An Empty House

1903 saw The Adventure of The Empty House and the return of Sherlock Holmes to 221b Baker Street where he explains the deception of his death at the Reichenbach Falls to his faithful friend Dr John Watson. 2012 sees The Crime of The Empty House where the former home of Sir Arthur Conan Doyle, Undershaw, lies in disrepair and the threat of being destroyed forever. Commissioned by Sir Arthur Conan Doyle himself, Undershaw was witness to the creation of many of his most famous works, including The Hound of the Baskervilles and The Return of Sherlock Holmes. It is a building deserving preservation for the British nation, and indeed the world, for all time. Sadly, the building is currently under threat from the property developers who wish to divide the house into 3 separate units and build a further 5 alongside. Planning permission for development has already been approved by Waverley Borough Council. The Undershaw Preservation Trust (UPT), with Mark Gatiss [BBC Sherlock] as Patron, is dedicated to the preservation and protection of this important literary building and are campaigning to get this decision overturned, so the house can be restored to its original glory and enjoyed as the single dwelling Sir Arthur Conan Doyle intended it to be. This book is a collection of short Sherlock Holmes stories and poems written by fans from around the world in support of the Save Undershaw campaign - even the cover has been designed by fans. Royalties from the book go towards the UPT to preserve this wonderful house for future generations of Doyleans, Sherlock Holmes enthusiasts and literary fans of all kinds. More information on the Save Undershaw campaign can be found on their website: www.saveundershaw.com.

Empty House

Empty House explores the origins of Korean Zen and traces its history as a living tradition right up to the present day. While Chinese Zen was effectively wiped out by the Cultural Revolution, the Korean tradition maintains the original teaching style of the Lin Chi school. The primary teaching device still used in Zen halls today is the Hwadu. This means the Korean Zen tradition is closer to the original Chinese style in both method and spirit than its Japanese counterpart. Empty Houses explores the Hwadu teaching device and presents biographical materials on the most notable Korean Zen masters, together with selected teachings and poems.

Renowned city planner and housing advocate Alan Mallach assesses the problem of vacant properties in the United States and recommends mitigation strategies for local officials, nonprofits, and community leaders. Vacancies in the United States skyrocketed during the Great Recession. While many cities with robust demand for housing have recovered, the picture is very different in the nation's legacy cities--the former industrial centers of the American heartland. The examples in this report illustrate creative strategies to reduce the harm caused by vacant properties, jump-start housing markets in struggling neighborhoods, create the potential for future revival, and transform vacant properties into community assets.

The Adventure of the Dancing Men and Other Sherlock Holmes Stories

The Empty House is an illustrated poem about a derelict house somewhere out in the countryside. There is a strangeness about the old property that compels the writer to make frequent visits to it. I went to the empty house today, The house without a door, And all I saw were cracked panes And a dirty, broken floor. It appears that the old house has nothing to offer anymore as a means of shelter, but after further visits, the writer discovers that this is not quite the case.

The Full House and the Empty House

Poetry. In THE SILENCE OF AN EMPTY HOUSE, Maria Mazziotti Gillan comes to the limit of human experience, stares death in the face, and struggles to keep moving. These moments she faces and speaks of so clearly are unavoidable, and the long illness and death of her husband, Dennis, is her personal version of the fundamental struggle we all face. THE SILENCE OF AN EMPTY HOUSE speaks of forgiveness, guilt and grace. With courage and a stubborn refusal to look away from the terrors that surround her on so many levels, Gillan documents the parallels between our own struggles with mortality and the struggles being played out on the world stage today. From wars to climate change to the death of whole species to her own struggles with the deaths of her husband, family and friends, she makes each of these battles the reader's own, and gives order and meaning to those fundamental things that otherwise threaten to capsize us.

The Empty House

A story of contemporary Chile by one of its most prominent novelists, *An Empty House* depicts the dissolution of an upper-middle-class family against a chilling background of exile, return, and discovery. The stark and moving narrative suggests the enormity of the horrors perpetrated in Chile over the last decades, horrors that resonate through the culture to this day. Cecilia and Manuel accept her father's gift of a house, in hope of repairing their unraveling marriage along with the badly scarred building. Instead, the couple's efforts expose the horrifying truth about the building and reveal the subtle strands of complicity, responsibility, and indifference that bind them to each other, their country, and its dark past.
With its deftly drawn characters, play of ideas, and vivid dialogue, *An Empty House* gives English-speaking readers a memorable portrait of Chile today: honest, brutally realistic, but with a redemptive touch of lyricism and hope.
