Steps to Christ

A Search for Identity

This completely new typeset of the monumental 1957 classic contains an extensive historical and theological introduction and detailed notations by George R. Knight, professor of church history at Andrews University.; Originally produced by the Ministerial Association of the General Conference of SDAs, *Questions on Doctrine* was widely acclaimed and heavily distributed in the late 1950s and early 1960s as a forthright answer to questions from evangelicals about key elements of Adventist doctrine. Controversy regarding the book's position on the nature of Christ and the atonement soon stopped its circulation.; Intended as a complete reference on the book itself, this new edition faithfully reproduces the original text of *Questions on Doctrine*, with in-text indicators of the original pagings. It includes later important documents that bring the work up to date. The original bibliography is followed by an updated selected bibliography. Commentary on various historical or bibliographic topics is included in new footnotes throughout the text, all while preserving the reading integrity of the original edition.; George Knight's introductory essays provide the background for how the book came about and describe the interaction of the principal players involved in the dispute about a small section of content that shelved this classic work for more than a generation.; This new edition of *Question on Doctrine* beautifully preserves this outstanding and winsome work of Adventist apologetics to future generations of scholars, laypersons, and critics. It is an essential element of every Adventist library.

The Great Controversy

Church Manual

Covering the Millerite movement of the 1830s and 1840s, sabbatarian Adventism prior to organization of the denomination, and the Seventh-day Adventist Church since its organization in 1861-63, this volume provides a comprehensive history of the denomination. The first major element of the book is a chronology of Adventist history that begins with William Miller's conclusion in 1818 that the Second Advent of Jesus would occur about 1843 and extends through the Science and Theology Conferences of 2002-04. The interpretive introduction that follows places the emergence of Adventism within the context of the Second Great Awakening, describes the development of sabbatarian Adventism from its early opposition to church organization to its highly institutionalized and bureaucratically structured contemporary form, and examines the denomination's geographical expansion from a small North American sect to a global church. The dictionary entries that constitute the bulk of the volume address individuals, organizations, institutions, and doctrines that have been important in the history of the church, including dissident movements and individuals who have emerged as critics of the denomination

and its beliefs. Second, there are entries on the development and current situation of Adventism in many individual countries. Finally, thematic entries on such subjects as art, music, literature, health care, and women address other elements important to understanding church life. The dictionary entries are followed by a bibliography of scholarly and popular works published by the denomination, commercial and academic presses, and individuals and organizations.

The Acts of the Apostles in the Proclamation of the Gospel of Jesus Christ

In this investigation of the administrative structures of the Seventh-day Adventist church, Oliver examines the historical precursors of reorganization during the years of 1888-1903. He proposes reasons for the reorganization of the church in

1901-1903 and ascertains how the principles involved were related to soteriology, ecclesiology, eschatological vision, and the sense of mission in the church. Oliver makes applications to the continuously changing contemporary church.

Seventh-Day Adventists Answer Questions on Doctrine

Der Autor geht auf Fragen ein, die jeden Adventisten interessieren (sollten): Wie kamen die Adventisten zu den Glaubensüberzeugungen, die sie heute vertreten? Wie haben sich die Lehrauffassungen im Laufe der Jahre verändert? Würden die adventistischen Pioniere alle 27 Glaubenspunkte unterschreiben wollen, die heute von der Gemeinschaft der Siebenten-Tags-Adventisten als verbindlich anerkannt werden? George Knight bezweifelt das. Er legt in wohlthuender Offenheit die unterschiedlichen Strömungen innerhalb der Adventgeschichte dar und verdeutlicht, dass Adventgläubige nicht aufhören dürfen, Suchende und Lernende zu sein. So aufwühlend dies klingen mag, so beruhigend wird der Leser feststellen können: An allen untersuchten Beispielen wird erkennbar, wie wunderbar Gott die Adventgemeinde geführt hat. - How did Adventists come to believe what they believe? How have those beliefs changed over the years? With compelling candor George Knight captures the ebb and flow of the doctrinal currents within Adventism, including controversies over

