The Doctrine and Covenants of the Church of Jesus Christ of Latter-day Saints

A New Witness for the Articles of Faith

The extent of Christ's atoning work on the cross is one of the most divisive issues in evangelical Christianity. In *The Extent of the Atonement: A Historical and Critical Review*, David L. Allen makes a biblical, historical, theological, and practical case for a universal atonement. Through a comprehensive historical survey, Allen contends that universal atonement has always been the majority view of Christians, and that even among Calvinist theologians there is a considerable range of views. Marshalling evidence from Scripture and history, and critiquing arguments for a limited atonement, Allen affirms that an unlimited atonement is the best understanding of Christ's saving work. He concludes by showing that an unlimited atonement provides the best foundation for evangelism, missions, and preaching.

Infinite Atonement

We know of many events that must occur before the Second Coming. But which of them will happen first? And which of them will happen last? One of the more difficult tasks when studying the Second Coming is determining the correct order in which these "signs of the times" are to occur. Richard Brunson's *Before the Second Coming* places each of these future events in their proper order so that we may look for them as they are happening.

Christ and the New Covenant

Soon to be a major motion picture The first close-up look at the hidden world of Somali pirates by a young journalist who dared to make his way into their remote havens and spent a year infiltrating their lives. For centuries, stories of pirates have captured imaginations around the world. The recent ragtag bands of pirates off the coast of Somalia, hijacking multimillion-dollar tankers owned by international shipping conglomerates, have brought the scourge of piracy into the modern era. Jay Bahadur's riveting narrative exposé—the first of its kind—looks at who these men are, how they live, the forces that created piracy in Somalia, how the pirates spend the ransom money, how they deal with their hostages, among much, much more. It is a revelation of a dangerous world at the epicenter of political and natural disaster.

The Seventy's Course in Theology

This special edition of the Lectures on Faith from Zion's Camp Books is formatted for convenience on an eReader, with more than 100 internal links to scriptures and citations. We hope it will give you a great reading experience! The Lectures on Faith were originally prepared as materials for the School of the Prophets in Kirtland, Ohio in 1834 and were included in the Doctrine and Covenants from 1835 to 1921. Although the Lectures on Faith have never been accepted as revelation by the body of the church (and so were removed from the Doctrine and Covenants in

1921), they contain important doctrinal insights that can help anyone seeking to learn more about faith and come closer to Heavenly Father and Jesus Christ. President Joseph Fielding Smith noted, “I suppose that the rising generation knows little about the Lectures on Faith. . . . In my own judgment, these Lectures are of great value and should be studied. . . . I consider them to be of extreme value in the study of the gospel of Jesus Christ.” (Joseph Fielding Smith, *Seek Ye Earnestly*. Salt Lake City: Deseret Book, 1970.) Elder Bruce R. McConkie of the Quorum of the Twelve Apostles has stated the lectures contain “some of the best lesson material ever prepared on the Godhead; on the character, perfections, and attributes of God; on faith, miracles, and sacrifice. They can be studied with great profit by all gospel scholars.” (Bruce R. McConkie, *Mormon Doctrine*. Salt Lake City: Bookcraft, 1966.)

Amazed by Grace

Accomplishing the Impossible

This book is composed as a series of letters. The letters are meant for a young Mormon who is familiar

with Mormon life but green in their faith. I imagined myself writing these letters to my own children and struggled, in relation to how we talk about things at church, to say my own piece about what it means to be as a Mormon free, ambitious, repentant, faithful, informed, prayerful, selfless, hungry, chaste, and sealed. The letters do little to benchmark a Mormon orthodoxy. That work belongs to those called to it. Here, my work is personal. I mean only to address the real beauty and real costs of trying to live a Mormon life. And I hope only to show something of what it means to live in a way that refuses to abandon either life or Mormonism.

The Infinite Atonement

Ye are the light of the world. A city that is set on an hill cannot be hid. Neither do men light a candle, and put it under a bushel, but on a candlestick; and it giveth light unto all that are in the house. Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven.--Matthew 5:14-16

President Harold B. Lee was recognized by church members as a dynamic speaker whose love for and understanding of the gospel of Jesus Christ was always evident in his actions and words. *Ye Are the Light of the World*, a companion volume to *Stand Ye in Holy Places*, brings together more of the powerful sermons and writings of this prophet of God. He speaks about the power of example and the need for the saints to be united in their faith, to do the right things for the right reasons, to always be a light and example to the world. He talks about love, family and the home, with special messages to youth to guide them in their dating and courtship. He gives commonsense advice for parents with special emphasis on keeping the family together through regular family home evenings. He speaks of all aspects of life for active church members, finally bearing powerful testimony to the divinity of the Savior and continuing revelation in the latter days. May all who read this powerful book listen to the wisdom of this beloved leader to continue to stand in holy places and always be a light unto the world.

