Graveyard Scavenger Hunt

Pete is stuck with his weird grandparents for a whole week. To make matters worse, they live next door to a creepy old graveyard. After going in the graveyard alone one night, Pete finds himself face-to-face with a living skeleton, Benny "Bones" Barton. The only way for Pete to leave the graveyard is to win Benny's game, a scavenger hunt. Worse yet, if Benny wins, the dead get to come back to the living world. And Benny is a trickster and a cheater.

Hyperwar

The Hyperwar era is upon us. The fusion of distributed artificial intelligence with highly autonomous military systems ushers in a type of lightning-quick conflict that has never been seen before. Yet this is more than a revolution in military affairs, it is a revolution in human affairs that will transform the 21st century defense and security environment. Advances in AI will fundamentally change the human condition, and with it, a profoundly human undertaking, war. In *Hyperwar: Conflict and Competition in the AI Century*, leading experts in artificial intelligence explore the operational, technological, ethical, and professional military dimensions of this new era in which US dominance is no longer assured.
