than you might imagine, meaning that your savings will stretch for many more years than you might have planned for. With the help of this book, you can turn those retirement funds into a “homemade” paycheck that will last for life.

### **How to Make Your Money Last - Completely Updated for Planning Today**

Plan Now for the Life You Want Today’s economic realities have reset our expectations of what retirement is, yet there’s still the promise for what it can be: a life stage filled with more freedom and potential than ever before. Given the new normal, how do you plan for a future filled with prosperity, health, and happiness? As a companion to *What Color Is Your Parachute?*, the world’s best-selling career book, *What Color Is Your Parachute? for Retirement* offers both a holistic, big-picture look at these years as well as practical tools and exercises to help you build a life full of security, vitality, and community. This second edition contains updates throughout, including a section on Social Security, an in-depth exercise on values and how they inform your retirement map, and the one-of-a-kind resource for organizing the sea of information on finances and mental and physical health: the Retirement Well-Being Profile. More than a guide on where to live, how to stay active, or which investments to choose, *What Color Is Your Parachute? for Retirement* helps you develop a detailed picture of your ideal retirement, so that—whether you’re planning retirement or are there already—you can take a comprehensive approach to make the most of these vital years. From the Trade Paperback edition.

### **The Couple's Retirement Puzzle**

Retirement is the beginning of life, not the end.

## Retirement

The instant NEW YORK TIMES BESTSELLER WALL STREET JOURNAL BESTSELLER PUBLISHERS WEEKLY BESTSELLER USA TODAY BESTSELLER THE PATH TO YOUR ULTIMATE RETIREMENT STARTS RIGHT HERE! I've helped steer people toward happy and secure retirements my whole life, and that's exactly what I want to do for you."

## How to Retire Happy: The 12 Most Important Decisions You Must Make Before You Retire

"With *How to Make Your Money Last*, you will learn how to turn your retirement savings into a steady paycheck that will last for life. Today, people worry that they're going to run out of money in their older age. That won't happen if you use a few tricks for squeezing higher payments from your assets—from your Social Security account (find the hidden values there), pension (monthly income or lump sum?), home equity (sell and invest the proceeds or take a reverse mortgage?), savings (should you buy a lifetime annuity?), and retirement accounts (how to invest and—critically—how much to withdraw from your savings each year?). The right moves will not only raise the amount you have to spend, they'll stretch out your money over many more years. You will also learn to look at your savings and investments in a new way. If you stick with super-safe choices the money might not last. You need safe money to help pay the bills in your early retirement years. But to ensure that you'll still have spending money 10 and 20 years from now, you have to invest for growth, today. Quinn shows you how. At a time when people are living longer, yet retiring with a smaller pot of savings than they'd hoped for, this book will become the essential guide"—

## Retire Happy

Times have changed and the rules have changed, but financial security is still the goal. Do you know how to get there? There is a new reality out there—a new normal. What was once certain—that you would be able to retire comfortably, that

you would pay for your kids' education, that your home would appreciate in value—is no longer a sure thing. So much has changed on the financial landscape that it's hard to know which moves are the right ones to make. Suze Orman's million-copy bestselling financial action plan—fully revised and updated—will show you the way. **NEW TIMES CALL FOR NEW RULES—AND THIS IS WHAT SUZE ORMAN'S ACTION PLAN DELIVERS:** • up-to-date information on new legislation that could affect how you will achieve your financial goals • an explanation of new FICO practices, and a new strategy for dealing with credit cards when you're trying to get out of debt • sound advice about rebuilding your retirement plan, and what to do if you're already retired • guidance on how to live within your means, and strategies to keep you on the path to achieving your goals in this new age of financial honesty **PLUS AN ALL-NEW CHAPTER ON KIDS AND MONEY**—how to give your kids a solid financial education, no matter their age!

### **How Much Is Enough?**

Some people transition seamlessly into a happy retirement and get right to the business of enjoying their new lives. But other people have a tougher time entering the retirement years. Some of these people may wonder whether they are really cut out for retirement at all. With all the talk and concern about dwindling retirement funds and our shaky economy, many retirees and soon to be retired are concerned about the financial aspects of retirement planning. But what about retirement living? In other words, what would you like to do with the rest of your life?

### **Free at 45**

### **The Happiness Equation**

"Want excellent insights on retirement planning from a professional who's actually experienced retirement himself? You'll get just that from Stan Hinden's book, *How*

to Retire Happy, now in its third edition. Stan was a Washington Post financial reporter for 20 years, and after he retired, he wrote the Post's 'Retirement Journal' column for which he was nominated for a Pulitzer Prize. What I like about Stan's book is that it combines good financial planning information with his story about his own retirement. He's candid about the mistakes he made and how he'd do things differently with the benefit of hindsight." --Steve Vernon, columnist, CBSMoneyWatch.com "Everyone in the workforce today should read this book!" —Horace B. Deets, former Executive Director, AARP Award-winning Washington Post retirement columnist Stan Hinden's bestselling How to Retire Happy helps you decide if you can retire now, or whether you have to stay on the job for a few more years. This trusted guide has been fully updated to address the stomachchurning issues created by financial market volatility and the economic recession. Will you have enough money for health care? Do you need—and can you afford—a longterm care policy? How much income can your savings produce? The third edition of How to Retire Happy provides answers to these questions—plus all-new information about: A new menu of Medigap insurance policies New strategies for maximizing Social Security income Making your money last through a long retirement Apply Hinden's reliable, easy-to-understand advice and experience a happy, healthful retirement for years and years to come.