Perspectives on the Extent of the Atonement presents a point-counterpoint exchange concerning God's intention in sending Christ to die on the cross. All three contributors recognize a substitutionary element in the atoning work of Christ, but disagree over the nature and objects of that substitution. Carl Trueman (Westminster Theological Seminary) argues that Christ's atoning work secured the redemption of his elect alone. While infinite in value, Christ's death was intended for and applied strictly to those whom the Father had elected unconditionally in eternity past. John Hammett (Southeastern Baptist Theological Seminary) argues that Christ's atoning work had multiple intentions. Of these intentions two rise to the fore: (1) the intention to accomplish atonement for God's elect and (2) the intention to provide atonement for all mankind. Grant Osborne (Trinity Evangelical Divinity School) argues that Christ's atoning work provided atonement generally for all mankind. The application of that atoning work is conditioned, however, on each person's willingness to

receive it.

Because of the Christ on Calvary

The author thoughtfully proves the infinite scope of the "great and last sacrifice," describing its power and breadth and explaining how Christ's atonement redeems all mankind. This edition is filled with stunning, full-color illustrations by James C. Christensen, Simon Dewey, Greg Olsen, Walter Rane, and many other artists.

Introducing a major new doctrinal work written by Elder Jeffrey R. Holland who shares his apostolic witness of the central figure of the Book of Mormon—the Lord Jesus Christ. For most of a decade, Elder Holland has read the Book of Mormon repeatedly and thoroughly, focusing on all references to the Savior and his teachings. The result is an intelligent observation and thorough study of the Book of Mormon's contribution to our understanding of Christ. On the illustrated edition: Elder Holland's classic examination of Jesus Christ as the "principal and commanding figure" in the Book of Mormon is now available as an illustrated keepsake. This landmark book explores what the Book of Mormon reveals about the character, attributes, and mission of our Savior. In his warm and thoughtful style, Elder Holland explains why, more than any other book, the Book of Mormon "has taught me to love the Lord Jesus Christ and to consider the full wonder and grandeur, the

eternally resonating power of the atoning sacrifice he made for us." Stunning full-color illustrations by Walter Rane, Robert Barrett, Simon Dewey, Joseph Brickey, and others bring vibrant new life to this beloved volume.

When questions seem to go unanswered, it can become a burden on belief rather than a catalyst for personal progression. In *Answers Will Come*, readers are invited to experience one woman's powerful journey from the depths of doubt to the rediscovery of the light of faith. Through personal narrative, sacred scripture, and the inspired words of Church leaders, readers are reminded that every believer's path to God is paved with questions. The Inevitable Apostasy and the Promised Restoration

Believing Christ

Christians agree that they are saved through the death and resurrection of Christ. But how is the atonement achieved in these events? This book offers an introduction to the doctrine of the atonement focused on the unity and diversity of the work of Christ. Johnson reorients current patterns of thought concerning Christ's work by giving the reader a unifying vision of the immensely rich and diverse doctrine of the atonement, offering a sampling of its treasures, and cultivating the desire to further understand and apply these riches to everyday life. Where introductions to the atonement typically favor one aspect of the work of Christ, or work with a set number of themes, aspects or theories, this book takes the opposite approach, developing the foundation for the multi-faceted nature of Christ's work within the being of God himself. It offers a grand unifying vision of Christ's manifold work. Specific elaborations of different theories of the atonement,

biblical themes, and the work of different theologians find their place within this larger rubric.

What Seek Ye?

From the Booker Prize winning author of *Amsterdam*, a brilliant new novel. On the hottest day of the summer of 1935, thirteen-year-old Briony Tallis sees her sister Cecilia strip off her clothes and plunge into the fountain in the garden of their country house. Watching her is Robbie Turner, son of the Tallis's cleaning lady, whose education has been subsidized by Cecilia's and Briony's father, and who, like Cecilia, has recently come down from Cambridge. By day's end, their lives will be changed - irrevocably. Robbie and Cecilia will have crossed a boundary they had not imagined at its start. And Briony will have witnessed mysteries, seen an unspeakable word, and committed a crime for which she will spend the rest of her life trying to atone... Brilliant and utterly enthralling in its depiction of love and war and class and childhood and England, *An Atonement* is a profound - and profoundly moving - exploration of shame and forgiveness, of atonement and of the possibility of absolution.

Atonement

This collection of some of Elder Holland's most memorable recent talks inspires readers to maintain hope amidst personal trials, suffering, and family struggles by riveting their attention on the Savior who has the power to heal.

Atonement: A Guide for the Perplexed

About two thousand years ago a mysterious white man walked from tribe to tribe among the American Nations. He came to Peru from the Pacific. He traveled through the South and Central America, among the Mayans, into Mexico and all of North America, then back to ancient Tula, from whence he departed across the Atlantic to the land of his origin. Who was this white Prophet who spoke a thousand languages, healed the sick, raised the dead, and taught in the same words a Jesus Himself? These are true Indian legends, gathered during twenty-five years of research by L. Taylor Hansen, archeologist and writer, from many different tribes all over the Americas. By consulting museums, libraries and experts on folklore, it has been possible for her to correlate the findings into this fascinating book, backed up by the spades of the diggers into ancient ruins. This is a book that will back up the New Testament of the East, with the Christian Indian legends of the West. In this book is proof that a mysterious healer and prophet came not only to one continent, but to Pacific Islands and the Americas as well. This book will strengthen your faith as no other could! Now, back in print in this paperback edition

after more than 20 years! Did a strange miracle man travel, with the help of a Phoenician fleet, around the world about 2000 years ago-voyaging across the Pacific from Indonesia and then returning to the Mediterranean? Hansen tells us: Yes!
