The Chosen One

The Am Spiegelgrund clinic, in glittering Vienna, masqueraded as a well-intentioned reform school for wayward boys and girls and a home for chronically ill children. The reality, however, was very different: in the wake of Germany's annexation of Austria on the eve of World War II, its doctors, nurses, and teachers created a monstrous parody of the institution's benign-sounding brief. The Nazi regime's euthanasia program would come to determine the fate of many of the clinic's inhabitants. Through the eyes of a child inmate, Adrian Ziegler, and a nurse, Anna Katschenka, Steve Sem-Sandberg, the author of the award-winning *The Emperor of Lies*, explores the very meaning of survival. An absorbing, emotionally overwhelming novel, rich in incident and character, *The Chosen Ones* is obliquely illuminated by the author's sharp sense of the absurd. Passionately serious, meticulously researched, and deeply profound, this extraordinary and dramatic novel bears witness to oppression and injustice, and offers invaluable and necessary insight into an intolerable chapter in Austria's past.

The fates, once determined, are inescapable. Akos is in love with Cyra, in spite of his fate: He will die in service to Cyra's family. And when Cyra's father, Lazmet Noavek—a soulless tyrant, thought to be dead—reclaims the Shotet throne, Akos believes his end is closer than ever. As Lazmet ignites a barbaric war, Cyra and Akos are desperate to stop him at any cost. For Cyra, that could mean taking the life of the man who may—or may not—be her father. For Akos, it could mean giving his own. In a stunning twist, the two will discover how fate defines their lives in ways most unexpected. MANY ARE CALLED, BUT YOU ARE CHOSEN. This book will equip you with prophetic insight and divine strategies that will jump-start you on the path toward destiny. There is a distinction between the called and the chosen, the many and the few. Who are these people? How did they get exclusive access to the favor of God? They are confident and prosperous, generous and joyful. They live in the realm of miracles and the supernatural, as if the very breath of God is on every decision they make in life. One season after the next they are catapulted to new levels in life. All they do is win and trample over challenges, disappointments, and attacks from the enemy, while others still remain at the starting line, awaiting breakthrough. In her book Michelle McClain-Walters shows readers just what this distinction is and how they can live in the fullness of their identity as God's chosen ones. Built on the words of Christ in John 15:16--"You did not choose me, but I chose you and appointed you so that you might go and bear fruit--fruit that will last--and so that whatever you ask in my name the Father will give you"--and Matthew 22:14--"Many are called but few are chosen"--Chosen is a revelation of the spiritual force behind the life of the next-level believer. Choose now and declare, "I am chosen!" and watch as the mysteries of heaven are opened to you. THE NATIONAL BESTSELLER New York Times bestselling author David Wong's *Zoey Punches the Future in the Dick* is the latest—and arguably greatest—sci-fi thriller in the Zoey Ashe Series. In the futuristic city of Tabula Raşa, Zoey Ashe is like a fish so far out of water that it has achieved orbit. After inheriting a criminal empire, the twenty-three year-old finds herself under threat from all sides as a rogue's gallery of larger-than-life enemies think they smell weakness. On the eve of the world's most lavish and ridiculous Halloween celebration, a steamer trunk-sized box arrives at Zoey's door and she is shocked to find that it contains a disemboweled corpse. She is even more shocked when that corpse, controlled by an unknown party, rises and goes on a rampage through the house. Speaking in an electronic voice, it publicly accuses Zoey of being its murderer. This is the kind of thing that almost never happened at her old job. The city was already a ticking time bomb of publicity-hungry vigilantes with superhuman enhancements and Zoey knows this turn of events is unlikely to improve the situation. Now, she and her team of high-tech tricksters have to solve this bizarre murder while simultaneously keeping Tabula Raşa from descending into chaos. “Biting humor and blatant digs at modern society overlay a subtly brilliant and thoughtful plot” (Publishers Weekly) in *John Dies at the End* author David Wong's first installment of the Zoey Ashe Series, *Futuristic Violence and Fancy Suits*. Now, “one of today's great satirists” (Nerdist) is back with *Zoey Punches the Future in the Dick*, the second installment in a “Technicolor tomorrowland.” (Kirkus Reviews)

After careful prayer, she joins forces with Jakob, and they quickly realize the need to bring in a third member for their team, an Arab investigator named Daud Hasan, based in Israel. To unravel the case, this team of investigators travels from the streets of Atlanta to the alleys of Jerusalem, a world where hidden motives thrive, the risk of death is real, and the search for truth has many faces. What they uncover will forever change their understanding of justice, heritage, and what it means to be chosen for a greater purpose.