### **You Can Retire Early!**

#1 INTERNATIONAL BESTSELLER What's the formula for a happy life? Neil Pasricha is a Harvard MBA, a Walmart executive, a New York Times–bestselling author, and a husband and dad. After selling more than a million copies of his Book of Awesome series, he now shifts his focus from observation to application. In The Happiness Equation, Pasricha illustrates how to want nothing, do anything, and have everything. If that sounds like a contradiction, you simply haven't unlocked the 9 Secrets to Happiness. Each secret takes a common ideal, flips it on its head, and casts it in a completely new light. Pasricha then goes a step further by providing step-by-step guidelines and hand-drawn scribbles that illustrate exactly how to apply each secret to live a happier life today. Controversial? Maybe. Counterintuitive? Definitely. The Happiness Equation will teach you such principles as: · Why success doesn't lead to happiness · How to make more money than a Harvard MBA · Why multitasking is a myth · How eliminating options leads to more choice The Happiness Equation is a book that will change how you think about everything—your time, your career, your relationships, your family, and, ultimately, of course, your happiness. From the Hardcover edition.

### **Retiring Solo**

Millions of Americans are finding themselves on their own as they head toward retirement. Some are solo by circumstances, others by choice. Baby Boomers all of them, they are driving new trends in housing, work, caretaking and traveling, while also redefining what it means to be part of a community. These partner-less pioneers are rewriting the book on retirement as they learn what it takes to successfully retire solo and remain happy, healthy and independent in the coming years. Being solo is no longer just a stop on the way to a happy ending. For an increasing number of people, it's a lifestyle choice and the destination. Solo is a natural, dynamic state that we experience as we cycle in and out of life stages,

living arrangements and relationships. The new reality is that most of us will spend more time solo than in a married or committed relationship over the course of our lifetime. And: It is almost certain that we will be solo during the later years of our lives. Nearly 10,000 Baby Boomers turn 65 every day - a reality that began in 2010 and is expected to continue through 2029. Few feel financially prepared for retirement. Those who are married are likely counting on a spouse's income to help save for retirement and to provide a second Social Security check in the future. Statistics, however, indicate that most married Boomers are destined to become solo again, whether through death or divorce. In short, there are no guarantees in life, whether you are solo, married or somewhere in between. It is likely that you will have to continue working, start a business or come up with another source of income to supplement whatever Social Security benefits you may earn. Have you thought about how you will spend your time in retirement, how or where you may want to live, how you will stay active and healthy in the years ahead, or who will be there for you as you grow older? You should. It's never too late, or too soon, to develop a plan to protect your independence and make sure that your coming years are happy, healthy and brightened by a sense of community. Retiring Solo will show you how to begin. ----- Author Lori Martinek is a successful serial entrepreneur and an advisor and mentor to business owners. As a small business owner for nearly 30 years, Lori knew that she needed a plan to secure her future and protect her independence as she grew older. As a vibrant single woman with a passion for outdoor activities and social causes, Lori also wanted to protect her health and her mobility, stay active and engaged in the world around her, create a sense of community that would provide social opportunities and support, and find a way to 'live alone, but together' with other active adults. Her journey to create her personal retirement rebalancing plan also produced this book.

### **Too Young to Be Old**

Each of the seven chapters contains dozens of examples of situations experienced by actual retirees and includes short self-assessment quizzes. Topics covered include doing a personal inventory, shoring up one's relationships, investigating new roles and activities, and taking charge of one's future. This thought-provoking book is a must-read for recent retirees and those about to retire.

### **Retirement Life Plan**

With this latest edition of *The New Retirementality*, readers will quickly discover how to achieve the freedom to pursue their retirement goals at their own pace, on their own terms, regardless of their age. Most people won't experience the same retirement that their parents did, nor do they necessarily want to. Page by page, top financial planner Mitch Anthony reveals how new opportunities will enable individuals to create tailor-made retirements. He includes new research and studies to back his insights and introduces readers to important concepts such as "wealthcare" and "return on life." Filled with engaging anecdotes and inspirational suggestions, this book will motivate readers to rethink the way they retire.

## So You've Retired - What's Next?

The definitive guide to financial independence at any age! Retiring early is not limited to lottery winners or the super rich. In fact, with proper planning, we can all retire at a younger age than we ever dreamed—but only with the right plan. Personal finance expert Deacon Hayes explains the practical, concrete steps you can take to start your retirement when you're young enough to thoroughly enjoy it, including: \*Developing a personalized retirement plan \*Maximizing income \*Understanding opportunity cost \*Assessing and reducing debt \*Selecting the right investment vehicles \*Sticking to the plan With Hayes's guidance, you can achieve financial independence and enjoy an active, happy, and long retirement.

## Retire Happy

Canada's #1 bestselling retirement income book is now completely revised and updated. Vettese will show you how to mitigate risk and secure your financial future in these unpredictable times. As COVID-19 rocks the economy in an unprecedented black swan event, retirees and those who are preparing to retire need answers to pressing questions about their financial futures. Originally published in 2018, the second edition of *Retirement Income for Life*, has been completely revised and updated, and now includes: New chapters on early retirement, retiring single, what to do when one spouse dies young, and more. Three strategies for mitigating your personal financial risk in the current downturn in equities and other investment products. Advice on how to plan for (and even benefit from) the coming bear market, resulting from COVID-19, which will create unprecedented equity buying opportunities, possibly as early as 2021. Information on the impact of unbearably low interest rates on annuities and fixed income investments and what to do if you hold them. The reasons retirees should be deferring CPP until age 70 and why the case for this is stronger than ever. Author Frederick Vettese demystifies a complex and often frightening subject and

provides practical, actionable advice based on five enhancements the reader can make to mitigate risk and secure their financial future. With over one thousand Canadians turning 65 every day, the cultivation of good decumulation practices — the way in which you draw down assets in retirement, ideally to have a secure income for the rest of your life — has become an urgent matter that no one can afford to ignore.
