When the New York Dolls' bassist died suddenly at age 55 in 2004, he left behind not only their timeless music--and many thousands of fans and friends--but a memoir of the Dolls' early years. This distinctive and extroverted voice of an undisciplined showman is presented with an introduction and epilogue by his widow, Barbara. This up close and personal perspective of the band's early days and late nights--including an instance where he locks himself out of the studio in full drag while tripping on LSD--chronicles the glorious, glamorous era of high times, high drama, and low comedy that captures the music, the style, and the life of the all-too-brief existence of the New York Dolls.

Bill Cunningham

Vineland N.J. Centennial 1861-1961

Joliet once was a lush prairie bordered with scenic bluffs along the Des Plaines River. In the late 19th century, settlers and a large influx of Eastern European immigrants arrived, transforming the area into a bustling industrial community of steel, limestone, manufacturing, and transportation. In the 20th century, Joliet transformed itself from an industrial hub to a destination of entertainment and tourism. Tourism thrives as people visit the National Hot Rod Association drag strip, NASCAR track, two casinos, the JackHammers minor-league baseball team and baseball stadium, a water park, the historical museum, and library. Joliet depicts the rich cultural heritage impressed on the city and shows how the people lived and worked together, earning Joliet the title of All-American City in 1955 by the National Municipal League and Look magazine.

"Beautifully rendered and told, the book brings to life the work of a gifted 20th-century artist whose creative vision will always be in vogue." Kirkus Reviews, Starred review This is a moving and impassioned picture book about the iconic fashion photographer Bill Cunningham that will inspire young readers to go discover their own ideas of beauty and embolden the world with their own creativity! He found "sheer poetry" in the drape of an evening dress, delight in the swoosh of a knife-pleated skirt, and sartorial splendor in Jazz Age garb. Every day, Bill Cunningham pedaled his bike through New York City searching for beauty. As he took picture after picture, Bill found beauty not in people, but in their clothes. Drawn to bold and creative choices, Bill's photos captured the attention of the New York Times. He traveled to Paris for Fashion Week, and admiration for his work grew. With his sense of creativity and

daringness, his own personal style of photography came to be known as street art photography. His photos left a lasting impression on all those who came across his work and they continue to inspire creativity today. This is the story of the legend who created street fashion photography and left behind a legacy of glorious pictures. Bill Cunningham used his passion and talent to capture the beauty he saw in fashion and the ultimate freedom that it represents to each and every person. This is an inspiring picture book about finding your path and being creative.

"This official book of photographs houses the 50-year collection of the most iconic and beloved photographs taken by prolific fashion photographer Bill Cunningham, the King of Street Style. The iconic Bill Cunningham was known for wearing a blue work jacket and riding a bicycle around New York City as he captured cutting-edge street style (before street style was even a thing). He took pictures for The New York Times from 1978 until his death in 2016 and wrote the beloved columns "On the Street" and "Evening Hours," which began in 1989. This book will be an oversized collection of Bill's hallowed photography--a mixture of published and unpublished--organized by decade with essays by and about Bill's muses and subjects like Anna Wintour, Cathy Horyn, Vanessa Friedman, and Ruth La Ferla. Every fashion lover and fashionista--from NYC and beyond--will have to add this book to their collection"--

En arrivant à Paris, au début des années quatre-vingt-dix, Wang Du, né en 1956 à Wuhan, République populaire de Chine, ne parlait pas un mot de français " Paysage international ", premier choc, l'omniprésence des images : affiches publicitaires dans l'espace public, kiosques débordant de journaux, magazines gorgés de surfaces multicolores, flux télévisuel ininterrompu, boulimie de consommation cinématographique, saturation sonore Bref, un larsen permanent entre réalité et représentation. Alors, plutôt que d'ajouter d'autres images à ce déjà trop-plein, Wang Du puise dans la matière offerte, il fait subir à ces surfaces trop lisses, trop parfaites, trop éphémères un traitement radical et inversé : par un procédé laborieux et précis, avec une technique irréprochable de sculpteur, il les ramène à l'état de matière, leur donne un poids, un volume, en révèle les faces cachées, en exacerbe les effets de cadrage. Le peuple fantomatique de l'univers des médias prend corps, difforme, surdimensionné, inquiétant et dérisoire Wang Du est sans doute l'un des artistes dont l'œuvre capte avec le plus de discernement et

d'originalité cette problématique récurrente entre représentation et réalité. En agissant et en s'engageant avec une intensité rare, il offre une confrontation physique avec l'au-delà des écrans, il invite à traverser le miroir pour une promenade à la fois ludique et angoissante en compagnie des chiens et des monstres Une promenade comme celle proposée en 2004 par la Wang Du Parade, en quatre étapes dans quatre institutions d'art contemporain. En mimant les stratégies d'une campagne conquérante, cette exposition à visages multiples fait écho aux prises de positions conceptuelles, formelles et politiques de l'artiste mise en scène spectaculaire, utilisation du langage des médias par des dynamiques de circulation et de diffusion de l'information, renversement des valeurs de la société du spectacle. C'est à l'occasion de la Wang Du Parade, et des expositions Wang Du à Nantes et à Vancouver en 2005, que paraît cet ouvrage, première monographie consacrée à Wang Du qui porte un regard sur l'ensemble de ses œuvres depuis le début des années 1990.

Historic Preservation: Volume 16: Number 1

Johannesburg is most often compared with Sao Paulo and Los Angeles and sometimes even with Budapest, Calcutta and Jerusalem. Johannesburg reflects and informs conditions in cities around the world. As might be expected from such comparisons, South Africa's political transformation has not led to redistribution and inclusive social change in Johannesburg. In

Emerging Johannesburg the contributors describe the city's transition from a post apartheid city to one with all too familiar issues such as urban/suburban divide in the city and its relationship to poverty and socio-political power, local politics and governance, crime and violence, and, especially for a city located in Southern Africa, the devastating impact of AIDS.