the shut door, the law in Galatians at the 1888 General Conference, the Trinity, pantheism, Fundamentalism, the nature of Christ, and inspiration. The Adventist Church was founded by independent thinkers who would have disagreed with several of the church's current 27 fundamental beliefs. But over the years strength arose out of contention, and consensus out of debate. From William Miller to Desmond Ford, Knight catalogues the colorful personalities who shaped the discussion, and shows how God has led Adventism into a broader and deeper understanding of His eternal truth. - A Word to the Reader, A Note From the Author, List of Abbreviations, Chapter 1: The Dynamic Nature of "Present Truth", Present Truth: Fluid Rather Than Static, The Avoidance of Creedal Rigidity, The Pathway of Progressive Understanding, Chapter 2: Adventism Wasn't Born in a Vacuum, The Theological Roots of Adventism, Millennial Visions, Chapter 3: The Millerite Theological Foundation, Miller's Use of the Bible, Miller on the Second Advent, The First and Second Angels' Messages, The Seventh-Month Movement and the Great Disappointment, Chapter 4: What Is Adventist in Adventism? A revolutionary, collaborative approach to design and construction project delivery Integrated Project Delivery is the first book-length discussion of IPD, the emergent project delivery method that draws on each stakeholder's unique knowledge to address problems before they occur. Written by authors with over a decade of research and practical experience, this book provides a primer on IPD for architects, designers, and students interested in this revolutionary approach to design and construction. With a focus on IPD in everyday operation, coverage includes a detailed explanation and analysis of IPD guidelines, and case studies that show how real companies are applying these guidelines on real-world projects. End-of-chapter questions help readers quickly review what they've learned, and the online forum allows them to share their insights and ideas with others who either have or are in the process of implementing IPD themselves. Integrated Project Delivery brings together the owners, architect, engineers, and contractors early in the development stage to ensure that problems are caught early, and to address them in a collaborative way. This book describes the parameters of this new, more efficient approach, with expert insight on real-world implementation. Compare traditional procurement with IPD Understand IPD guidelines, and how they're implemented Examine case studies that illustrate everyday applications Communicate with other IPD adherents in the online forum The IPD approach revolutionizes not only the workflow, but the relationships between the stakeholders - the atmosphere turns collaborative, and the team works together toward a shared goal instead of viewing one another as obstructions to progress. The Ministry of Healing

Historical Dictionary of Seventh-Day Adventists

Before the entrance of sin, Adam enjoyed open communion with his Maker; but since man separated himself from God by transgression, the human race has been cut off from this high privilege. By the plan of redemption, however, a way has been opened whereby the inhabitants of the earth may still have connection with heaven. God has communicated with men by His Spirit, and divine light has been imparted to the world by revelations to His chosen servants. "Holy men of God spake as they were moved by the Holy Ghost." 2 Peter 1:21. During the first twenty-five hundred years of human history, there was no written revelation. Those who had been taught of God, communicated their knowledge to others, and it was handed down from father to son, through successive generations. The preparation of the written word began in the time of Moses. Inspired revelations were then embodied in an inspired book. This work continued during the long period of sixteen hundred years,—from Moses, the historian of creation and the law, to John, the recorder of the most sublime truths of the gospel. The Bible points to God as its author; yet it was written by human hands; and in the varied style of its different books it presents the characteristics of the several writers. The truths revealed are all "given by inspiration of God" (2 Tim. 3:16); yet they are expressed in the words of men. The Infinite One by His Holy Spirit has shed light into the minds and hearts of His servants. He has given dreams and visions, symbols and figures; and those to whom the truth was thus revealed, have themselves embodied the thought in human language. The ten commandments were spoken by God Himself, and were written by His own hand. They are of divine, and not of human composition. But the Bible, with its God-given truths expressed in the language of men, presents a union of the divine and the human. Such a union existed in the nature of Christ, who was the Son of God and the Son of man. Thus it is true of the Bible, as it was of Christ, that "the Word was made flesh, and dwelt among us." John 1:14. Written in different ages, by men who differed widely in rank and occupation, and in mental and spiritual endowments, the books of the Bible present a wide contrast in style, as well as a diversity in the nature

of the subjects unfolded. Different forms of expression are employed by different writers; often the same truth is more strikingly presented by one than by another. And as several writers present a subject under varied aspects and relations, there may appear, to the superficial, careless, or prejudiced reader, to be discrepancy or contradiction, where the thoughtful, reverent student, with clearer insight, discerns the underlying harmony. As presented through different individuals, the truth is brought out in its varied aspects. One writer is more strongly impressed with one phase of the subject; he grasps those points that harmonize with his experience or with his power of perception and appreciation; another seizes upon a different phase; and each, under the guidance of the Holy Spirit, presents what is most forcibly impressed upon his own mind—a different aspect of the truth in each, but a perfect harmony through all. And the truths thus revealed unite to form a perfect whole, adapted to meet the wants of men in all the circumstances and experiences of life. God has been pleased to communicate His truth to the world by human agencies, and He Himself, by His Holy Spirit, qualified men and enabled them to do this work. He guided the mind in the selection of what to speak and what to write. The treasure was intrusted to earthen vessels, yet it is, none the less, from Heaven. The testimony is conveyed through the imperfect expression of human language, yet it is the testimony of God; and the obedient, believing child of God beholds in it the glory of a divine power, full of grace and truth.

This book has been around a while. Since it was first published, a lot of other books about health have come and gone. Some of them have been bigger than this one, but none of them have ever been better. Perhaps you have noticed the explosion in diet and exercise publications.
